Hi Dan,

Thank you for organizing the Friends of Selma Park meeting; I'm excited about the different possibilities. As you know, If you drive by the school, you will notice the numerous tents, shopping carts, and homeless sleeping several feet away from the main entrance of the school. I have received many complaints from Selma and charter parents as well as I have been approached by several community members. I seek your help in resolving this issue by helping to keep our block free of debris, tents, and homeless folks blocking the path to school. I have requested additional support from school police with limited results. Please let me know how we can work together to improve the safety of the Selma Community.

I appreciate your time and consideration.

Thank you,

Glendy

Hi Daniel

It was nice to see you at the Hollywood Entertainment District offices last week to talk about the Selma Park

I am very happy to see that there will some positive changes to the park in the near future

My supervisor **Audrie Echnoz** Executive Director of the Hollywood YMCA was not able to make but

I will be great if you can add me and her to the future meeting about the park

Her email address is AudrieEchnoz@ymcala.org

Thank you for your time and leadership

See you next month

Dan,

Jannet Jara told me that you held a meeting on SELMA PARK this week.

As the owner of our building was here, Jannet was unable to attend.

I knew nothing about the meeting.

Kindly provide us with a summary of what was discussed and resolved.

Thank you.

Hi all – would it work for you if we hold this meeting in HOLLYWOOD (not Echo Park) so we could actually go to the location itself?

Please let me know. Thanks!

Hope you had a good holiday, Daniel.

Mine was delicious and refreshing.

JANNET JARA, our apartment manager, just told me of a proposed date for a meeting regarding SELMA PARK.

Regrettably she'll be on vacation out of the country until January.

Please contact her for a date that will work.

Thank you.

Hi Jannet,

It was a pleasure speaking to you just now. As promised, I am CCing my counterparts in Hollywood: Steve Houchin (Neighborhood Prosecutor) and Officer Paul Jordan (LAPD Senior Lead Officer).

Officer Jordan and Steve are liaisons to your community along with myself.

We are working to address the concerns that have been raised regarding Selma Park, and we would be happy to come meet with you and some of your interested residents.

Would you be available to meet with us on **Tuesday, December 13th at 1:30 PM?**

HOLLYWOOD FIELD REPORT
NOVEMBER 28 – DECEMBER 2, 2016
FIELD DEPUTY DAN HALDEN

Meeting: Central Hollywood NC

Monday, November 28th

I attended the monthly board meeting of the CHNC and gave a report on various items. I also stayed for the bulk of the meeting to discuss our office's support of a proposed temporary PPD application on two blocks of Cahuenga, between Fountain and Lexington. The board voted to write a letter of support for the PPD.

Meeting: Anthony Conley

Tuesday, November 29th

I had a field meeting with Anthony Conley, a constituent in Hollywood who is a new board member of the Hollywood Studio District NC. I met with Anthony in his neighborhood to discuss some beautification possibilities, parking enforcement issues, etc.

Meeting: Travis Wester

Tuesday, November 29th

I had a field meeting with Travis Wester, a constituent who lives on Hawthorn Aveune and whose daughter attends Canyon School, also located in our district. Travis and I have corresponded regarding various issues over the years and I wanted to sit down with him to discuss how things are going in more depth. Travis is particularly interested in Selma Park, which he used to frequent with his daughter.

Meeting: Montalban CUB Renewal

Tuesday, November 29th

CR and I met with LAPD Vice and reps from the Montalban to discuss their pending CUB renewal. They are requesting to transfer from beer/wine to a full line of alcohol. I requested that they go before CHNC and meet with the residents of Triangle Square prior to their hearing in January.

Event: Salvation Army Open House

Tuesday, November 29th

I attended the open house hosted by the Salvation Army in advance of their partnership with the Greater West Hollywood Food Coalition, beginning in January.

Event: Hollywood Chamber of Commerce Entertainment Conference

Wednesday, November 30th

I staffed MOF at this event.

Meeting: Selma Park

Wednesday, November 30th

MSR and I held a meeting at Selma Park with various City departments. I can provide more details as needed.

Meeting: Street/Sidewalk Closure Committee
Thursday, December 1st
I held the monthly meeting. Three items were presented, none of them major closures. All were approved.

Meeting: HOPE Team
Thursday, December 1st
I met with Captain Palka, NP Steve Houchin, the West Bureau HOPE Team and various stakeholders to discuss the HOPE Team's work and specifically its progress so far in Pacific Division with an organization called the Homeless Task Force, which has been very successful in providing shelter and housing for homeless individuals.

Meeting: Hollywood Property Owners Alliance
Friday, December 2nd
I met with the BID for our monthly get-together. I can provide details as needed.

Meeting: Hollywood/Highland Public Safety Initiative
Friday, December 2nd
MOF, DG, SP, AY and I met with LAPD, City Attorney, CLA, the BID and Chamber to discuss the H/H Public Safety Initiative. I can provide details as needed.

Good morning, all:

I'm writing to you regarding Selma Park, a pocket part in Hollywood at the corner of Selma and Schrader. As I believe you know, recently our office has received several complaints and concerns from the surrounding neighbors regarding issues in the park.

I'd like to arrange an "all hands on deck" meeting to discuss these issues and concerns, and to brainstorm possible remedies.

I am requesting attendance from the following agencies/organizations at this meeting:

LAPD
Officer Paul Jordan

City Attorney
Steve Houchin, Strefan Fauble (City Attorney for Rec and Parks)

Recreation and Parks
Sophia Pina Cortez, Jose Monge, Albert Torres

Please let me know your availability during the following days:

Tuesday 11/29 - BETWEEN 10:00 AM and 5:00 PM
Wednesday 11/30 - BETWEEN 10:00 AM and 5:00 PM

I look forward to hearing from you.

HOLLYWOOD FIELD REPORT
DECEMBER 5 – 9, 2016
FIELD DEPUTY DAN HALDEN

Meeting: Greater West Hollywood Food Coalition
Monday, December 5th
MSR and I had a meeting with Tim Deegan and Sherry Bonanno of the GWHFC to discuss their upcoming feeding program at the Salvation Army Hollywood campus. I can provide more details in person.

Meeting: WeWork Hollywood
Monday, December 5th
CR, AA and I staffed MOF at this tour of the WeWork Hollywood creative office campus.

Meeting: 1611 Schrader Blvd Property Management & Neighbors
Tuesday, December 6th
I met with the property managers and residents of 1611 Schrader Blvd, an apartment building next to Selma Park, to discuss issues at the park.

Meeting: Columbia Square
Tuesday, December 6th
CR and I had a meeting at the new Columbia Square residential tower to see the community room and other facilities. The community room is now open for neighborhood council (and other) meetings.

Meeting: Hollywood Wayfinding Signage Project
Tuesday, December 6th
I had a meeting with the Hollywood BID and other stakeholders – the first of several "steering committee" meetings – to discuss the three concurrent wayfinding signage projects in Hollywood. There will be several more meetings over the next few months to help design and implement the project.

Meeting: Hollywood Historic Trust
Tuesday, December 6th
CR and I went to the quarterly meeting of the Hollywood Historic Trust. We discussed various issues including our desire to repair the Hollywood Blvd bump outs and to seek alternatives to terrazzo along the Walk of Fame.

Meeting: Run to Remember 2017
Tuesday, December 6th
I met with the organizer of the Run to Remember, which will be held on February 12, 2017. This is the second annual event in Los Angeles, and will follow the exact same route as last year, beginning and ending at the Grove. It winds through CD4, CD5 and CD13.

Meeting: Stuart Bell
Wednesday, December 7th
I met with Stuart Bell, a resident at The W in Hollywood, who had some traffic-related concerns on his street. I will follow up accordingly.

Meeting: Triangle Square Residents
Wednesday, December 7th
I met with about 20 residents at Triangle Square to discuss the ongoing *Star Wars* street closure as well as other issues of concern. It was a very positive meeting.

Meeting: Iguana Clothing
Wednesday, December 7th
I met with the owner of Iguana Clothing on Hollywood Blvd who had contacted me regarding *Star Wars* as well as some other quality of life questions and concerns.

Meeting: First Baptist Church re: Safe Routes to Schools Project
Thursday, December 8th
I met with the owner of the First Baptist Church, along with BOE engineers, to discuss the Safe Routes to Schools project on Selma Avenue, specifically the proposed bump out at the SE corner of Selma and Las Palmas. Per the property owner's request, the bump out will be comprised of decomposed granite with one or two trees, since that is easier to maintain than landscaping.

Event: Dolores Mission School – Hollywood Museum
Thursday, December 8th
I represented MOF at the annual visit by the Dolores Mission School to the Hollywood Museum. I presented two certificates on MOF's behalf.

Meeting: Stephen Fletcher
Friday, December 9th
I met with Hollywood resident Stephen Fletcher, who lives at Franklin Place and Las Palmas Avenue. "Fletch" moved here a couple of years ago and has gotten very involved in the neighborhood. I will follow up with him on various items.

Dear Dan:

Hope you're enjoying your holidays.

Things are getting worse at Selma Park.
Today 2 white men got into a fight.
It would have been pointless to call 911
because it was soon over.

Such violent eruptions, along with shouting matches
continue to disrupt the quiet of our residential area.

Maybe we should convene a meeting of the LA Council
on Selma Avenue to see what the MAYOR and elected officials
will do to address the plight of the homeless.
Dumping them in our neighborhood is not working.

Our councilmember deserves our support – as the media is off to the races with a story they have misconstrued.

The media has picked up on a motion introduced by the Councilmember to explore how to limit access by adults to a children's play area.

http://clkrep.lacity.org/onlinedocs/2016/16-1456_mot_12-14-2016.pdf

They obviously are not aware of the situation we are facing in Selma Park, ever since a "community activist" demanded that the children's play area signs be taken down in half of the park. It has become a neighborhood nuisance, and no one wants to use the park – adults or children.

The media is very critical of Mitch's motion. See LA Times editorial today

http://www.latimes.com/opinion/editorials/la-ed-playground-ban-20161227-story.html

and a piece of bad reporting on KTLA today

http://ktla.com/2016/12/28/l-a-considers-playground-ban-on-single-adults/

Please take a moment to write a letter to the LA Times expressing support for what Mitch is trying to accomplish. They have missed the point entirely, and are not aware of what is happening here in our only park in Hollywood. We will be submitting one on behalf of both BIDs. We are also using social media to counteract this, and posted a photo from today, which shows at least 20 people lying around in the park today. This is not the ideal place to come and play chess, or "eat a donut," as the Times editorial suggests.

Here are instructions:

It's not even 7:30AM and there's a CREW outside our MANSON apartment windows

with a JACKHAMMER breaking up stone work TAXPAYERS PAID FOR around the TREES

in SELMA PARK.

Daniel, you've enjoyed your HOLIDAY VACATION.

PLEASE TELL ME TODAY what is going on.

And why so EARLY.

The homeless have NEVER BEEN SO LOUD or SO DISTURBED our tenants

as your CREW!!!!!

The entire SOUTH SIDE of our building is being FORCED AWAKE.

Thank you.

Apparently whoever designed SELMA PARK and put cement rings

around the trees didn't know what they were doing, Dan.

The rings were hurting the trees.

The PARKS Department came in and jackhammered the rings

so the trees can grow properly.

Homeless encampment Schrader / Selma area

Kevin Landa Fri, Jan 6, 2017 at 5:12 PM
To: Daniel Halden <daniel.halden@lacity.org>
Cc: Michele R Landa Melissa GeigerSchrift >, Coach Jay

Dear Dan Halden CD13,

There is an ongoing homeless encampment on Schrader and Selma. It also involves drug use with needles and other public health issues.

Can someone please reach out and offer services to the people and and clean and sanitize the sidewalks , park and area.

The homeless are not removing their belongings...and belongings remain on the sidewalk 24 hrs a day.

One of my kids goes to Larchmont charter middle school on Selma campus. Walking to school there is not as safe as it should be and now many avoid it if possible.

Selma Park that used to be a great pocket park and was attended by local parents daily in the past ... now is toxic and unsafe.

In the evening it has been very unsafe walking in that area and going to from the YMCA is a gauntlet of tents , debris and feces/urine.... at this point many avoid walking there especially at night and even teachers are instructed not to walk alone....
The recent crime reports reflect some of this as well...
It's often I see police and bid security, loud arguments among the transient group and my kids have witnessed these confrontations as well.

Please do what you can and what resources you have to provide some safety and balance to that area. Please offer resources and services to the people experiencing homelessness. Please ask the city to provide resources to the community for public health, safety and clean up of the surrounding area / sidewalk.

Please forward this note to the LAPD Senior Lead Officer for the area as well as I don't have their contact information.

Thanks
Kevin

Committee Notes – Joint Meeting
Security Committee- Hollywood Entertainment District, Sunset and Vine BID
December 14, 2016
6562 Hollywood Blvd

Attendance: **HED Committee Members present:** John Tronson. Not present: Carol Massie, Frank Babich, George Younan, Derrick Malec, Monica Yamada, Chad Lewis, Brian Johnson. **SVBID Committee Members present:** Fred Rosenthal, Fabio Conti, Bill Humphrey, Anthony Bell. Not present: Leah Clement, Anthony Bell. **Liaisons:** Steve Seyler, John Adams, Kai Nam, Bill Farrar, Max Moore, Andrews International. **Staff:** Kerry Morrison, Joseph Mariani. **LAPD:** Senior Lead Officers Joe Eubanks, Irv Isabella, Paul Jordan. Guests: Celina Alvarez, Housing Works; Alex Davis, The Center at Blessed Sacrament; Susan Dutra, My Friend's Place; Shelby Winston, Madame Tussaud's Hollywood; Aram Haroutonign, Harts Café; Mike, Hot Rock.

I. Call to Order: The meeting was called to order at 10:05 a.m.

II. Public Comment: There were several local businesses present who presented concerns to the committee regarding the food trucks that have overtaken a few parking spots every single day. The business owners that spoke indicated that vehicles will "reserve" those spaces as early as 3 a.m. so that the food trucks can swoop in. Morrison indicated that this has been a top priority in her regular meetings with the council office at city attorney/neighborhood prosecutor. In fact, due to the good work of one of the employees at Hollywood Hot Rock, license plates were captured over the past month and the city attorney was able to document the flagrant violation of laws. One of the cars had received 73 tickets over six months; a second vehicle had received 35 tickets over 90 days. She said that her staff is researching whether there are nay examples of "scofflaw laws" in this country that could be considered for LA. She asked for additional time to work with the city on solutions.

John Tronson asked Joe Mariani to go ahead and report on the city's accelerated plan to pass a sidewalk vending ordinance, since that was pertinent to the discussion regarding the food trucks. Mariani informed the board that he had attended the LA City Council's Public Works and Gang Reduction Committee hearing on Monday (12/12) where the committee reviewed the proposed framework to legalize sidewalk vending in Los Angeles. Mariani spoke during public comment at the meeting and informed the council members that the two BIDS are asking for a clear and concise opt out option for communities that are not geared to support sidewalk vending. Currently the committee is considering and "opt out" option to be included in the framework with a 20% threshold. What the threshold is comprised of at this point is still up for discussion. The committee is proposing 20% of businesses or property owners as the requirement. The City is putting the item on the fast track for a approval and as it stands now would be considered in January before City Council. Mariani said he and Morrison we will be working on letters to Councilmember O'Farrell to express the BIDs concerns with the framework and reiterate the importance of an "opt out" option.

III. Meeting Notes: Apologies from the staff, there were no meeting notes assembled after the November meeting.

IV. Reports

A. Staff Report:
   a. Homeless Issues
      i. Encampments: Morrison reported that the BID and the LAPD continue to struggle with several homeless encampments that have cropped up. In particular, there is a concentration of people who have started living at Cherokee and Selma, and also Selma Park has become an encampment and has become a

very intimidating place for children and families to visit. With respect to Selma Park, she indicated that after a meeting with city officials, it has been determined that the park will be closed for reseeding of the grass and the implementation of repairs. While that is underway, staff will organize various organizations and schools to come together to activate the park for children and families: Selma Elementary School, Blessed Sacrament, the YMCA, PAL and others.

ii. County Sales Tax: Morrison briefed the committee on action taken last week by the LA County Board of Supervisors. They voted: (1) to declare a state of emergency in the county with respect to the homeless situation; and (2) to place a ¼ cent special sales tax on the March ballot to raise $355 M a year for 10 years for homeless services. Both BID Boards will be asked as to whether they would like to add their name to the list of endorsing organizations.

iii. Salvation Army/Greater West Hollywood Food Coalition: Morrison briefed the board on the plans announced by the SA on October 28 that they are proceeding to invite the GWHFC to feed on their property, five nights a week, starting Jan 1. Morrison described some recent meetings on this topic, including an Open House organized by the SA on November29, 2106 in which virtually all of the neighboring owners showed up. Concern was expressed that the SA proceeded to consummate this arrangement with no discussion with their neighbors, despite repealed assurances that this would occur.

b. Street Character issue. Joe Mariani reported that he had attended another meeting to work out logistics related to the city plan to distribute 20 passes a day to individuals wanting to pose as street characters for tips in the zone from Highland to Orange. There are still a number of key issues to work out including:
   i. Who would distribute the passes each day?
   ii. How would behavior be punished if the character violates the rules – especially if there is no expectation that a name is collected at the time a character receives a pass?
   iii. What would happen if characters ignore the rule?

Mariani also asked that if the BID served as the distribution agent for the passes the HPOA would need to be fully indemnified by the City before an agreement is signed. The topic is still being discussed at the City level and more information should be available in January.

B. Andrews International: Steve Seyler presented the report for the period 11-1-16 and 12-4-16 and shared some highlights. He said that calls for service had leveled out. He introduced the outreach worker, Max Moore, who has been brought on for a pilot period to do actual on-the street outreach and engagement with the homeless population in both BIDs. Max shared two success stories of intervention: one involving a 73 year old woman who had been living on a bus bench near AMDA, and a second involving a former Superman street character who had succumbed to drug addiction.

C. LAPD: The senior lead officers who attended on behalf of LAPD expressed some of the challenges they are facing with respect to homeless encampments. In particular, in instances where individuals are clearly separating their trash from private belongings, the Dept. of Sanitation is refusing to pick this up. The committee generally discussed the current crisis in the city and the fact that there are no longer any adult shelter beds in Hollywood.

V. New Business: Morrison advised the committee that it has been customary at the end of the year for the HPOA board to set aside some remaining contingency dollars to provide small grants to local nonprofit partners who are resources with respect to homelessness. The three organizations, Housing Works, My Friend's Place and The Center at Blessed Sacrament presented a summary of their operations and how the grants from 2015 were able to support their work in Hollywood. John Tronson indicated that the board will be considering similar allocations at their meeting the next day.

VI. Next Meeting: The next meeting is tentatively scheduled for January 11, 2016.

VII. Adjournment: There being no further business the meeting was adjourned at 11:20 a.m.

MAYOR ERIC GARCETTI

Los Angeles City Hall

Dear Mayor Garcetti:

I live next to the Los Angeles Gay & Lesbian Center.

On our apartment building's south side is SELMA PARK.

When you were our district councilman you approved creation of Selma Park.

Among the designs you approved were for the planting of several trees

and their being encircled by concrete rings.

The CITY PARKS Department has now discovered that these concrete rings

are DAMAGING the trees.

This morning a crew with jackhammers began breaking up the concrete

EARLIER than the legal noisy work start time of 7:30AM.

The tenants on the 3 stories of our building's south side were forced awake.

We had NO ADVANCE NOTICE of the work.

Selma Park and several blocks of SELMA AVENUE have recently become

enclaves of our homeless citizenry.

What is the City of Los Angeles doing to assist these taxpayers and sometimes

VOTERS?

Thank you.

HOLLYWOOD FIELD REPORT
JANUARY 9 – 13, 2017
FIELD DEPUTY DAN HALDEN

Meeting: Hollywood Studio District NC

Monday, January 9th

I attended the monthly HSDNC meeting to give my report. I also stayed for most of the meeting to hear an item the board was considering regarding homeless feeding on the public right-of-way. There was significant stakeholder opposition to the Resolution that was in front of the board. The item was sent back to the NC's ad hoc committee on homelessness.

Meeting: Hollywood Blvd Food Trucks

Tuesday, January 10th

I had a meeting with County Health, LAPD, LADOT and City Attorney to discuss the ongoing matter of food trucks illegally parking on Hollywood Blvd. Last week, one of the regular vendors was suspended for at least two weeks due to multiple health code violations. There is now a stronger relationship with County Health than there has been in the past, and we are getting good responsiveness from the agency.

Conference Call: EaCa Alley

Tuesday, January 10th

AY and I had a conference call with City Attorney and BOE to discuss EaCa Alley. I can provide details as needed.

Meeting re: Tour Bus Parking

Tuesday, January 10th

I had a meeting with Brandon Helfer and Scott Sanchez of Proper Parking, a company in Hollywood that operates tour bus coaches and also manages several parking lots. They are the long-term tenant of a lot at Franklin/Highland on the CD4 side. They are currently applying for a CUP that would allow them to pave the site and formalize it as a parking lot. Assuming they get the CUP, they are also interested in leasing some of the spaces for monthly rentals by tour buses. This would allow us to remove the staging area on Hawthorn Avenue, a major request from Hollywood High School.

Since the location is in CD4, I connected with them and provided the contact information for Proper Parking. On the matter of the CUP, I deferred the issue to them but briefed them of our interest in resolving the tour bus issue.

Meeting re: Stratford School Parking

Wednesday, January 11th

I had a meeting with LADOT and Stratford School, located at 1200 N Cahuenga Boulevard (kitty corner from Hollywood Recreation Center). We are going to replace the "No Parking

Homeless woman from Selma/Schraeder park found in students school bathroom.

Furthermore, it should also be noted that on Dec 15th or 16th, a homeless woman jumped the fence to take shelter from the rain in one of the school bathrooms, whereupon two 6th grade female STUDENTS encountered her partially in a state of undress (according to my daughter) as she was likely trying to dry herself off. The woman was agitated and unpleasant to the girls who then notified staff. The woman changed her tune when the principal confronted her, apologizing, saying she thought the school had already gone on the holiday break. Police were summoned, as they happened to already be on school grounds delivery gifts to the students of Selma.

Today there was a man with a black beanie pulled down over his entire face, screaming obscenities as students had to walk past him to enter school property. This is frightening for children and parents. We don't feel safe outside the gates and now we have concerns about our children's safety inside the campus.

This is a serious safety matter and I just wanted to be sure our concerns were expressed in writing.

Sincerely,
Melissa Geiger Schrift

MAYOR ERIC GARCETTI

Los Angeles City Hall

Dear Mayor Garcetti:

I live next to the Los Angeles Gay & Lesbian Center.

On our apartment building's south side is SELMA PARK.

When you were our district councilman you approved creation of Selma Park.

Among the designs you approved were for the planting of several trees

and their being encircled by concrete rings.

The CITY PARKS Department has now discovered that these concrete rings

are DAMAGING the trees.

This morning a crew with jackhammers began breaking up the concrete

EARLIER than the legal noisy work start time of 7:30AM.

The tenants on the 3 stories of our building's south side were forced awake.

We had NO ADVANCE NOTICE of the work.

Selma Park and several blocks of SELMA AVENUE have recently become

enclaves of our homeless citizenry.

What is the City of Los Angeles doing to assist these taxpayers and sometimes

VOTERS?

Thank you,

Romulus Zamora

Greetings:

Please find attached the Sidewalk Repair Program Tracking Log.

The log is generated by the Sidewalk Repair Program Database and shows the status of sidewalk repair and curb ramp installation sites from several sources including City facilities, sites sourced from the Department on Disability, sites with repairs funded by CDBG and Prop 1C funds, and sites reported by Council Districts.

As always, the sidewalk repair program welcomes a dialogue with Council Districts to ensure accuracy of the data.

Best,

Carl

Hello Ms. Rodriguez

My name is Travis Wester, a stakeholder in CD13, and I was hoping to ask for your advice on how to move forward with a plan to install a shade structure for the playground in Selma Park (corner of Selma and Schrader).

I spoke to Ryan Carpio last night and he said I should contact both the Planning, Construction, and Maintenance Branch of Parks & Rec and yourself regarding the matter. I've checked the list of projects both in design and in construction and it doesn't look like anything is in the works for Selma, but I would be very interested in doing what I could to get some shade for my daughter and her friends.

Would it be possible to put together a mix of public funding and grant money to get it done? Perhaps some fundraising as well (The Y across the street uses that park too)? I've never tried to move forward with anything on this scale before (closest I've come is to get the curb on Orange opposite In-N-Out painted red so cars can pass on the right... small potatoes). Any direction towards who to speak to in Parks & Rec or any other advice you can offer would be greatly appreciated!

Oh, and my wife and I took our daughter (three years old) to the Family Resource Day your office facilitated a couple weeks ago. Great event! Well done.

Thank you for your help!

one,
Travis Wester

There's no director because it's a little pocket park. I can submit a request to RAP. Do you remember how much the shade structures at Silver Lake Dog Park cost?

Right, but I'm sure there is a supervisor who is not on-site, but the park is in their oversight? Or it is just maintenance?

i think it was $5K

Hello,

I live in Hollywood and I love all the great things that you have been working on and wanted to know about green space and parks. I see lots of buildings going up and no where for the kids that live there to play and no updates to the local parks either, such as De longpre and Selma. It would be great to see at least some improvements for my kids (3 active boys) to play and be active and for all the new kids coming into the area. Childhood obesity is still a serious concern and we cannot turn away from the need for places to congregate and play for adults and kids alike.

Thanks for listening,

Danielle Arce

Hi Danielle,

I hope all is well. Your email came through while I was out of town; sorry for the delay in response.

Selma Park is located in CD13, but De Longpre Park is located in CD4. I'm copying CD4 deputy Nikki Ezhari who can provide information on De Longpre Park.

I'm not aware of planned updates for these two parks. Is there something you had in mind?

Regarding the buildings going up in the area: a lot of developments do have "open space" requirements and provide features like dog runs, playground, etc.

Thanks,

Selma Park

Hanson, Dian <d.hanson@taschen.com> Tue, Sep 20, 2016 at 10:47 AM
To: "daniel.halden@lacity.org" <daniel.halden@lacity.org>

Dear Mr. Halden-
I am a citizen of Hollywood and a member of the Hollywood YMCA for 14 years. In the last year there has been a serious change in the managing of Selma Park, at the corner of Selma and Schrader, across from the Y. This pocket park is where day care children from the Y are taken to play in the summer, but lately the park has become home to 8 to 10 homeless people at all times of the day. They camp, drink, play music, change their clothes, smoke weed, spread garbage, and of course, relieve themselves. Many use this as their home base, and the locker rooms at the Y as places to shower, hang out and charge their city-issued cell phones. We at the Y are pretty unhappy about these obviously unhealthy and often inebriated people spending hours in the locker rooms where we bathe and change clothes, but Selma Park is the real vector. In the past police regularly patrolled the park and removed the homeless. There has been no sign of any police intervention in the last year and a solid community of homeless has evolved and entrenched, causing a serious local hygiene problem.
I want to know if community leaders have decided to turn Selma Park over to the homeless, if police have been told to leave them alone. If so, the council needs to take responsibility and provide the park with toilets, showers and more trash barrels. I would also suggest making a separate entrance to the children's play area of the park, so that the Y kids don't have to be led through the mounds of trash and a homeless camp to get to their playground.
And yes, I am a writer and editor for a publishing company, Mr. Halden, but would rather get this addressed through city government channels than go on an editorial rampage.

Dear Mr. Halden-
Friday there were 14 men in the park at 10:00 am, many shirtless and inebriated. This morning there were even more. They've gotten through the gate into the children's play area as of Friday. Attached are two photos from Yelp of men in the locker room at the YMCA, which is now getting low ratings due to the homeless issue, one showing how they store their possessions in the lockers and one of men sleeping on the floor. Worst is that Selma Park is adjacent to Selma Elementary school. The city has built the wonderful affordable housing complex for teachers at the corner of Selma and Cherokee, but how many families will want to live in a neighborhood overrun by intimidating vagrants? I really hope your office can take note and help with this.

For specific mental health issues, the County Department of Mental Health (DMH) has a Homeless Outreach & Mobile Engagement (HOME) team that responds to those sorts of calls: http://file.lacounty.gov/SDSInter/dmh/186286_HOMEBrochure10-08.pdf More information can be found in that document including the 24-hour hotline.

Dear Dan,

NOTHING has happened since we spoke.

Jannet Jara, our assistant manager, told me that some officers would come to meet here about the situation.

That has not occurred.

Meantime, SELMA PARK hosts a homeless community of about a dozen people daily.

They have been peaceful. One of the managers at the YMCA told me that some of them use their property as a public bathroom.

I'd like to have us take the next step.

Please tell me how I may now be of assistance.

Thank you.

Dan,

First, thanks for the call. I will get back to you regarding the schedule for Prospect Theatre. And, lets talk on Monday regarding the Sidewalk dining. I think they are wrong about the ADA clearance.

Also, I did drive by Selma Park on Saturday. There was about 15 homeless people in the park and tons of their crap. You can see some of it in this photo. I would recommend closing the park for repairs for a week or so to get them to move somewhere else.

Dan, Leron and Kerry,

What is going on with Selma Park, I was at 2 political events this last week and people I was talking to said they would not support the Hollywood Central Park because they were worried that it would be overrun by homeless. They told me to go see what happened to Selma park. I went by Selma Park today and its disgusting. There are tents and about 40 homeless people and this is right next to where kids are playing. Our society sucks if it can't do something about this. We were in NYC for the election results and we didn't see any homeless people. I see Pasadena and other cities are passing ordinances. Let's try to get tough on this……

Dave, we are concerned about this park as well – and are working with the city attorney to see what redress we might have. It is a top priority.

A local activist, Dr. Adrian Riskin, who has been critical of the BID's operations, took it upon himself to ask the city to remove signs that had been in place there since 2008 indicating that this was a children's park. Now those signs only exist on the playground side, but the other side, as you know, has become very intimidating and scary. We are looking at options – could playground equipment, for example, be installed in the entire park and could we reclaim it? We have had complaints from families, and from the YMCA who would like to use it for children's programs.

It is a top priority for us as well – but this individual has been quite intent to compromise our attempts to maintain a quality of life for our community. Here is a glimpse into his campaign to discredit us and "reclaim the park." I can assure you he is not sitting down there right now playing chess.

Dan, Leron and Kerry,

What is going on with Selma Park, I was at 2 political events this last week and people I was talking to said they would not support the Hollywood Central Park because they were worried that it would be overrun by homeless. They told me to go see what happened to Selma park. I went by Selma Park today and its disgusting. There are tents and about 40 homeless people and this is right next to where kids are playing. Our society sucks if it can't do something about this. We were in NYC for the election results and we didn't see any homeless people. I see Pasadena and other cities are passing ordinances. Let's try to get tough on this......

Kerry,

Here is the photo I took on Saturday and sent to Dan Halden. There were about 10 – 12 homeless camped out there on Saturday. Friday there was some type of homeless get together because I counted 50 – 60. I told Dan the city should just close it temporarily for maintenance until they figure it out.

The continuing SAGA at Selma Park

Daniel,

This morning 5 homeless people in Selma Park, 4 men and a woman, shouted loud threats at each other around 8:25 AM.

Several times they took "fighting" positions and clenched their hands into fists.

I called 911 about it, and when it seemed like they were calming down, declined to request a police officer.

It's possible that one of the black gentlemen stuck a white man after repeatedly telling him to leave him alone.

The black man apparently did not want the police contacted.

They've calmed down now.

I realize the stress these people are under, but they're upsetting our residents on the south side of Manson Apartments.

Yesterday I told Jannet Jara, our assistant manager, that you'd like to arrange a meeting with our tenants about Selma Park.

Please contact her directly at

Let me know how I can help, too.

Thank you.

Hi Romulus,

Good speaking to you just now. I am CCing Senior Lead Officer Paul Jordan. Per our conversation, Paul is your first point of contact with LAPD and he is one of the finest officers in the department. You are in great hands with Paul on all public safety issues.

Regarding the park, I will stay in touch with you regarding next steps.

Please connect me to your apartment manager so I can set up a meeting with her, you and the residents.

Thanks,

Organizers of the posada at Selma Park would like to have the presence of LAPD at their event. They are concerned that children and families will be gathering at the park, and there are likely to be homeless individuals there, as well. It's just a safety precaution they would like to take.

Marty,

This is the same thing I'm hearing. I have been talking to Dan, Leron and Kerry about the homeless situation and what has happened to Selma Park (see attached photo). With this situation I am not sure how we are going to attract any name brand retail. All they have to do is come on a tour and see for themselves.

The subject line got your attention but in reality Old Navy is NOT coming to Hollywood. As some of you might know, I have the retail lease listing on a 13K SF space at 6675 Hollywood Blvd and I have been pinging GAP corporate for weeks who owns the Old Navy brand about coming to Hollywood. As of today, they turned the space down saying Hollywood is too urban. Initially there was interest from the real estate department which prompted me to follow-up. I am speculating hear but as my Old Navy contact stumbled with the term "too urban" I am guessing what she really meant to say is Hollywood is too "gritty". I share this because I think there really needs to be a concerted effort to change a perception of Hollywood that still exist even with all the new development.

Hi Dan!

Great meeting! What a great group. Everyone seemed genuinely interested in working together to improve the park.

The Y will have summer, winter and SPRING break at the park as often as possible during those season breaks.

We can also have some staff meetings there too.

Additionally, we run a PE program at Selma on Wednesdays and a portion of that could include a walk through the park if the school is okay with that. I can check with Glendy.

The YMCA HKD (Healthy Kids Day) I mentioned, is on April 29th from 10-2. We would love to have you say a few words at our event if possible and we could extend the event to the park. Maybe the Hollywood High Band and Cheer could participate and if you are open to it, we can make this a big day for the community to get healthy!

I am also meeting with the LA Arts Council (I think that's the name) and will ask them to consider maybe some Art in the Park Days. That would be cool!

I am still available to help create a calendar if desired. No one really seemed to jump on that idea so maybe I am still too new. But just know, I am here to partner and really just want the community to be stronger because of all of us together. I look forward to working with you. Please let me know how I can further assist if desired.

Hello Dan,

Unfortunately, I will not be able to attend to today's meeting because Selma's assistant principal is not here. As for suggestions, based on teacher input, we're proposing the following:

- Drawing Class
- Read Alouds
- Yoga Class
- Community Care - the community gets together to clean the park, environmental awareness

Let me know when you have some time to discuss the upcoming Coffee with the Principal on March 1.

Thank you,

HOLLYWOOD YMCA/ SELMA PARK "PARK"NERSHIP

1. The Y will have summer, winter and SPRING break at the park as often as possible during those season breaks. Local youth will utilize the playground and surrounding seating areas.
2. We will commit to having some staff meetings there too.
3. Additionally, the YMCA and Selma Elementary collaborate programming on Wednesdays. We would be happy to explore a possible portion of that time to include a walk/play through the park with adult supervision.
4. The YMCA HKD (Healthy Kids Day) will be held April 29th from 10-2. It could prove beneficial to extend the day's programs into the park and possibly tie in a ribbon cutting to express a re-activation including city official and partnership speaking opportunities. We could include the Hollywood Band and Cheer teams. This could also be a good time to do a community walk to raise awareness for the park and our involved partners, the Y, our schools and invested residents. ☺
5. The YMCA does quite a bit of filming on the Y site. Would the park be a potential place for outside holding for extras during appropriate weather? We could work to arrange that. (Some filming goes into the night).
6. The YMCA could provide additional supervision for movies in the park during summer months if the city could sponsor the event.
7. The Y is willing to reach out to additional partners for days such as art *in the park* or theater *at the park.*

I am available to help create a calendar if desired.

I will follow up w/ Travis & Jose re: grants for shade

Hello,

My name is Travis Wester, a stakeholder in CD13. Dan, I believe I've met you before at one or two of the CHNC meetings and Chris I've emailed you before about shade structures for Selma Park.

Today, I'm writing about the construction that has just begun at Highland Ave. and Franklin. It looks to be a massive, multi-unit apartment building that will, no doubt, be under construction for years.

However, I'm the parent of a little girl attending preschool at Canyon School, a co-op which is literally across the street from this new construction (our school is on Las Palmas). It shares a City property with a senior citizens' center, and to my knowledge our facility never received any notice of permits, plans, proposals, impact reports, nothing.

The majority of the preschool is outdoors, and the other day the little children were covered in the soot and dirt from the parking lot being ripped up. This should raise all kinds of alarm bells, as while I'm not chemical engineer or cancer researcher I'm fairly certain that dust kicked up from a decades-old parking lot being busted up should probably not be avoided by children under the age of five. As it is, they are literally inhaling this stuff.

I would very much appreciate your help in figuring out how it came to be that this project has moved forward without a school for little children less than 100' away being notified. Surely, there was some kind of EIR or something that was drawn up that took this into consideration? This is clearly a gigantic project, after all.

Please find attached what information we've been able to gather. I look forward to hearing back on this matter soon.

Thank you!

one,
Travis Wester

Travis, this is so terrific – the initiative you have taken.

I think Dan and Parks/Rec will have to run interference on how to do this with the city – but I'm sure where there is a will there is a way. Let me know how I can help.

Hello everyone,

As I've mentioned before, I'm trying to direct some of Central Hollywood Neighborhood Council's funds towards shade structures for our beloved Selma Park.

I met with CHNC's Outreach committee last night and they are very interested in authorizing up to $20,000 for the project. There are, therefore, a number of steps and procedures with the Dept of Parks & Rec that need to take place before they'll write a check and I'm afraid I don't have the first clue how to proceed.

Can one of the Friends of Selma Park kindly direct me to the person or persons I need to communicate with in Parks & Rec? I need to first establish whether this project is at all possible, and then be educated on what steps need to be taken (a contract needs to be drawn up? permits need to be applied for? in some specific order?).

Please find the outline I presented to the Outreach committee, attached (you'll note the dearth of detail).

Thank you so much for any help you can provide!

Hello all,

As I mentioned at our pleasant chess battle / lunch (LOVED the chess pieces Kerry), the CHNC is looking to spend some money and I'd love for it to go towards permanent shade structures for Selma Park. I'm trying to get estimates put together, however I need detailed schematics of the playground facility's "playscape", with equipment heights, measurements, an accurate labeling of true north, and so on.

Is there any way for me to get this material? Sorry to trouble you all, but my google-fu has failed me.

Thank you!

UPDATE Selma Shade Structurething

1 message

Travis Wester Tue, Apr 18, 2017 at 12:02 PM
To: Dan Halden <daniel.halden@lacity.org>

Hi Dan,

So everything went more or less as planned at the Outreach meeting last night in regards to shade structures at Selma Park... the item was tabled until I can get some more and better information put together. They seem eager to try and get this done, and now I have a better idea of what is required to help move it forward.

What would be extremely helpful is to begin a dialog with Parks and Rec. The main note I received is "Have you run any of this by Parks and Rec? What if you can't even do this at all?". I recall there being folks from Parks and Rec at the FoSP meeting when we were throwing about the shade structure idea and it wasn't pure poison, so I'm hoping to begin facilitating that conversation in earnest.

I know we have a Friends of Selma Park meeting next week, but time is of the essence so I'm planning on sending an email to the Parks and Rec folks on the board to see if they can help direct us to the proper personnel (feel free to belay that if you'd rather facilitate that discussion).

As it is, I'm supposed to check in with Angie as soon as I have enough answers to the main issues and roadblocks. Outreach Committee is actually open to have a Special Meeting to address this project, due to the timetable - a good sign of their support!

Thanks for all your help Dan!

Oh, P.S. - please remember to invite Laurie Goldman's clients to the FoSP meetings ☺

AGENDA REQUEST: Shade Structure for Selma

Travis Wester Wed, Apr 12, 2017 at 2:25 PM
To: Dan Halden <daniel.halden@lacity.org>

Hi Dan

Bit of a bone to pick with you, my friend.

I know I wasn't at the last Selma Park meeting, but I told you I'd be taking an estimate to the Outreach Committee. If something was discussed at the meeting that should delay that, I sure wish you would've given me a heads-up.

I'm not sure why you're trying to keep me from taking it to the Outreach Committee though. It's just the committee, and I fully expect to have to go back to them once I hear what hoops *they* want jumped through. The end of FY is coming up fast, so it's best to get this thing rolling, don't you think?

Why can't we initiate the process with the Committee while we're also checking in with Parks & Rec? Is there a protocol against a stakeholder going before a NC *committee* to ask if they're interested in him pursuing a project? Even once we get the Committee to recommend the project, we'd *still* have to take it to the full Board –and I totally agree with you that we would want everything in place before the Board votes.

Perhaps you thought I was trying to take this before the full Board for an up-or-down vote on funds? I'm not.

If you were confused about which body I was asking to appear before, I sure hope you hit Reply All again and clear the air because I was really counting on your support. This email you sent came as a bit of an unpleasant shock.

Thanks Dan.

Hi all,

We discussed some of these particulars at our last meeting of Selma Park stakeholders. Prior to CHNC voting on providing funding, I think it would be best to first get the estimate from the contractor, and then - for protocol purposes - connect with Recreation and Parks, which would have to approve any installation, funding, etc. for the park.

Additionally, any new equipment of this nature would have to be transferred to the City through the L.A. Parks Foundation.

We are thrilled with all the interest in and positive energy regarding the park, but of course need to make sure that the proper protocol is followed.

Thank you,

Hi Angie

I was hoping to be placed on the agenda for next Monday's meeting of the CHNC Outreach Committee, if possible.

I'd like to propose that some of the CHNC funds go towards building a shade structure for Selma Park's playground - (which gets very hot in the summer!) It comes as part of an effort organized by Councilman O'Ferrell's office to revitalize the park as a more welcoming space for our stakeholders. We (Audrie Echnoz, director of the Hollywood YMCA, who is CC'd, and myself) have been in contact with a contractor who could provide an estimate, and hope to have your Committee recommend it to the Board.

Please let me know what information you will need so that this item can be placed on the agenda.

Thank you!

SELMA PARK (SHADE STRUCTURES)

Hi Dan

So the estimate for those shade structures are coming in a bit more than I wanted (big surprise).

Quick question, and maybe you could forward this to the Selma Park Friends in Parks and Rec...

If the CHNC paid for the parts, would Parks & Rec be handling the labor?

Could private contractors even work in city parks? Is that the kind of thing that's subcontracted?

In other words, if CHNC purchased the structure itself, could we find money (or city resources) to have it installed?

Thank you so much!!

V. New Business
  A. Brainstorming: best use of public safety dollars in the 2019-29 BID

VI. Adjourn

As a covered entity under Title II of the Americans with Disabilities Act, organizations that contract with the City of Los Angeles do not discriminate on the basis of disability and upon request will provide reasonable accommodation to ensure equal access to its programs, services, and activities. Sign language interpreters, assisted listening devices, or other auxiliary aids and/or services may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72-hours) prior to the meeting by contacting the office of the Hollywood Property Owners Alliance at 323-463-6767.

3. Andrews Contract Amendment
    a. Advisory recommendation re/request for five percent increase: James Bunch and John Adams from Andrews International discussed with the committee a budget to give Andrews personnel associated with the BIDs contract a pay increase. The staff have not received an increase since 2013. The committee asked a few questions related to how the increase would be applied. Both John and James assured the committee that the increased budget would go directly to cover personnel's increased pay and payroll taxes. No other overhead would be paid through this increase. The committee decided to bring the request to both boards at their next meeting for approval.

B. Report from Andrews International: Steve Seyler shared with the committee activities going through the end of January 2017. Seyler reported that the BID is off to a busy start with calls for service almost tracking with last year's pace through the first month. Seyler also updated the committee on the homeless outreach pilot and the status of some radio equipment that had not been working properly.

C. LAPD: Officers Danny Pesqueira and Irv Isabella gave an overview of crime stats for the area. Officer Pesqueira confirmed that the Senior Leads have also been trying to work with DMH and the HOPE car to have them conduct outreach at some of the encampments in the area.

V. New Business: There was no new business.

VI. Next Meeting: The next meeting is scheduled for March 8.

VII. Adjournment: There being no further business the meeting was adjourned at 11:25 a.m.

Committee Notes – Joint Meeting
Security Committee- Hollywood Entertainment District, Sunset and Vine BID
February 6, 2017
6562 Hollywood Blvd

Attendance: **HED Committee Members present:** John Tronson, Carol Massie, Monica Yamada. **SVBID Committee Members present:** Fabio Conti. **Liaisons:** Steve Seyler, John Adams, James Bunche, Andrews International. **Staff:** Kerry Morrison, Joseph Mariani. **LAPD:** Officer Danny Pesqueira, Officer Irv Isabella. Guests: Mike Harkins, Hollywood & Highland.

I. Call to Order: The meeting was called to order at 10:10 a.m.

II. Public Comment: There was no public comment today.

III. Meeting Notes: The meeting notes from the January 11, 2017 meeting were distributed for review.

IV. Reports

A. Staff Report:

1. Homeless Issues

a. Encampments: Mariani reported that staff had met with the head of External Affairs for ATT and their real estate manager on February 3. The Council Office had organized the meeting and Dan Halden did a great job of bringing adjacent neighbors together to talk about issues related to the property. Additionally, the staff has reached out to the Deputy Director of Sanitation for the City to see how their crews can coordinate with BID cleaning teams to clean areas after encampments have been removed by LAPD or when "bulky items" are left behind.

b. Communication with Elected/Appointed Officials: Mariani reported that Kerry Morrison had sent an email to the Mayor's office and Sanitation to describe the current number of encampments in the two BIDs. She received a response saying that LAPD will be coordinating with Sanitation to try and conduct some outreach in the coming weeks.

c. Outreach to property Owners: Mariani shared with the committee that the BID staff has been actively reaching out to a few owners who have vacant properties to see if there is a way for them to close off private alcoves near the public sidewalk that have been used for criminal activity.

2. City Initiatives

a. Skateboard Enforcement: Mariani informed the committee that "no skateboarding" signs have been installed along the Walk of Fame. There will be a plan to communicate with local schools to educate students and do warnings before enforcement occurs. The Council Office and City Attorney are working out the details.

b. Friends of Selma Park: BID staff is working with the Council Office and community partners such as Selma Elementary, Hollywood High School, YMCA, and others to find ways to program the park on a daily basis. The staff hopes to have more details about a plan available in the coming months.

Seyler also pointed out that arrests continue to be down, relative to past years, but calls for service continue to creep up. The BID Patrol is heavily involved in engaging with, and managing the homeless individuals who are living in the BID, in response to stakeholder calls and complaints. There are less options to initiate a private person's arrest, because the city attorney is not taking as many cases as in past years. BID Patrol has become pretty adept at problem solving.

VI. Report from LAPD – Lt. Ling shared crime stats for the period, and discussed the commitment to work with Dept. of Sanitation to respond to some of the large encampments that had become rooted in the two BIDs. Morrison thanked LAPD for their efforts and noted that board members and stakeholders had noticed the efforts being made. Some specific examples of retail stores experiencing shoplifting on a regular basis, and robberies were also shared. A suspect has been involved in a series of robberies of parking lot attendants at night, and he is being sought. Finally, Lt. Ling reported that as of July 1, the METRO will be contracting with LAPD to patrol the subway stations that fall within the city limits. This will be a new arrangement where Long Beach and LAPD will handle their jurisdictions on the rail lines, and LACO sheriffs will patrol in all other areas.

V. New Business: Morrison shared that the BID Renewal Committee is looking at novel ways to approach public safety in the new BID (between 1919 and 2029). Some ideas will be brought back to the next security committee meeting.

VI. Next Meeting: The next meeting is scheduled for April 12.

VII. Adjournment: There being no further business the meeting was adjourned at 11:20 a.m.

Committee Notes – Joint Meeting
Security Committee- Hollywood Entertainment District, Sunset and Vine BID
March 8, 2017
6562 Hollywood Blvd

Attendance: **HED Committee Members present:** John Tronson, Gary Goroyan, Chad Lewis, George Younan. **SVBID Committee Members present:** Fred Rosenthal, Fabio Conti, Lea Clement. **Liaisons:** Steve Seyler, John Adams, Andrews International. **Staff:** Kerry Morrison, Joseph Mariani. **LAPD:** Lt. Michael Ling. Guests: Gina Donaldson, sbe; Betsy Davis, Susanna Furios, Kate Uzarowski, Franck Poalo, Church of Scientology International.

I. Call to Order: The meeting was called to order at 10:10 a.m.

II. Public Comment: There was no public comment today.

III. Meeting Notes: The meeting notes from the February 8, 2017 were not yet available.

IV. Reports

A. Staff Report:
  a. Homeless Issues
    i. Measure H. Kerry Morrison reported that with still about 100,000 absentee ballots to be cast, Measure H appeared to achieve the 2/3 voter threshold required, with 67.44% as of this morning. It was a terrific outcome and will yield benefits to the community by late summer. There was general discussion about the election, including the voter's rejection of Measure S. Morrison said that Hollywood would have input into the needs and priorities that need to be funded from the Measure H proceeds. More details will be available next month.
    ii. Homeless count trends. Morrison indicated that she is working with the security office to reconcile some discrepancies that have arisen in the homeless trend counts that occur. It appears that with the influx of tents into the neighborhood, there has been some confusion about how to count tents versus people. She will hope to get this reconciled by next month to provide a trend report.

B. City Initiatives:
  a. Selma Park – Morrison reported that under the leadership of Council District 13, a committee has been created ("Friends of Selma Park") to work on a plan to activate the park on a daily basis this summer. Meetings have been held with local schools, youth groups, the Y and other community members to create a schedule commencing with April 29, the day that the Y will host their Healthy Kids Day.

V. Andrews International Report – Steve Seyler reviewed some of the highlights from his report dated 1-30-17 to 2-26-17. He described how, in conjunction with BID staff, they are identifying hot spots for encampments and crime throughout both BIDS and then coming up with a proactive plan to work with the property owner to help make the areas safer. A good example was an effort undertaken to improve the sidewalks around the ATT building last month, where over 40 people could be sleeping at a given time. The property manager for the local senior citizens housing complex presented ATT with a petition signed by >100 residents who expressed fear to leave their apartments and described people defecating and urinating in their gardens.

Dear Daniel,

Forgive me for losing it Friday.

I appreciate the work you and the heads of the other city agencies involved have done to calm things down at the park.

The incident caused by the loud screamer at Selma Park was extremely unusual and disturbing

occurring after an extended period of relative peace and order which seemed to herald Selma Park's troubles were over.

At 9:11AM today Jannet Jara, our building manager, informed me that **we have a trespasser sitting on our front porch.**

This follows intrusions to our property by several homeless men last night.

As I got no response at Officer Jordan's number,

I phoned the LAPD non-emergency number.

Please let me know what else we can do to deal with this continuing harassment and trespassing.

Thank you.

Romulus Zamora

I won't be able to make it today and Vicky is absent. Can we talk later today?

Unworkability in Hollywood

Dan,

The mayor and most elected officials live in manicured suburbs FAR FROM the DIN of urban life.

They don't suffer HELICOPTERS overhead at all hours of day and night.

Or loud motorists, motor cyclists, and sirens.

There's actually a motorist who drives through Hollywood AFTER MIDNIGHT on the weekends

blowing a car horn customized to blare like a train engine's horn. Maybe it's legal, though not at those hours.

And NO ONE DOES ANYTHING ABOUT IT.

Yes, Selma Park has been relatively quiet recently for which I acknowledge you and the agencies involved.

So when a young topless man started jumping around and screaming at the top of his lungs in the park and outside it

as school children and elderly pedestrians walked by, I found it incredibly STRANGE.

I called Andrews International which thought so little of it as to DO NOTHING.

I even phoned 911 and waited until you picked up your line.

I got no assistance.

Mr. O'Farrell has been elected for another term.

It seems that the only time our elected officials DO ANYTHING

is when they STUFF OUR MAILBOXES AHEAD of ELECTIONS.

It's good to know what is VALUED in Hollywood

and WHAT ISN'T.

Right now I'd rather live in another country.

Hi Dan,

I won't be able to make it to the meeting today, but I wanted to give you a quick update regarding shade structures for the park.

Audrie Echnoz, Director of the YMCA, arranged for a contractor to take measurements and so forth at the Selma Park playground. We should have an estimate soon.

The CHNC Beautification Committee has their next meeting on the 17th, which should be enough time to get the estimate completed. I'm planning on taking it into the Committee and ask for them to fund it.

Bummed I can't be there today, please keep me advised as to our next meeting!

Oh and please make note of the new email I'm using for City-related adventures.

Thank you!!

Hi Dan,

Unfortunately, I won't be able to make this meeting tomorrow. The update from the Center is that we'd like to be added on the Park Calendar so we can see which dates are available for our potential programming. Our Director of Programs is interested in events we discussed before – like staff lunches, youth programs, etc. Please let me know how we can get added to calendar and if there are any follow-up needs from the meeting tomorrow.

Thanks!

Dear Daniel,

Yesterday SELMA PARK DID NOT OPEN.

It was NOT A FEDERAL HOLIDAY.

It was NOT A COUNTY HOLIDAY.

What happened?

Here's something JAMES FRASCO, Jannet Jara and I are genuinely CONCERNED ABOUT.

What are our LOCAL GOVERNMENT AGENCIES DOING NOW to PREPARE OUR NEIGHBORHOODS for the BIG EARTHQUAKE scientists have promised?

Mr. Frasco wants to know HOW MUCH WATER and FOOD STUFFS each of the Manson Apartment RESIDENTS need ON HAND to prepare.

He once told me that he was willing to provide it and store it to assure our residents survive until LOCAL GOVERNMENT can respond.

As you've introduced JANNET and me to various local government officials (including YMCA administrators),

and PREPARING LOCAL RESIDENTS for an EARTHQUAKE is of keen interest to us,

please IDENTIFY WHO we can contact about this?

Thank you.

Romulus Zamora

I hope you get better soon!

Hi Dan!

So when can we meet for lunch? I would love to learn more about you and Hollywood and chat about the Y Healthy Kids Day and Selma Park reactivation joint venture.

Would you also be able to maybe present the Y with a proclamation on our Healthy Kids Day recognizing our efforts to promote health through community collaborations?

I can send more information if desired...or maybe you can let me know who to follow up with.

I hope to meet up soon and thank you again for all your support thus far. I am loving it here in Hollywood!

Hello Dan,

Unfortunately, I will not be able to attend to today's meeting because Selma's assistant principal is not here. As for suggestions, based on teacher input, we're proposing the following:

- Drawing Class
- Read Alouds
- Yoga Class
- Community Care - the community gets together to clean the park, environmental awareness

Let me know when you have some time to discuss the upcoming Coffee with the Principal on March 1.

Thank you,

Glendy

Hi James, we have our Friends of Selma Park meeting later this week, and I wanted to see if your team had any thoughts about the feasibility of activating the park once a week with a small farmer's market. I would invite you to come to this meeting on Thursday if you're interested in hearing about the other ideas generated – we are meeting at 10:30 a.m.

James, good to talk with you Friday.

Our "Friends" group consists of Blessed Sac school, HHS, Selma Elementary, YMCA, Gay/Lesbian Center, PAL, Parks/Rec and nearby neighbors. (Of course, CD 13 and City Attorney and LAPD). So my question would be – could we do some type of weekly Farmers Market pop up in the Selma Park? We also though it would be fun to have a table where students could sell things from their community gardens at Selma and HHS.

If your team is willing to further discuss, let's consider logistics.

Hi Dan!

Great meeting! What a great group. Everyone seemed genuinely interested in working together to improve the park.

The Y will have summer, winter and SPRING break at the park as often as possible during those season breaks.

We can also have some staff meetings there too.

Additionally, we run a PE program at Selma on Wednesdays and a portion of that could include a walk through the park if the school is okay with that. I can check with Glendy.

The YMCA HKD (Healthy Kids Day) I mentioned, is on April 29th from 10-2. We would love to have you say a few words at our event if possible and we could extend the event to the park. Maybe the Hollywood High Band and Cheer could participate and if you are open to it, we can make this a big day for the community to get healthy!

I am also meeting with the LA Arts Council (I think that's the name) and will ask them to consider maybe some Art in the Park Days. That would be cool!

I am still available to help create a calendar if desired. No one really seemed to jump on that idea so maybe I am still too new. But just know, I am here to partner and really just want the community to be stronger because of all of us together. I look forward to working with you. Please let me know how I can further assist if desired.

Sincerely,

Hi all,

Great meeting yesterday! I look forward to seeing you at the next meeting.

Per our discussion, each organization/school/non-profit – prior to the next meeting, please provide 3-5 realistic "events" you think you could commit to calendaring within the next few months.

We are open to suggestions and working with everyone, together.

Have a great weekend, and stay dry!

Dear Daniel,

Thank you for the opportunity to attend a meeting with agency officers

regarding Selma Park.

I appreciated learning how the "Selma Corridor" has been affected

by the influx of the homeless. Also enjoyed hearing what the principal

of Hollywood High School had to say about their impact on student safety, etc.

I informed the group of my perspective as a Manson Apartment resident

of 20 years. I don't think I have any further insights to contribute.

Will appreciate hearing what decisions and action items are committed to

at your upcoming meetings.

Thank you, Dan.

Best wishes,

Nicole,

This afternoon our team removed all material from Yucca at the gated entrance at Cherokee and Yucca. One of the same males was removed. We also cleared the overflowing public trash can at that location.

I am asking Juan Leon to assign a pressure washing of the location asap. Thanks.

Las Palmas was clear of any encampment. My partner and I stopped the same male that we removed at Yucca from the parking lot. This is the younger male, today wearing dark grey sweatshirt with hoody, dark pants. Red or brown curly hair, 5'11 about 150 lbs.

Selma Park was okay today.

This time it is just a bunch of blankets but they are still blocking our gates. Also, maintenance informed us that there is a man living behind the trash bins at Las Palmas. Please assist us with this situation again. Thanks for all of your help previously in getting the furniture out.

Just connecting with you. Yesterday we removed a small encampment from Selma Park. This morning we are removing an unsightly encampment at Yucca Community Center, blocking an exit, with large bulky items.

If you look at the pdf you sent, the pages are scanned in reverse order for some reason. So page 10 of the email comes before 9, which is before 8, etc. Send him this and see if it helps. I just reversed the page order using acrobat.

Mike and Strefan,

Please advise regarding Mr. Riskin's latest request. We have provided him documents for CPRA Request CD13.2017.03.25.a via scan, but he is now saying that the documents are "reversed" (we are not sure what that means).

My understanding is we are only required to provide the documents themselves, which we have done, and are under no obligation to provide them in some kind of order.

Please advise regarding the above and how we can respond.

Thanks, Dan, but the pages are reversed, which I realize is *super* easy to do by mistake! Since for some reason you chose to scan these pdfs from paper printouts, if you can't fix this I will still need to come in and make my own scans with the pages in the right order.

thanks again for all your help!

See the price breakdown for this Saturday's event.

I spoke with the organizers & they're ok without mic & all for the sake of them getting lights.

Esmeralda,

- 2000 WT Generator - $125.00
- Microphone - $8.00
- Microphone Stand - $4.00
- Speaker - $75.00
- Speaker Stand - $6.00

I spoke with my supervisor and showed them the site of your event and what you needed lighting wise, and they said you would need at least 3 pole lights and a 7000 WT Generator.

- Pole Lights - $75.00
- 7000 WATT Generator - $265.00

Thank you,

Christopher

Can you please follow up with me as soon as possible? The event is this weekend and I still need approval from my supervisor for funding.

Thank you!

History of funding for fiscal year: (Gigi)

Previous funding last fiscal year for this event: (Gigi)

Should we support this year: Yes

Amount being requested by organization: N/A - they are requesting equipment

Amount recommendation & why: $340 -- Esmi priced this out and also spoke with them. They can make do if we simply provide the lights and generator, which is a total cost of $340. We have supported them in years past and I recommend we do so again.

HOLLYWOOD YMCA/ SELMA PARK "PARK"NERSHIP

1. The Y will have summer, winter and SPRING break at the park as often as possible during those season breaks. Local youth will utilize the playground and surrounding seating areas.
2. We will commit to having some staff meetings there too.
3. Additionally, the YMCA and Selma Elementary collaborate programming on Wednesdays. We would be happy to explore a possible portion of that time to include a walk/play through the park with adult supervision.
4. The YMCA HKD (Healthy Kids Day) will be held April 29th from 10-2. It could prove beneficial to extend the day's programs into the park and possibly tie in a ribbon cutting to express a re-activation including city official and partnership speaking opportunities. We could include the Hollywood Band and Cheer teams. This could also be a good time to do a community walk to raise awareness for the park and our involved partners, the Y, our schools and invested residents.
5. The YMCA does quite a bit of filming on the Y site. Would the park be a potential place for outside holding for extras during appropriate weather? We could work to arrange that. (Some filming goes into the night).
6. The YMCA could provide additional supervision for movies in the park during summer months if the city could sponsor the event.
7. The Y is willing to reach out to additional partners for days such as art *in the park* or theater *at the park.*

I am available to help create a calendar if desired.

I will follow up w/ Travis & Jose re: grants for shade

Respectfully Submitted: Audrie Echnoz, Hollywood YMCA Executive Director: 323-467-4161

Hello Dan,

Unfortunately, I will not be able to attend to today's meeting because Selma's assistant principal is not here. As for suggestions, based on teacher input, we're proposing the following:

- Drawing Class
- Read Alouds
- Yoga Class
- Community Care - the community gets together to clean the park, environmental awareness

Let me know when you have some time to discuss the upcoming Coffee with the Principal on March 1.

Thank you,

Glendy

Hi Dan!

Great meeting! What a great group. Everyone seemed genuinely interested in working together to improve the park.

The Y will have summer, winter and SPRING break at the park as often as possible during those season breaks.

We can also have some staff meetings there too.

Additionally, we run a PE program at Selma on Wednesdays and a portion of that could include a walk through the park if the school is okay with that. I can check with Glendy.

The YMCA HKD (Healthy Kids Day) I mentioned, is on April 29th from 10-2. We would love to have you say a few words at our event if possible and we could extend the event to the park. Maybe the Hollywood High Band and Cheer could participate and if you are open to it, we can make this a big day for the community to get healthy!

I am also meeting with the LA Arts Council (I think that's the name) and will ask them to consider maybe some Art in the Park Days. That would be cool!

I am still available to help create a calendar if desired. No one really seemed to jump on that idea so maybe I am still too new. But just know, I am here to partner and really just want the community to be stronger because of all of us together. I look forward to working with you. Please let me know how I can further assist if desired.

Sincerely,

Cory and Paul:

Happy almost-Thanksgiving. There is an annual posada at Selma Park that will be happening this year on Saturday 12/17 at 4:30 PM. They are requesting presence of an LAPD officer. Would someone be available to assist?

Old Navy coming to Hollywood

Marty,

This is the same thing I'm hearing. I have been talking to Dan, Leron and Kerry about the homeless situation and what has happened to Selma Park (see attached photo). With this situation I am not sure how we are going to attract any name brand retail. All they have to do is come on a tour and see for themselves.

The subject line got your attention but in reality Old Navy is NOT coming to Hollywood. As some of you might know, I have the retail lease listing on a 13K SF space at 6675 Hollywood Blvd and I have been pinging GAP corporate for weeks who owns the Old Navy brand about coming to Hollywood. As of today, they turned the space down saying Hollywood is too urban. Initially there was interest from the real estate department which prompted me to follow-up. I am speculating hear but as my Old Navy contact stumbled with the term "too urban" I am guessing what she really meant to say is Hollywood is too "gritty". I share this because I think there really needs to be a concerted effort to change a perception of Hollywood that still exist even with all the new development.

Organizers of the posada at Selma Park would like to have the presence of LAPD at their event. They are concerned that children and families will be gathering at the park, and there are likely to be homeless individuals there, as well. It's just a safety precaution they would like to take.

Can you reach out to Hollywood LAPD and invite them?

The continuing SAGA at Selma Park

Daniel,

This morning 5 homeless people in Selma Park, 4 men and a woman, shouted loud threats at each other around 8:25 AM.

Several times they took "fighting" positions and clenched their hands into fists.

I called 911 about it, and when it seemed like they were calming down, declined to request a police officer.

It's possible that one of the black gentlemen stuck a white man after repeatedly telling him to leave him alone.

The black man apparently did not want the police contacted.

They've calmed down now.

I realize the stress these people are under, but they're upsetting our residents on the south side of Manson Apartments.

Yesterday I told Jannet Jara, our assistant manager, that you'd like to arrange a meeting with our tenants about Selma Park.

Please contact her directly at

Let me know how I can help, too.

Thank you.

What is going on with Selma Park, I was at 2 political events this last week and people I was talking to said they would not support the Hollywood Central Park because they were worried that it would be overrun by homeless. They told me to go see what happened to Selma park. I went by Selma Park today and its disgusting. There are tents and about 40 homeless people and this is right next to where kids are playing. Our society sucks if it can't do something about this. We were in NYC for the election results and we didn't see any homeless people. I see Pasadena and other cities are passing ordinances. Let's try to get tough on this......

Kerry,

Here is the photo I took on Saturday and sent to Dan Halden. There were about 10 – 12 homeless camped out there on Saturday. Friday there was some type of homeless get together because I counted 50 – 60. I told Dan the city should just close it temporarily for maintenance until they figure it out.

Dave, we are concerned about this park as well – and are working with the city attorney to see what redress we might have. It is a top priority.

A local activist, Dr. Adrian Riskin, who has been critical of the BID's operations, took it upon himself to ask the city to remove signs that had been in place there since 2008 indicating that this was a children's park. Now those signs only exist on the playground side, but the other side, as you know, has become very intimidating and scary. We are looking at options – could playground equipment, for example, be installed in the entire park and could we reclaim it? We have had complaints from families, and from the YMCA who would like to use it for children's programs.

It is a top priority for us as well – but this individual has been quite intent to compromise our attempts to maintain a quality of life for our community. Here is a glimpse into his campaign to discredit us and "reclaim the park." I can assure you he is not sitting down there right now playing chess.

First, thanks for the call. I will get back to you regarding the schedule for Prospect Theatre. And, lets talk on Monday regarding the Sidewalk dining. I think they are wrong about the ADA clearance.

Also, I did drive by Selma Park on Saturday. There was about 15 homeless people in the park and tons of their crap. You can see some of it in this photo. I would recommend closing the park for repairs for a week or so to get them to move somewhere else.

Dear Mr. Halden:

There is a black gentleman who seems to be suffering acute mental illness.

He's screaming and convulsing from time to time.

Who should I contact?

The Police at 911?

Is there a mental health unit that can help?

Thank you.

Hi Romulus,

I'm CCing your LAPD local senior lead officer Paul Jordan. LAPD 911 can always be called in the event of an emergency.

For specific mental health issues, the County Department of Mental Health (DMH) has a Homeless Outreach & Mobile Engagement (HOME) team that responds to those sorts of calls: http://file.lacounty.gov/SDSInter/dmh/186286_HOMEBrochure10-08.pdf More information can be found in that document including the 24-hour hotline.

I hope this helps.

> Dear Mr. Halden-
> I am a citizen of Hollywood and a member of the Hollywood YMCA for 14 years. In the last year there has been a serious change in the managing of Selma Park, at the corner of Selma and Schrader, across from the Y. This pocket park is where day care children from the Y are taken to play in the summer, but lately the park has become home to 8 to 10 homeless people at all times of the day. They camp, drink, play music, change their clothes, smoke weed, spread garbage, and of course, relieve themselves. Many use this as their home base, and the locker rooms at the Y as places to shower, hang out and charge their city-issued cell phones. We at the Y are pretty unhappy about these obviously unhealthy and often inebriated people spending hours in the locker rooms where we bathe and change clothes, but Selma Park is the real vector. In the past police regularly patrolled the park and removed the homeless. There has been no sign of any police intervention in the last year and a solid community of homeless has evolved and entrenched, causing a serious local hygiene problem.
> I want to know if community leaders have decided to turn Selma Park over to the homeless, if police have been told to leave them alone. If so, the council needs to take responsibility and provide the park with toilets, showers and more trash barrels. Dear Mr. Halden-
Friday there were 14 men in the park at 10:00 am, many shirtless and inebriated. This morning there were even more. They've gotten through the gate into the children's play area as of Friday. Attached are two photos from Yelp of men in the locker room at the YMCA, which is now getting low ratings due to the homeless issue, one showing how they store their possessions in the lockers and one of men sleeping on the floor. Worst is that Selma Park is adjacent to Selma Elementary school. The city has built the wonderful affordable housing complex for teachers at the corner of Selma and Cherokee, but how many families will want to live in a neighborhood overrun by intimidating vagrants? I really hope your office can take note and help with this.

To: "daniel.halden@lacity.org" <daniel.halden@lacity.org>

Dear Mr. Halden-
I am a citizen of Hollywood and a member of the Hollywood YMCA for 14 years. In the last year there has been a serious change in the managing of Selma Park, at the corner of Selma and Schrader, across from the Y. This pocket park is where day care children from the Y are taken to play in the summer, but lately the park has become home to 8 to 10 homeless people at all times of the day. They camp, drink, play music, change their clothes, smoke weed, spread garbage, and of course, relieve themselves. Many use this as their home base, and the locker rooms at the Y as places to shower, hang out and charge their city-issued cell phones. We at the Y are pretty unhappy about these obviously unhealthy and often inebriated people spending hours in the locker rooms where we bathe and change clothes, but Selma Park is the real vector. In the past police regularly patrolled the park and removed the homeless. There has been no sign of any police intervention in the last year and a solid community of homeless has evolved and entrenched, causing a serious local hygiene problem.
I want to know if community leaders have decided to turn Selma Park over to the homeless, if police have been told to leave them alone. If so, the council needs to take responsibility and provide the park with toilets, showers and more trash barrels. I would also suggest making a separate entrance to the children's play area of the park, so that the Y kids don't have to be led through the mounds of trash and a homeless camp to get to their playground.
And yes, I am a writer and editor for a publishing company, Mr. Halden, but would rather get this addressed through city government channels than go on an editorial rampage.

Hi Danielle,

I hope all is well. Your email came through while I was out of town; sorry for the delay in response.

Selma Park is located in CD13, but De Longpre Park is located in CD4. I'm copying CD4 deputy Nikki Ezhari who can provide information on De Longpre Park.

I'm not aware of planned updates for these two parks. Is there something you had in mind?

Regarding the buildings going up in the area: a lot of developments do have "open space" requirements and provide features like dog runs, playground, etc.

Thanks,

Hello,

I live in Hollywood and I love all the great things that you have been working on and wanted to know about green space and parks. I see lots of buildings going up and no where for the kids that live there to play and no updates to the local parks either, such as De longpre and Selma. It would be great to see at least some improvements for my kids (3 active boys) to play and be active and for all the new kids coming into the area. Childhood obesity is still a serious concern and we cannot turn away from the need for places to congregate and play for adults and kids alike.

Thanks for listening,

Danielle Arce

Hello Ms. Rodriguez

My name is Travis Wester, a stakeholder in CD13, and I was hoping to ask for your advice on how to move forward with a plan to install a shade structure for the playground in Selma Park (corner of Selma and Schrader).

I spoke to Ryan Carpio last night and he said I should contact both the Planning, Construction, and Maintenance Branch of Parks & Rec and yourself regarding the matter. I've checked the list of projects both in design and in construction and it doesn't look like anything is in the works for Selma, but I would be very interested in doing what I could to get some shade for my daughter and her friends.

Would it be possible to put together a mix of public funding and grant money to get it done? Perhaps some fundraising as well (The Y across the street uses that park too)? I've never tried to move forward with anything on this scale before (closest I've come is to get the curb on Orange opposite In-N-Out painted red so cars can pass on the right... small potatoes). Any direction towards who to speak to in Parks & Rec or any other advice you can offer would be greatly appreciated!

Oh, and my wife and I took our daughter (three years old) to the Family Resource Day your office facilitated a couple weeks ago. Great event! Well done.

Thank you for your help!

one,
Travis Wester

Greetings:

Please find attached the Sidewalk Repair Program Tracking Log.

The log is generated by the Sidewalk Repair Program Database and shows the status of sidewalk repair and curb ramp installation sites from several sources including City facilities, sites sourced from the Department on Disability, sites with repairs funded by CDBG and Prop 1C funds, and sites reported by Council Districts.

As always, the sidewalk repair program welcomes a dialogue with Council Districts to ensure accuracy of the data.

Best,

Carl

MAYOR ERIC GARCETTI

Los Angeles City Hall

Dear Mayor Garcetti:

I live next to the Los Angeles Gay & Lesbian Center.

On our apartment building's south side is SELMA PARK.

When you were our district councilman you approved creation of Selma Park.

Among the designs you approved were for the planting of several trees

and their being encircled by concrete rings.

The CITY PARKS Department has now discovered that these concrete rings

are DAMAGING the trees.

This morning a crew with jackhammers began breaking up the concrete

EARLIER than the legal noisy work start time of 7:30AM.

The tenants on the 3 stories of our building's south side were forced awake.

We had NO ADVANCE NOTICE of the work.

Selma Park and several blocks of SELMA AVENUE have recently become

enclaves of our homeless citizenry.

What is the City of Los Angeles doing to assist these taxpayers and sometimes

VOTERS?

Thank you,

Romulus Zamora

Furthermore, it should also be noted that on Dec 15th or 16th, a homeless woman jumped the fence to take shelter from the rain in one of the school bathrooms, whereupon two 6th grade female STUDENTS encountered her partially in a state of undress (according to my daughter) as she was likely trying to dry herself off. The woman was agitated and unpleasant to the girls who then notified staff. The woman changed her tune when the principal confronted her, apologizing, saying she thought the school had already gone on the holiday break. Police were summoned, as they happened to already be on school grounds delivery gifts to the students of Selma.

Today there was a man with a black beanie pulled down over his entire face, screaming obscenities as students had to walk past him to enter school property. This is frightening for children and parents. We don't feel safe outside the gates and now we have concerns about our children's safety inside the campus.

This is a serious safety matter and I just wanted to be sure our concerns were expressed in writing.

Sincerely,
Melissa Geiger Schrift

HOLLYWOOD FIELD REPORT
JANUARY 9 – 13, 2017
FIELD DEPUTY DAN HALDEN

Meeting: Hollywood Studio District NC

Monday, January 9th

I attended the monthly HSDNC meeting to give my report. I also stayed for most of the meeting to hear an item the board was considering regarding homeless feeding on the public right-of-way. There was significant stakeholder opposition to the Resolution that was in front of the board. The item was sent back to the NC's ad hoc committee on homelessness.

Meeting: Hollywood Blvd Food Trucks

Tuesday, January 10th

I had a meeting with County Health, LAPD, LADOT and City Attorney to discuss the ongoing matter of food trucks illegally parking on Hollywood Blvd. Last week, one of the regular vendors was suspended for at least two weeks due to multiple health code violations. There is now a stronger relationship with County Health than there has been in the past, and we are getting good responsiveness from the agency.

Conference Call: EaCa Alley

Tuesday, January 10th

AY and I had a conference call with City Attorney and BOE to discuss EaCa Alley. I can provide details as needed.

Meeting re: Tour Bus Parking

Tuesday, January 10th

I had a meeting with Brandon Helfer and Scott Sanchez of Proper Parking, a company in Hollywood that operates tour bus coaches and also manages several parking lots. They are the long-term tenant of a lot at Franklin/Highland on the CD4 side. They are currently applying for a CUP that would allow them to pave the site and formalize it as a parking lot. Assuming they get the CUP, they are also interested in leasing some of the spaces for monthly rentals by tour buses. This would allow us to remove the staging area on Hawthorn Avenue, a major request from Hollywood High School.

Since the location is in CD4, I connected with them and provided the contact information for Proper Parking. On the matter of the CUP, I deferred the issue to them but briefed them of our interest in resolving the tour bus issue.

Meeting re: Stratford School Parking

Wednesday, January 11th

I had a meeting with LADOT and Stratford School, located at 1200 N Cahuenga Boulevard (kitty corner from Hollywood Recreation Center). We are going to replace the "No Parking

Hi Glendy and Vicky:

Happy New Year and I hope you are doing well! I am organizing a meeting next week – Thursday January 12th at 10:00 AM – to discuss Selma Park.

We will be meeting with several members of the community including residents, non-profits, etc. We would really like to include Selma Elementary School in this discussion.

Would either of you (or someone from the school) be available?

Please advise, and thanks!

MAYOR ERIC GARCETTI

Los Angeles City Hall

Dear Mayor Garcetti:

I live next to the Los Angeles Gay & Lesbian Center.

On our apartment building's south side is SELMA PARK.

When you were our district councilman you approved creation of Selma Park.

Among the designs you approved were for the planting of several trees

and their being encircled by concrete rings.

The CITY PARKS Department has now discovered that these concrete rings

are DAMAGING the trees.

This morning a crew with jackhammers began breaking up the concrete

EARLIER than the legal noisy work start time of 7:30AM.

The tenants on the 3 stories of our building's south side were forced awake.

We had NO ADVANCE NOTICE of the work.

Selma Park and several blocks of SELMA AVENUE have recently become

enclaves of our homeless citizenry.

What is the City of Los Angeles doing to assist these taxpayers and sometimes

VOTERS?

Thank you.

V. New Business: Morrison advised the committee that it has been customary at the end of the year for the HPOA board to set aside some remaining contingency dollars to provide small grants to local nonprofit partners who are resources with respect to homelessness. The three organizations, Housing Works, My Friend's Place and The Center at Blessed Sacrament presented a summary of their operations and how the grants from 2015 were able to support their work in Hollywood. John Tronson indicated that the board will be considering similar allocations at their meeting the next day.

VI. Next Meeting: The next meeting is tentatively scheduled for January 11, 2016.

VII. Adjournment: There being no further business the meeting was adjourned at 11:20 a.m.

very intimidating place for children and families to visit. With respect to Selma Park, she indicated that after a meeting with city officials, it has been determined that the park will be closed for reseeding of the grass and the implementation of repairs. While that is underway, staff will organize various organizations and schools to come together to activate the park for children and families: Selma Elementary School, Blessed Sacrament, the YMCA, PAL and others.

ii. County Sales Tax: Morrison briefed the committee on action taken last week by the LA County Board of Supervisors. They voted: (1) to declare a state of emergency in the county with respect to the homeless situation; and (2) to place a ¼ cent special sales tax on the March ballot to raise $355 M a year for 10 years for homeless services. Both BID Boards will be asked as to whether they would like to add their name to the list of endorsing organizations.

iii. Salvation Army/Greater West Hollywood Food Coalition: Morrison briefed the board on the plans announced by the SA on October 28 that they are proceeding to invite the GWHFC to feed on their property, five nights a week, starting Jan 1. Morrison described some recent meetings on this topic, including an Open House organized by the SA on November29, 2106 in which virtually all of the neighboring owners showed up. Concern was expressed that the SA proceeded to consummate this arrangement with no discussion with their neighbors, despite repealed assurances that this would occur.

b. Street Character issue. Joe Mariani reported that he had attended another meeting to work out logistics related to the city plan to distribute 20 passes a day to individuals wanting to pose as street characters for tips in the zone from Highland to Orange. There are still a number of key issues to work out including:

   i. Who would distribute the passes each day?
   ii. How would behavior be punished if the character violates the rules – especially if there is no expectation that a name is collected at the time a character receives a pass?
   iii. What would happen if characters ignore the rule?

Mariani also asked that if the BID served as the distribution agent for the passes the HPOA would need to be fully indemnified by the City before an agreement is signed. The topic is still being discussed at the City level and more information should be available in January.

B. Andrews International: Steve Seyler presented the report for the period 11-1-16 and 12-4-16 and shared some highlights. He said that calls for service had leveled out. He introduced the outreach worker, Max Moore, who has been brought on for a pilot period to do actual on-the street outreach and engagement with the homeless population in both BIDs. Max shared two success stories of intervention: one involving a 73 year old woman who had been living on a bus bench near AMDA, and a second involving a former Superman street character who had succumbed to drug addiction.

C. LAPD: The senior lead officers who attended on behalf of LAPD expressed some of the challenges they are facing with respect to homeless encampments. In particular, in instances where individuals are clearly separating their trash from private belongings, the Dept. of Sanitation is refusing to pick this up. The committee generally discussed the current crisis in the city and the fact that there are no longer any adult shelter beds in Hollywood.

Committee Notes – Joint Meeting
Security Committee- Hollywood Entertainment District, Sunset and Vine BID
December 14, 2016
6562 Hollywood Blvd

Attendance: **HED Committee Members present:** John Tronson. Not present: Carol Massie, Frank Babich, George Younan, Derrick Malec, Monica Yamada, Chad Lewis, Brian Johnson. **SVBID Committee Members present:** Fred Rosenthal, Fabio Conti, Bill Humphrey, Anthony Bell. Not present: Leah Clement, Anthony Bell. **Liaisons:** Steve Seyler, John Adams, Kai Nam, Bill Farrar, Max Moore, Andrews International. **Staff:** Kerry Morrison, Joseph Mariani. **LAPD:** Senior Lead Officers Joe Eubanks, Irv Isabella, Paul Jordan. Guests: Celina Alvarez, Housing Works; Alex Davis, The Center at Blessed Sacrament; Susan Dutra, My Friend's Place; Shelby Winston, Madame Tussaud's Hollywood; Aram Haroutonign, Harts Café; Mike, Hot Rock.

I. Call to Order: The meeting was called to order at 10:05 a.m.

II. Public Comment: There were several local businesses present who presented concerns to the committee regarding the food trucks that have overtaken a few parking spots every single day. The business owners that spoke indicated that vehicles will "reserve" those spaces as early as 3 a.m. so that the food trucks can swoop in. Morrison indicated that this has been a top priority in her regular meetings with the council office at city attorney/neighborhood prosecutor. In fact, due to the good work of one of the employees at Hollywood Hot Rock, license plates were captured over the past month and the city attorney was able to document the flagrant violation of laws. One of the cars had received 73 tickets over six months; a second vehicle had received 35 tickets over 90 days. She said that her staff is researching whether there are nay examples of "scofflaw laws" in this country that could be considered for LA. She asked for additional time to work with the city on solutions.

John Tronson asked Joe Mariani to go ahead and report on the city's accelerated plan to pass a sidewalk vending ordinance, since that was pertinent to the discussion regarding the food trucks. Mariani informed the board that he had attended the LA City Council's Public Works and Gang Reduction Committee hearing on Monday (12/12) where the committee reviewed the proposed framework to legalize sidewalk vending in Los Angeles. Mariani spoke during public comment at the meeting and informed the council members that the two BIDS are asking for a clear and concise opt out option for communities that are not geared to support sidewalk vending. Currently the committee is considering and "opt out" option to be included in the framework with a 20% threshold. What the threshold is comprised of at this point is still up for discussion. The committee is proposing 20% of businesses or property owners as the requirement. The City is putting the item on the fast track for a approval and as it stands now would be considered in January before City Council. Mariani said he and Morrison we will be working on letters to Councilmember O'Farrell to express the BIDs concerns with the framework and reiterate the importance of an "opt out" option.

III. Meeting Notes: Apologies from the staff, there were no meeting notes assembled after the November meeting.

IV. Reports

- A. Staff Report:
  - a. Homeless Issues
    - i. Encampments: Morrison reported that the BID and the LAPD continue to struggle with several homeless encampments that have cropped up. In particular, there is a concentration of people who have started living at Cherokee and Selma, and also Selma Park has become an encampment and has become a

Homeless encampment Schrader / Selma area

Dear Dan Halden CD13,

There is an ongoing homeless encampment on Schrader and Selma. It also involves drug use with needles and other public health issues.

Can someone please reach out and offer services to the people and and clean and sanitize the sidewalks , park and area.

The homeless are not removing their belongings...and belongings remain on the sidewalk 24 hrs a day.

One of my kids goes to Larchmont charter middle school on Selma campus. Walking to school there is not as safe as it should be and now many avoid it if possible.

Selma Park that used to be a great pocket park and was attended by local parents daily in the past ... now is toxic and unsafe.

In the evening it has been very unsafe walking in that area and going to from the YMCA is a gauntlet of tents , debris and feces/urine.... at this point many avoid walking there especially at night and even teachers are instructed not to walk alone....
The recent crime reports reflect some of this as well...
It's often I see police and bid security, loud arguments among the transient group and my kids have witnessed these confrontations as well.

Please do what you can and what resources you have to provide some safety and balance to that area. Please offer resources and services to the people experiencing homelessness. Please ask the city to provide resources to the community for public health, safety and clean up of the surrounding area / sidewalk.

Please forward this note to the LAPD Senior Lead Officer for the area as well as I don't have their contact information.

Thanks
Kevin

It's not even 7:30AM and there's a CREW outside our MANSON apartment windows

with a JACKHAMMER breaking up stone work TAXPAYERS PAID FOR around the TREES

in SELMA PARK.

Daniel, you've enjoyed your HOLIDAY VACATION.

PLEASE TELL ME TODAY what is going on.

And why so EARLY.

The homeless have NEVER BEEN SO LOUD or SO DISTURBED our tenants

as your CREW!!!!!

The entire SOUTH SIDE of our building is being FORCED AWAKE.

Thank you,

Romulus

Got to the bottom of it.

Apparently whoever designed SELMA PARK and put cement rings

around the trees didn't know what they were doing, Dan.

The rings were hurting the trees.

The PARKS Department came in and jackhammered the rings

so the trees can grow properly.

Dan,

Mike Dundas from my office is going to start doing some Rec & Park work, too. Would you mind sending him the invitation as well. (I have no idea whether he's free then, but he'll likely attend if he can.)

Please take a moment to write a letter to the LA Times expressing support for what Mitch is trying to accomplish. They have missed the point entirely, and are not aware of what is happening here in our only park in Hollywood. We will be submitting one on behalf of both BIDs. We are also using social media to counteract this, and posted a photo from today, which shows at least 20 people lying around in the park today. This is not the ideal place to come and play chess, or "eat a donut," as the Times editorial suggests.

Here are instructions:

Our councilmember deserves our support – as the media is off to the races with a story they have misconstrued.

The media has picked up on a motion introduced by the Councilmember to explore how to limit access by adults to a children's play area.

http://clkrep.lacity.org/onlinedocs/2016/16-1456_mot_12-14-2016.pdf

They obviously are not aware of the situation we are facing in Selma Park, ever since a "community activist" demanded that the children's play area signs be taken down in half of the park. It has become a neighborhood nuisance, and no one wants to use the park – adults or children.

The media is very critical of Mitch's motion. See LA Times editorial today

http://www.latimes.com/opinion/editorials/la-ed-playground-ban-20161227-story.html

and a piece of bad reporting on KTLA today

http://ktla.com/2016/12/28/l-a-considers-playground-ban-on-single-adults/

Dear Dan:

Hope you're enjoying your holidays.

Things are getting worse at Selma Park.
Today 2 white men got into a fight.
It would have been pointless to call 911
because it was soon over.

Such violent eruptions, along with shouting matches
continue to disrupt the quiet of our residential area.

Maybe we should convene a meeting of the LA Council
on Selma Avenue to see what the MAYOR and elected officials
will do to address the plight of the homeless.
Dumping them in our neighborhood is not working.

Meeting: Stuart Bell

Wednesday, December 7th

I met with Stuart Bell, a resident at The W in Hollywood, who had some traffic-related concerns on his street. I will follow up accordingly.

Meeting: Triangle Square Residents

Wednesday, December 7th

I met with about 20 residents at Triangle Square to discuss the ongoing *Star Wars* street closure as well as other issues of concern. It was a very positive meeting.

Meeting: Iguana Clothing

Wednesday, December 7th

I met with the owner of Iguana Clothing on Hollywood Blvd who had contacted me regarding *Star Wars* as well as some other quality of life questions and concerns.

Meeting: First Baptist Church re: Safe Routes to Schools Project

Thursday, December 8th

I met with the owner of the First Baptist Church, along with BOE engineers, to discuss the Safe Routes to Schools project on Selma Avenue, specifically the proposed bump out at the SE corner of Selma and Las Palmas. Per the property owner's request, the bump out will be comprised of decomposed granite with one or two trees, since that is easier to maintain than landscaping.

Event: Dolores Mission School – Hollywood Museum

Thursday, December 8th

I represented MOF at the annual visit by the Dolores Mission School to the Hollywood Museum. I presented two certificates on MOF's behalf.

Meeting: Stephen Fletcher

Friday, December 9th

I met with Hollywood resident Stephen Fletcher, who lives at Franklin Place and Las Palmas Avenue. "Fletch" moved here a couple of years ago and has gotten very involved in the neighborhood. I will follow up with him on various items.

HOLLYWOOD FIELD REPORT
DECEMBER 5 – 9, 2016
FIELD DEPUTY DAN HALDEN

Meeting: Greater West Hollywood Food Coalition
Monday, December 5th
MSR and I had a meeting with Tim Deegan and Sherry Bonanno of the GWHFC to discuss their upcoming feeding program at the Salvation Army Hollywood campus. I can provide more details in person.

Meeting: WeWork Hollywood
Monday, December 5th
CR, AA and I staffed MOF at this tour of the WeWork Hollywood creative office campus.

Meeting: 1611 Schrader Blvd Property Management & Neighbors
Tuesday, December 6th
I met with the property managers and residents of 1611 Schrader Blvd, an apartment building next to Selma Park, to discuss issues at the park.

Meeting: Columbia Square
Tuesday, December 6th
CR and I had a meeting at the new Columbia Square residential tower to see the community room and other facilities. The community room is now open for neighborhood council (and other) meetings.

Meeting: Hollywood Wayfinding Signage Project
Tuesday, December 6th
I had a meeting with the Hollywood BID and other stakeholders – the first of several "steering committee" meetings – to discuss the three concurrent wayfinding signage projects in Hollywood. There will be several more meetings over the next few months to help design and implement the project.

Meeting: Hollywood Historic Trust
Tuesday, December 6th
CR and I went to the quarterly meeting of the Hollywood Historic Trust. We discussed various issues including our desire to repair the Hollywood Blvd bump outs and to seek alternatives to terrazzo along the Walk of Fame.

Meeting: Run to Remember 2017
Tuesday, December 6th
I met with the organizer of the Run to Remember, which will be held on February 12, 2017. This is the second annual event in Los Angeles, and will follow the exact same route as last year, beginning and ending at the Grove. It winds through CD4, CD5 and CD13.

Good morning, all:

I'm writing to you regarding Selma Park, a pocket part in Hollywood at the corner of Selma and Schrader. As I believe you know, recently our office has received several complaints and concerns from the surrounding neighbors regarding issues in the park.

I'd like to arrange an "all hands on deck" meeting to discuss these issues and concerns, and to brainstorm possible remedies.

I am requesting attendance from the following agencies/organizations at this meeting:

LAPD
Officer Paul Jordan

City Attorney
Steve Houchin, Strefan Fauble (City Attorney for Rec and Parks)

Recreation and Parks
Sophia Pina Cortez, Jose Monge, Albert Torres

Please let me know your availability during the following days:

Tuesday 11/29 - BETWEEN 10:00 AM and 5:00 PM
Wednesday 11/30 - BETWEEN 10:00 AM and 5:00 PM

I look forward to hearing from you.

Thursday, December 1st
I held the monthly meeting. Three items were presented, none of them major closures. All were approved.

Meeting: HOPE Team
Thursday, December 1st
I met with Captain Palka, NP Steve Houchin, the West Bureau HOPE Team and various stakeholders to discuss the HOPE Team's work and specifically its progress so far in Pacific Division with an organization called the Homeless Task Force, which has been very successful in providing shelter and housing for homeless individuals.

Meeting: Hollywood Property Owners Alliance
Friday, December 2nd
I met with the BID for our monthly get-together. I can provide details as needed.

Meeting: Hollywood/Highland Public Safety Initiative
Friday, December 2nd
MOF, DG, SP, AY and I met with LAPD, City Attorney, CLA, the BID and Chamber to discuss the H/H Public Safety Initiative. I can provide details as needed.

HOLLYWOOD FIELD REPORT
NOVEMBER 28 – DECEMBER 2, 2016
FIELD DEPUTY DAN HALDEN

Meeting: Central Hollywood NC

Monday, November 28th

I attended the monthly board meeting of the CHNC and gave a report on various items. I also stayed for the bulk of the meeting to discuss our office's support of a proposed temporary PPD application on two blocks of Cahuenga, between Fountain and Lexington. The board voted to write a letter of support for the PPD.

Meeting: Anthony Conley

Tuesday, November 29th

I had a field meeting with Anthony Conley, a constituent in Hollywood who is a new board member of the Hollywood Studio District NC. I met with Anthony in his neighborhood to discuss some beautification possibilities, parking enforcement issues, etc.

Meeting: Travis Wester

Tuesday, November 29th

I had a field meeting with Travis Wester, a constituent who lives on Hawthorn Aveune and whose daughter attends Canyon School, also located in our district. Travis and I have corresponded regarding various issues over the years and I wanted to sit down with him to discuss how things are going in more depth. Travis is particularly interested in Selma Park, which he used to frequent with his daughter.

Meeting: Montalban CUB Renewal

Tuesday, November 29th

CR and I met with LAPD Vice and reps from the Montalban to discuss their pending CUB renewal. They are requesting to transfer from beer/wine to a full line of alcohol. I requested that they go before CHNC and meet with the residents of Triangle Square prior to their hearing in January.

Event: Salvation Army Open House

Tuesday, November 29th

I attended the open house hosted by the Salvation Army in advance of their partnership with the Greater West Hollywood Food Coalition, beginning in January.

Event: Hollywood Chamber of Commerce Entertainment Conference

Wednesday, November 30th

I staffed MOF at this event.

Hi Jannet,

It was a pleasure speaking to you just now. As promised, I am CCing my counterparts in Hollywood: Steve Houchin (Neighborhood Prosecutor) and Officer Paul Jordan (LAPD Senior Lead Officer).

Officer Jordan and Steve are liaisons to your community along with myself.

We are working to address the concerns that have been raised regarding Selma Park, and we would be happy to come meet with you and some of your interested residents.

Would you be available to meet with us on **Tuesday, December 13th at 1:30 PM?**

About scheduling a meeting at MANSON Apartments

Romulus Zamora Mon, Nov 28, 2016 at 1:38 PM
To: daniel.halden@lacity.org

Hope you had a good holiday, Daniel.

Mine was delicious and refreshing.

JANNET JARA, our apartment manager, just told me of a proposed date for a meeting regarding SELMA PARK.

Regrettably she'll be on vacation out of the country until January.

Please contact her for a date that will work.

Thank you.

Hi all – would it work for you if we hold this meeting in HOLLYWOOD (not Echo Park) so we could actually go to the location itself?

Please let me know. Thanks!

Dan,

Jannet Jara told me that you held a meeting on SELMA PARK this week.

As the owner of our building was here, Jannet was unable to attend.

I knew nothing about the meeting.

Kindly provide us with a summary of what was discussed and resolved.

Thank you.

Hi Daniel

It was nice to see you at the Hollywood Entertainment District offices last week to talk about the Selma Park

I am very happy to see that there will some positive changes to the park in the near future

My supervisor **Audrie Echnoz** Executive Director of the Hollywood YMCA was not able to make but

I will be great if you can add me and her to the future meeting about the park

Her email address is AudrieEchnoz@ymcala.org

Thank you for your time and leadership

Hi Dan,

Thank you for organizing the Friends of Selma Park meeting; I'm excited about the different possibilities. As you know, If you drive by the school, you will notice the numerous tents, shopping carts, and homeless sleeping several feet away from the main entrance of the school. I have received many complaints from Selma and charter parents as well as I have been approached by several community members. I seek your help in resolving this issue by helping to keep our block free of debris, tents, and homeless folks blocking the path to school. I have requested additional support from school police with limited results. Please let me know how we can work together to improve the safety of the Selma Community.

I appreciate your time and consideration.

Thank you,

Good morning and Happy New Year,

I wanted to let you know that I have reported the issues related to human waste, which can be addressed within 24 hours when it is reported.

Regarding the overall situation, we have continued to push for additional resources including outreach, sanitation and enforcement where appropriate.

Best,

When I told the officer that I lived on tamarind Ave and I wanted to park in my complex because I was carrying my baby home. He said I couldn't go because it was blocked off for a crime scene "somebody was stabbed." Not only has our block become unsanitary but it has also become dangerous for everyone.

Current situation in Tamarind/Carlos:

- The Bronson/Carlos street corner is now an open sewer for the homeless people. There's a mound of human feces and toilet paper where they sit on the barrier to defecate, and this has started overflowing across the sidewalk. The other side of the street is also their toilet (between the parked cars and fence) and it stinks of urine and there is often human feces or diarrhea on the sidewalk there. This means there are now no safe sidewalks for pedestrians to exit Carlos on the Bronson side. Residents (including the elderly and children) and their dogs must either walk through this fecal matter and risk carrying hepatitis A and other diseases and bacteria into their own homes, or they are forced to walk on the street among moving traffic. Regular taxpayers get a citation for urinating in public, but these people are being allowed to defecate in the open on a residential street close to a school.
- The people living out of the tan-colored van near the Bronson/tamarind corner have cracked open the base of the street light there and are jacking power from it using flimsy little electrical cables. I doubt this is safe for anyone.
- There is a mattress directly under the trees of 1756 Tamarind that is burned black on one side. At night, this area is usually occupied by solitary homeless people taking drugs between our parked cars and screaming to the void. I think we should all be worried that there may have been a fire out there, considering these buildings are surrounded by flammable trees and vines.

I hope the media CC'd here will note that if/when any fires or diseases break out here, we have been updating LAPD and gov representatives on this unsafe situation for a long time.

The car in front of mine was broken into this past weekend, so I do believe there is suspicious activity going on with the parked automobiles in our street.

I've heard a loud verbal fight going on outside my window. There was suggestive wording (yelling, really) that a weapon was involved. When I called 911, I did not get assurance that this fight was high in their priorities, but to call back if I could see a weapon. Some of the people involved returned back to the area of the trailer that has been parked outside for over a month.

Some time before that, I saw a fight where 2 men were physically fighting over a backpack, to the point of biting each other, right outside my apartment's front gate.

As I was taking my baby out of her car seat right now I noticed an unfamiliar man looking inside of cars. I should not have to fear stepping out of my car with my baby to get inside of where I live. And I debated whether or not I should phone the police because I thought about how long it would take for them to respond to this suspicious person and to have to think twice about calling this in is absurd. As of now there are two tents on Tamarind Ave. and in no way can my one year old walk around her block because of the danger outside her own home.

Please dear Officers, this little street at Tamarind Cul de Sac is the only one left of us to go about our lives. We could no longer use the sidewalk to use our wheelchairs, walkers, strollers, walk our dogs, bring our children to day care and school and ourselves to work and run errands. Please give us, if not the quality of life we deserve, at least our basic rights as upright and decent citizens.
We have for a long time now tolerated the tent city that you have allowed to proliferate along the Carlos area. You have always urged us to be "good neighbors" and we have tried to be so, waiting for the time that the City could finally provide housing to these poor people (which we anticipate to be in January?)

Will you be true to your word about BALANCE of meeting the rights of the residents and respecting the rights of the homeless?

Hi Cora,
Please do encourage everyone to stand up together.
Gradually, the tents are coming up again.
This evening there was the 3rd tent on Tamarind Ave. everyone. Soon, it will be the same as before; all the yelling, drinking, swearing and smoking pot...therefore, we are going only backward, not at all forward...

Where are all these people going to a bathroom, I wonder???!

My Goodness...I feel we are not worth a penny.
Is that what we are showing and teaching our kids?! Those young lives are seeing that the law that is there to protect them is not enforced to protect them, their moms and dads and everyone else around them. That is really sad.

It looks like - being nice just does not work. Do we need to stand up and protest? Something solid has to be done soon before it's too late...

This is really sad all the way around, but we just don't deserve to be treated like we don't matter.

Mike and Strefan,

Please advise regarding Mr. Riskin's latest request. We have provided him documents for CPRA Request CD13.2017.03.25.a via scan, but he is now saying that the documents are "reversed" (we are not sure what that means).

My understanding is we are only required to provide the documents themselves, which we have done, and are under no obligation to provide them in some kind of order.

Please advise regarding the above and how we can respond.

Thanks, Dan, but the pages are reversed, which I realize is *super* easy to do by mistake! Since for some reason you chose to scan these pdfs from paper printouts, if you can't fix this I will still need to come in and make my own scans with the pages in the right order.

thanks again for all your help!

Hello,

My name is Travis Wester, a stakeholder in CD13. Dan, I believe I've met you before at one or two of the CHNC meetings and Chris I've emailed you before about shade structures for Selma Park.

Today, I'm writing about the construction that has just begun at Highland Ave. and Franklin. It looks to be a massive, multi-unit apartment building that will, no doubt, be under construction for years.

However, I'm the parent of a little girl attending preschool at Canyon School, a co-op which is literally across the street from this new construction (our school is on Las Palmas). It shares a City property with a senior citizens' center, and to my knowledge our facility never received any notice of permits, plans, proposals, impact reports, nothing.

The majority of the preschool is outdoors, and the other day the little children were covered in the soot and dirt from the parking lot being ripped up. This should raise all kinds of alarm bells, as while I'm not chemical engineer or cancer researcher I'm fairly certain that dust kicked up from a decades-old parking lot being busted up should probably not be avoided by children under the age of five. As it is, they are literally inhaling this stuff.

I would very much appreciate your help in figuring out how it came to be that this project has moved forward without a school for little children less than 100' away being notified. Surely, there was some kind of EIR or something that was drawn up that took this into consideration? This is clearly a gigantic project, after all.

Please find attached what information we've been able to gather. I look forward to hearing back on this matter soon.

Thank you!

one,
Travis Wester

Travis, this is so terrific – the initiative you have taken.

I think Dan and Parks/Rec will have to run interference on how to do this with the city – but I'm sure where there is a will there is a way. Let me know how I can help.

Hello everyone,

As I've mentioned before, I'm trying to direct some of Central Hollywood Neighborhood Council's funds towards shade structures for our beloved Selma Park.

I met with CHNC's Outreach committee last night and they are very interested in authorizing up to $20,000 for the project. There are, therefore, a number of steps and procedures with the Dept of Parks & Rec that need to take place before they'll write a check and I'm afraid I don't have the first clue how to proceed.

Can one of the Friends of Selma Park kindly direct me to the person or persons I need to communicate with in Parks & Rec? I need to first establish whether this project is at all possible, and then be educated on what steps need to be taken (a contract needs to be drawn up? permits need to be applied for? in some specific order?).

Please find the outline I presented to the Outreach committee, attached (you'll note the dearth of detail).

Thank you so much for any help you can provide!

Hello all,

As I mentioned at our pleasant chess battle / lunch (LOVED the chess pieces Kerry), the CHNC is looking to spend some money and I'd love for it to go towards permanent shade structures for Selma Park. I'm trying to get estimates put together, however I need detailed schematics of the playground facility's "playscape", with equipment heights, measurements, an accurate labeling of true north, and so on.

Is there any way for me to get this material? Sorry to trouble you all, but my google-fu has failed me.

Thank you!

UPDATE Selma Shade Structurething

1 message

Travis Wester Tue, Apr 18, 2017 at 12:02 PM
To: Dan Halden <daniel.halden@lacity.org>

Hi Dan,

So everything went more or less as planned at the Outreach meeting last night in regards to shade structures at Selma Park... the item was tabled until I can get some more and better information put together. They seem eager to try and get this done, and now I have a better idea of what is required to help move it forward.

What would be extremely helpful is to begin a dialog with Parks and Rec. The main note I received is "Have you run any of this by Parks and Rec? What if you can't even do this at all?". I recall there being folks from Parks and Rec at the FoSP meeting when we were throwing about the shade structure idea and it wasn't pure poison, so I'm hoping to begin facilitating that conversation in earnest.

I know we have a Friends of Selma Park meeting next week, but time is of the essence so I'm planning on sending an email to the Parks and Rec folks on the board to see if they can help direct us to the proper personnel (feel free to belay that if you'd rather facilitate that discussion).

As it is, I'm supposed to check in with Angie as soon as I have enough answers to the main issues and roadblocks. Outreach Committee is actually open to have a Special Meeting to address this project, due to the timetable - a good sign of their support!

Thanks for all your help Dan!

Oh, P.S. - please remember to invite Laurie Goldman's clients to the FoSP meetings 😉

AGENDA REQUEST: Shade Structure for Selma

Travis Wester Wed, Apr 12, 2017 at 2:25 PM
To: Dan Halden <daniel.halden@lacity.org>

Hi Dan

Bit of a bone to pick with you, my friend.

I know I wasn't at the last Selma Park meeting, but I told you I'd be taking an estimate to the Outreach Committee. If something was discussed at the meeting that should delay that, I sure wish you would've given me a heads-up.

I'm not sure why you're trying to keep me from taking it to the Outreach Committee though. It's just the committee, and I fully expect to have to go back to them once I hear what hoops *they* want jumped through. The end of FY is coming up fast, so it's best to get this thing rolling, don't you think?

Why can't we initiate the process with the Committee while we're also checking in with Parks & Rec? Is there a protocol against a stakeholder going before a NC *committee* to ask if they're interested in him pursuing a project? Even once we get the Committee to recommend the project, we'd *still* have to take it to the full Board –and I totally agree with you that we would want everything in place before the Board votes.

Perhaps you thought I was trying to take this before the full Board for an up-or-down vote on funds? I'm not.

If you were confused about which body I was asking to appear before, I sure hope you hit Reply All again and clear the air because I was really counting on your support. This email you sent came as a bit of an unpleasant shock.

Thanks Dan.

AGENDA REQUEST: Shade Structure for Selma

Hi all,

We discussed some of these particulars at our last meeting of Selma Park stakeholders. Prior to CHNC voting on providing funding, I think it would be best to first get the estimate from the contractor, and then - for protocol purposes - connect with Recreation and Parks, which would have to approve any installation, funding, etc. for the park.

Additionally, any new equipment of this nature would have to be transferred to the City through the L.A. Parks Foundation.

We are thrilled with all the interest in and positive energy regarding the park, but of course need to make sure that the proper protocol is followed.

Thank you,

AGENDA REQUEST: Shade Structure for Selma

To: Angie Aramayo
Cc: Ferris Wehbe Audrie Echnoz <audrieechnoz@ymcala.org>, Dan Halden <daniel.halden@lacity.org>

Hi Angie

I was hoping to be placed on the agenda for next Monday's meeting of the CHNC Outreach Committee, if possible.

I'd like to propose that some of the CHNC funds go towards building a shade structure for Selma Park's playground - (which gets very hot in the summer!) It comes as part of an effort organized by Councilman O'Ferrell's office to revitalize the park as a more welcoming space for our stakeholders. We (Audrie Echnoz, director of the Hollywood YMCA, who is CC'd, and myself) have been in contact with a contractor who could provide an estimate, and hope to have your Committee recommend it to the Board.

Please let me know what information you will need so that this item can be placed on the agenda.

Thank you!

SELMA PARK (SHADE STRUCTURES)

1 message

Hi Dan

So the estimate for those shade structures are coming in a bit more than I wanted (big surprise).

Quick question, and maybe you could forward this to the Selma Park Friends in Parks and Rec...

If the CHNC paid for the parts, would Parks & Rec be handling the labor?

Could private contractors even work in city parks? Is that the kind of thing that's subcontracted?

In other words, if CHNC purchased the structure itself, could we find money (or city resources) to have it installed?

Thank you so much!!

VI. Adjourn

As a covered entity under Title II of the Americans with Disabilities Act, organizations that contract with the City of Los Angeles do not discriminate on the basis of disability and upon request will provide reasonable accommodation to ensure equal access to its programs, services, and activities. Sign language interpreters, assisted listening devices, or other auxiliary aids and/or services may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72-hours) prior to the meeting by contacting the office of the Hollywood Property Owners Alliance at 323-463-6767.

3. Andrews Contract Amendment
    a. Advisory recommendation re/request for five percent increase: James Bunch and John Adams from Andrews International discussed with the committee a budget to give Andrews personnel associated with the BIDs contract a pay increase. The staff have not received an increase since 2013. The committee asked a few questions related to how the increase would be applied. Both John and James assured the committee that the increased budget would go directly to cover personnel's increased pay and payroll taxes. No other overhead would be paid through this increase. The committee decided to bring the request to both boards at their next meeting for approval.

B. Report from Andrews International: Steve Seyler shared with the committee activities going through the end of January 2017. Seyler reported that the BID is off to a busy start with calls for service almost tracking with last year's pace through the first month. Seyler also updated the committee on the homeless outreach pilot and the status of some radio equipment that had not been working properly.

C. LAPD: Officers Danny Pesqueira and Irv Isabella gave an overview of crime stats for the area. Officer Pesqueira confirmed that the Senior Leads have also been trying to work with DMH and the HOPE car to have them conduct outreach at some of the encampments in the area.

V. New Business: There was no new business.

VI. Next Meeting: The next meeting is scheduled for March 8.

VII. Adjournment: There being no further business the meeting was adjourned at 11:25 a.m.

Committee Notes – Joint Meeting

February 6, 2017
6562 Hollywood Blvd

Attendance: **HED Committee Members present:** John Tronson, Carol Massie, Monica Yamada. **SVBID Committee Members present:** Fabio Conti. **Liaisons:** Steve Seyler, John Adams, James Bunche, Andrews International. **Staff:** Kerry Morrison, Joseph Mariani. **LAPD:** Officer Danny Pesqueira, Officer Irv Isabella. Guests: Mike Harkins, Hollywood & Highland.

I. Call to Order: The meeting was called to order at 10:10 a.m.

II. Public Comment: There was no public comment today.

III. Meeting Notes: The meeting notes from the January 11, 2017 meeting were distributed for review.

IV. Reports

A. Staff Report:

1. Homeless Issues

a. Encampments: Mariani reported that staff had met with the head of External Affairs for ATT and their real estate manager on February 3. The Council Office had organized the meeting and Dan Halden did a great job of bringing adjacent neighbors together to talk about issues related to the property. Additionally, the staff has reached out to the Deputy Director of Sanitation for the City to see how their crews can coordinate with BID cleaning teams to clean areas after encampments have been removed by LAPD or when "bulky items" are left behind.

b. Communication with Elected/Appointed Officials: Mariani reported that Kerry Morrison had sent an email to the Mayor's office and Sanitation to describe the current number of encampments in the two BIDs. She received a response saying that LAPD will be coordinating with Sanitation to try and conduct some outreach in the coming weeks.

c. Outreach to property Owners: Mariani shared with the committee that the BID staff has been actively reaching out to a few owners who have vacant properties to see if there is a way for them to close off private alcoves near the public sidewalk that have been used for criminal activity.

2. City Initiatives

a. Skateboard Enforcement: Mariani informed the committee that "no skateboarding" signs have been installed along the Walk of Fame. There will be a plan to communicate with local schools to educate students and do warnings before enforcement occurs. The Council Office and City Attorney are working out the details.

b. Friends of Selma Park: BID staff is working with the Council Office and community partners such as Selma Elementary, Hollywood High School, YMCA, and others to find ways to program the park on a daily basis. The staff hopes to have more details about a plan available in the coming months.

Seyler also pointed out that arrests continue to be down, relative to past years, but calls for service continue to creep up. The BID Patrol is heavily involved in engaging with, and managing the homeless individuals who are living in the BID, in response to stakeholder calls and complaints. There are less options to initiate a private person's arrest, because the city attorney is not taking as many cases as in past years. BID Patrol has become pretty adept at problem solving.

VI. Report from LAPD – Lt. Ling shared crime stats for the period, and discussed the commitment to work with Dept. of Sanitation to respond to some of the large encampments that had become rooted in the two BIDs. Morrison thanked LAPD for their efforts and noted that board members and stakeholders had noticed the efforts being made. Some specific examples of retail stores experiencing shoplifting on a regular basis, and robberies were also shared. A suspect has been involved in a series of robberies of parking lot attendants at night, and he is being sought. Finally, Lt. Ling reported that as of July 1, the METRO will be contracting with LAPD to patrol the subway stations that fall within the city limits. This will be a new arrangement where Long Beach and LAPD will handle their jurisdictions on the rail lines, and LACO sheriffs will patrol in all other areas.

V. New Business: Morrison shared that the BID Renewal Committee is looking at novel ways to approach public safety in the new BID (between 1919 and 2029). Some ideas will be brought back to the next security committee meeting.

VI. Next Meeting: The next meeting is scheduled for April 12.

VII. Adjournment: There being no further business the meeting was adjourned at 11:20 a.m.

Committee Notes – Joint Meeting

Attendance: **HED Committee Members present:** John Tronson, Gary Goroyan, Chad Lewis, George Younan. **SVBID Committee Members present:** Fred Rosenthal, Fabio Conti, Lea Clement. **Liaisons:** Steve Seyler, John Adams, Andrews International. **Staff:** Kerry Morrison, Joseph Mariani. **LAPD:** Lt. Michael Ling. Guests: Gina Donaldson, sbe; Betsy Davis, Susanna Furios, Kate Uzarowski, Franck Poalo, Church of Scientology International.

I. Call to Order: The meeting was called to order at 10:10 a.m.

II. Public Comment: There was no public comment today.

III. Meeting Notes: The meeting notes from the February 8, 2017 were not yet available.

IV. Reports

- A. Staff Report:
  - a. Homeless Issues
    - i. Measure H. Kerry Morrison reported that with still about 100,000 absentee ballots to be cast, Measure H appeared to achieve the 2/3 voter threshold required, with 67.44% as of this morning. It was a terrific outcome and will yield benefits to the community by late summer. There was general discussion about the election, including the voter's rejection of Measure S. Morrison said that Hollywood would have input into the needs and priorities that need to be funded from the Measure H proceeds. More details will be available next month.
    - ii. Homeless count trends. Morrison indicated that she is working with the security office to reconcile some discrepancies that have arisen in the homeless trend counts that occur. It appears that with the influx of tents into the neighborhood, there has been some confusion about how to count tents versus people. She will hope to get this reconciled by next month to provide a trend report.
- B. City Initiatives:
  - a. Selma Park – Morrison reported that under the leadership of Council District 13, a committee has been created ("Friends of Selma Park") to work on a plan to activate the park on a daily basis this summer. Meetings have been held with local schools, youth groups, the Y and other community members to create a schedule commencing with April 29, the day that the Y will host their Healthy Kids Day.

V. Andrews International Report – Steve Seyler reviewed some of the highlights from his report dated 1-30-17 to 2-26-17. He described how, in conjunction with BID staff, they are identifying hot spots for encampments and crime throughout both BIDS and then coming up with a proactive plan to work with the property owner to help make the areas safer. A good example was an effort undertaken to improve the sidewalks around the ATT building last month, where over 40 people could be sleeping at a given time. The property manager for the local senior citizens housing complex presented ATT with a petition signed by >100 residents who expressed fear to leave their apartments and described people defecating and urinating in their gardens.

Dear Daniel,

Forgive me for losing it Friday.

I appreciate the work you and the heads of the other city agencies involved have done to calm things down at the park.

The incident caused by the loud screamer at Selma Park was extremely unusual and disturbing

occurring after an extended period of relative peace and order which seemed to herald Selma Park's troubles were over.

At 9:11AM today Jannet Jara, our building manager, informed me that **we have a trespasser sitting on our front porch.**

This follows intrusions to our property by several homeless men last night.

As I got no response at Officer Jordan's number,

I phoned the LAPD non-emergency number.

Please let me know what else we can do to deal with this continuing harassment and trespassing.

Thank you.

Dan,

The mayor and most elected officials live in manicured suburbs FAR FROM the DIN of urban life.

They don't suffer HELICOPTERS overhead at all hours of day and night.

Or loud motorists, motor cyclists, and sirens.

There's actually a motorist who drives through Hollywood AFTER MIDNIGHT on the weekends

blowing a car horn customized to blare like a train engine's horn. Maybe it's legal, though not at those hours.

And NO ONE DOES ANYTHING ABOUT IT.

Yes, Selma Park has been relatively quiet recently for which I acknowledge you and the agencies involved.

So when a young topless man started jumping around and screaming at the top of his lungs in the park and outside it

as school children and elderly pedestrians walked by, I found it incredibly STRANGE.

I called Andrews International which thought so little of it as to DO NOTHING.

I even phoned 911 and waited until you picked up your line.

I got no assistance.

Mr. O'Farrell has been elected for another term.

It seems that the only time our elected officials DO ANYTHING

is when they STUFF OUR MAILBOXES AHEAD of ELECTIONS.

It's good to know what is VALUED in Hollywood

and WHAT ISN'T.

Right now I'd rather live in another country.

Hi Dan,

I won't be able to make it to the meeting today, but I wanted to give you a quick update regarding shade structures for the park.

Audrie Echnoz, Director of the YMCA, arranged for a contractor to take measurements and so forth at the Selma Park playground. We should have an estimate soon.

The CHNC Beautification Committee has their next meeting on the 17th, which should be enough time to get the estimate completed. I'm planning on taking it into the Committee and ask for them to fund it.

Bummed I can't be there today, please keep me advised as to our next meeting!

More important than Selma Park

To: daniel.halden@lacity.org

Dear Daniel,

Yesterday SELMA PARK DID NOT OPEN.

It was NOT A FEDERAL HOLIDAY.

It was NOT A COUNTY HOLIDAY.

What happened?

Here's something JAMES FRASCO, Jannet Jara and I are genuinely CONCERNED ABOUT.

What are our LOCAL GOVERNMENT AGENCIES DOING NOW to PREPARE OUR NEIGHBORHOODS for the BIG EARTHQUAKE scientists have promised?

Mr. Frasco wants to know HOW MUCH WATER and FOOD STUFFS each of the Manson Apartment RESIDENTS need ON HAND to prepare.

He once told me that he was willing to provide it and store it to assure our residents survive until LOCAL GOVERNMENT can respond.

As you've introduced JANNET and me to various local government officials (including YMCA administrators),

and PREPARING LOCAL RESIDENTS for an EARTHQUAKE is of keen interest to us,

please IDENTIFY WHO we can contact about this?

Thank you.

Romulus Zamora

I hope you get better soon!

Hi Dan!

So when can we meet for lunch? I would love to learn more about you and Hollywood and chat about the Y Healthy Kids Day and Selma Park reactivation joint venture.

Would you also be able to maybe present the Y with a proclamation on our Healthy Kids Day recognizing our efforts to promote health through community collaborations?

I can send more information if desired...or maybe you can let me know who to follow up with.

I hope to meet up soon and thank you again for all your support thus far. I am loving it here in Hollywood!

Warmly,

Hello Dan,

Unfortunately, I will not be able to attend to today's meeting because Selma's assistant principal is not here. As for suggestions, based on teacher input, we're proposing the following:

- Drawing Class
- Read Alouds
- Yoga Class
- Community Care - the community gets together to clean the park, environmental awareness

Let me know when you have some time to discuss the upcoming Coffee with the Principal on March 1.

Thank you,

Glendy

Hi James, we have our Friends of Selma Park meeting later this week, and I wanted to see if your team had any thoughts about the feasibility of activating the park once a week with a small farmer's market. I would invite you to come to this meeting on Thursday if you're interested in hearing about the other ideas generated – we are meeting at 10:30 a.m.

James, good to talk with you Friday.

Our "Friends" group consists of Blessed Sac school, HHS, Selma Elementary, YMCA, Gay/Lesbian Center, PAL, Parks/Rec and nearby neighbors. (Of course, CD 13 and City Attorney and LAPD). So my question would be – could we do some type of weekly Farmers Market pop up in the Selma Park? We also though it would be fun to have a table where students could sell things from their community gardens at Selma and HHS.

If your team is willing to further discuss, let's consider logistics.

Hi Dan!

Great meeting! What a great group. Everyone seemed genuinely interested in working together to improve the park.

The Y will have summer, winter and SPRING break at the park as often as possible during those season breaks.

We can also have some staff meetings there too.

Additionally, we run a PE program at Selma on Wednesdays and a portion of that could include a walk through the park if the school is okay with that. I can check with Glendy.

The YMCA HKD (Healthy Kids Day) I mentioned, is on April 29th from 10-2. We would love to have you say a few words at our event if possible and we could extend the event to the park. Maybe the Hollywood High Band and Cheer could participate and if you are open to it, we can make this a big day for the community to get healthy!

I am also meeting with the LA Arts Council (I think that's the name) and will ask them to consider maybe some Art in the Park Days. That would be cool!

I am still available to help create a calendar if desired. No one really seemed to jump on that idea so maybe I am still too new. But just know, I am here to partner and really just want the community to be stronger because of all of us together. I look forward to working with you. Please let me know how I can further assist if desired.

Sincerely,

Hi all,

Great meeting yesterday! I look forward to seeing you at the next meeting.

Per our discussion, each organization/school/non-profit – prior to the next meeting, please provide 3-5 realistic "events" you think you could commit to calendaring within the next few months.

We are open to suggestions and working with everyone, together.

Have a great weekend, and stay dry!

Warm Regards,
Dan

Dear Daniel,

Thank you for the opportunity to attend a meeting with agency officers

regarding Selma Park.

I appreciated learning how the "Selma Corridor" has been affected

by the influx of the homeless. Also enjoyed hearing what the principal

of Hollywood High School had to say about their impact on student safety, etc.

I informed the group of my perspective as a Manson Apartment resident

of 20 years. I don't think I have any further insights to contribute.

Will appreciate hearing what decisions and action items are committed to

at your upcoming meetings.

Thank you, Dan.

Best wishes,

Romulus Zamora

Romulus,

Thank you for your message and for all your various conversations and meetings with me over the past few months.

Thank you for advising regarding our upcoming meetings. I totally understand. Please do feel free to contact me and/or provide feedback at any time; it is my privilege to be of service on Mitch's behalf.

Nicole,

This afternoon our team removed all material from Yucca at the gated entrance at Cherokee and Yucca. One of the same males was removed. We also cleared the overflowing public trash can at that location.

I am asking Juan Leon to assign a pressure washing of the location asap. Thanks.

Las Palmas was clear of any encampment. My partner and I stopped the same male that we removed at Yucca from the parking lot. This is the younger male, today wearing dark grey sweatshirt with hoody, dark pants. Red or brown curly hair, 5'11 about 150 lbs.

Selma Park was okay today.

This time it is just a bunch of blankets but they are still blocking our gates. Also, maintenance informed us that there is a man living behind the trash bins at Las Palmas. Please assist us with this situation again. Thanks for all of your help previously in getting the furniture out.

Hi Dan,

Thank you for organizing the Friends of Selma Park meeting; I'm excited about the different possibilities. As you know, If you drive by the school, you will notice the numerous tents, shopping carts, and homeless sleeping several feet away from the main entrance of the school. I have received many complaints from Selma and charter parents as well as I have been approached by several community members. I seek your help in resolving this issue by helping to keep our block free of debris, tents, and homeless folks blocking the path to school. I have requested additional support from school police with limited results. Please let me know how we can work together to improve the safety of the Selma Community.

I appreciate your time and consideration.

Thank you,

Glendy

Hi Daniel

It was nice to see you at the Hollywood Entertainment District offices last week to talk about the Selma Park

I am very happy to see that there will some positive changes to the park in the near future

My supervisor **Audrie Echnoz** Executive Director of the Hollywood YMCA was not able to make but

I will be great if you can add me and her to the future meeting about the park

Her email address is AudrieEchnoz@ymcala.org

Thank you for your time and leadership

See you next month

Dan,

Jannet Jara told me that you held a meeting on SELMA PARK this week.

As the owner of our building was here, Jannet was unable to attend.

I knew nothing about the meeting.

Kindly provide us with a summary of what was discussed and resolved.

Thank you.

Hi Jannet,

It was a pleasure speaking to you just now. As promised, I am CCing my counterparts in Hollywood: Steve Houchin (Neighborhood Prosecutor) and Officer Paul Jordan (LAPD Senior Lead Officer).

Officer Jordan and Steve are liaisons to your community along with myself.

We are working to address the concerns that have been raised regarding Selma Park, and we would be happy to come meet with you and some of your interested residents.

Would you be available to meet with us on **Tuesday, December 13th at 1:30 PM?**

Hi, Daniel,

Jannet told me you're planning to have a meeting here at MANSON APARTMENTS re: SELMA PARK

on TUESDAY. Have you firmed up a time yet?

If it doesn't conflict with a morning appointment, I hope to attend.
Thanks.

HOLLYWOOD FIELD REPORT
NOVEMBER 28 – DECEMBER 2, 2016
FIELD DEPUTY DAN HALDEN

Meeting: Central Hollywood NC

Monday, November 28th

I attended the monthly board meeting of the CHNC and gave a report on various items. I also stayed for the bulk of the meeting to discuss our office's support of a proposed temporary PPD application on two blocks of Cahuenga, between Fountain and Lexington. The board voted to write a letter of support for the PPD.

Meeting: Anthony Conley

Tuesday, November 29th

I had a field meeting with Anthony Conley, a constituent in Hollywood who is a new board member of the Hollywood Studio District NC. I met with Anthony in his neighborhood to discuss some beautification possibilities, parking enforcement issues, etc.

Meeting: Travis Wester

Tuesday, November 29th

I had a field meeting with Travis Wester, a constituent who lives on Hawthorn Aveune and whose daughter attends Canyon School, also located in our district. Travis and I have corresponded regarding various issues over the years and I wanted to sit down with him to discuss how things are going in more depth. Travis is particularly interested in Selma Park, which he used to frequent with his daughter.

Meeting: Montalban CUB Renewal

Tuesday, November 29th

CR and I met with LAPD Vice and reps from the Montalban to discuss their pending CUB renewal. They are requesting to transfer from beer/wine to a full line of alcohol. I requested that they go before CHNC and meet with the residents of Triangle Square prior to their hearing in January.

Event: Salvation Army Open House

Tuesday, November 29th

I attended the open house hosted by the Salvation Army in advance of their partnership with the Greater West Hollywood Food Coalition, beginning in January.

Event: Hollywood Chamber of Commerce Entertainment Conference

Wednesday, November 30th

I staffed MOF at this event.

Meeting: Selma Park

Wednesday, November 30th

MSR and I held a meeting at Selma Park with various City departments. I can provide more details as needed.

Meeting: Street/Sidewalk Closure Committee
Thursday, December 1st
I held the monthly meeting. Three items were presented, none of them major closures. All were approved.

Meeting: HOPE Team
Thursday, December 1st
I met with Captain Palka, NP Steve Houchin, the West Bureau HOPE Team and various stakeholders to discuss the HOPE Team's work and specifically its progress so far in Pacific Division with an organization called the Homeless Task Force, which has been very successful in providing shelter and housing for homeless individuals.

Meeting: Hollywood Property Owners Alliance
Friday, December 2nd
I met with the BID for our monthly get-together. I can provide details as needed.

Meeting: Hollywood/Highland Public Safety Initiative
Friday, December 2nd
MOF, DG, SP, AY and I met with LAPD, City Attorney, CLA, the BID and Chamber to discuss the H/H Public Safety Initiative. I can provide details as needed.

Good morning, all:

I'm writing to you regarding Selma Park, a pocket part in Hollywood at the corner of Selma and Schrader. As I believe you know, recently our office has received several complaints and concerns from the surrounding neighbors regarding issues in the park.

I'd like to arrange an "all hands on deck" meeting to discuss these issues and concerns, and to brainstorm possible remedies.

I am requesting attendance from the following agencies/organizations at this meeting:

LAPD
Officer Paul Jordan

City Attorney
Steve Houchin, Strefan Fauble (City Attorney for Rec and Parks)

Recreation and Parks
Sophia Pina Cortez, Jose Monge, Albert Torres

Please let me know your availability during the following days:

Tuesday 11/29 - BETWEEN 10:00 AM and 5:00 PM
Wednesday 11/30 - BETWEEN 10:00 AM and 5:00 PM

I look forward to hearing from you.

Thank you,

HOLLYWOOD FIELD REPORT
DECEMBER 5 – 9, 2016
FIELD DEPUTY DAN HALDEN

Meeting: Greater West Hollywood Food Coalition

Monday, December 5th

MSR and I had a meeting with Tim Deegan and Sherry Bonanno of the GWHFC to discuss their upcoming feeding program at the Salvation Army Hollywood campus. I can provide more details in person.

Meeting: WeWork Hollywood

Monday, December 5th

CR, AA and I staffed MOF at this tour of the WeWork Hollywood creative office campus.

Meeting: 1611 Schrader Blvd Property Management & Neighbors

Tuesday, December 6th

I met with the property managers and residents of 1611 Schrader Blvd, an apartment building next to Selma Park, to discuss issues at the park.

Meeting: Columbia Square

Tuesday, December 6th

CR and I had a meeting at the new Columbia Square residential tower to see the community room and other facilities. The community room is now open for neighborhood council (and other) meetings.

Meeting: Hollywood Wayfinding Signage Project

Tuesday, December 6th

I had a meeting with the Hollywood BID and other stakeholders – the first of several "steering committee" meetings – to discuss the three concurrent wayfinding signage projects in Hollywood. There will be several more meetings over the next few months to help design and implement the project.

Meeting: Hollywood Historic Trust

Tuesday, December 6th

CR and I went to the quarterly meeting of the Hollywood Historic Trust. We discussed various issues including our desire to repair the Hollywood Blvd bump outs and to seek alternatives to terrazzo along the Walk of Fame.

Meeting: Run to Remember 2017

Tuesday, December 6th

I met with the organizer of the Run to Remember, which will be held on February 12, 2017. This is the second annual event in Los Angeles, and will follow the exact same route as last year, beginning and ending at the Grove. It winds through CD4, CD5 and CD13.

Meeting: Stuart Bell

Wednesday, December 7th

I met with Stuart Bell, a resident at The W in Hollywood, who had some traffic-related concerns on his street. I will follow up accordingly.

Meeting: Triangle Square Residents

Wednesday, December 7th

I met with about 20 residents at Triangle Square to discuss the ongoing *Star Wars* street closure as well as other issues of concern. It was a very positive meeting.

Meeting: Iguana Clothing

Wednesday, December 7th

I met with the owner of Iguana Clothing on Hollywood Blvd who had contacted me regarding *Star Wars* as well as some other quality of life questions and concerns.

Meeting: First Baptist Church re: Safe Routes to Schools Project

Thursday, December 8th

I met with the owner of the First Baptist Church, along with BOE engineers, to discuss the Safe Routes to Schools project on Selma Avenue, specifically the proposed bump out at the SE corner of Selma and Las Palmas. Per the property owner's request, the bump out will be comprised of decomposed granite with one or two trees, since that is easier to maintain than landscaping.

Event: Dolores Mission School – Hollywood Museum

Thursday, December 8th

I represented MOF at the annual visit by the Dolores Mission School to the Hollywood Museum. I presented two certificates on MOF's behalf.

Meeting: Stephen Fletcher

Friday, December 9th

I met with Hollywood resident Stephen Fletcher, who lives at Franklin Place and Las Palmas Avenue. "Fletch" moved here a couple of years ago and has gotten very involved in the neighborhood. I will follow up with him on various items.

Meeting Notice and Agenda for Wed Dec 14 at 10 a.m.

Dan, I'm available to help, if necessary, with the Yucca Rec Center event, but I am not available to assist with the Selma Park/DeLongpre Park event in the evening.

The park should be open, but I can lend you my 1C80 key, just in case.

Violence at Selma Park

Dear Dan:

Hope you're enjoying your holidays.

Things are getting worse at Selma Park.

Today 2 white men got into a fight.

It would have been pointless to call 911

because it was soon over.

Such violent eruptions, along with shouting matches

continue to disrupt the quiet of our residential area.

Maybe we should convene a meeting of the LA Council

on Selma Avenue to see what the MAYOR and elected officials

will do to address the plight of the homeless.

Dumping them in our neighborhood is not working.

Our councilmember deserves our support – as the media is off to the races with a story they have misconstrued.

The media has picked up on a motion introduced by the Councilmember to explore how to limit access by adults to a children's play area.

http://clkrep.lacity.org/onlinedocs/2016/16-1456_mot_12-14-2016.pdf

They obviously are not aware of the situation we are facing in Selma Park, ever since a "community activist" demanded that the children's play area signs be taken down in half of the park. It has become a neighborhood nuisance, and no one wants to use the park – adults or children.

The media is very critical of Mitch's motion. See LA Times editorial today

http://www.latimes.com/opinion/editorials/la-ed-playground-ban-20161227-story.html

and a piece of bad reporting on KTLA today

http://ktla.com/2016/12/28/l-a-considers-playground-ban-on-single-adults/

Please take a moment to write a letter to the LA Times expressing support for what Mitch is trying to accomplish. They have missed the point entirely, and are not aware of what is happening here in our only park in Hollywood. We will be submitting one on behalf of both BIDs. We are also using social media to counteract this, and posted a photo from today, which shows at least 20 people lying around in the park today. This is not the ideal place to come and play chess, or "eat a donut," as the Times editorial suggests.

Apparently whoever designed SELMA PARK and put cement rings

around the trees didn't know what they were doing, Dan.

The rings were hurting the trees.

The PARKS Department came in and jackhammered the rings

so the trees can grow properly.

Homeless encampment Schrader / Selma area

Kevin Landa Fri, Jan 6, 2017 at 5:12 PM
To: Daniel Halden <daniel.halden@lacity.org>
Cc: Michele R Landa Melissa GeigerSchrift >, Coach Jay

Dear Dan Halden CD13,

There is an ongoing homeless encampment on Schrader and Selma. It also involves drug use with needles and other public health issues.

Can someone please reach out and offer services to the people and and clean and sanitize the sidewalks , park and area.

The homeless are not removing their belongings...and belongings remain on the sidewalk 24 hrs a day.

One of my kids goes to Larchmont charter middle school on Selma campus. Walking to school there is not as safe as it should be and now many avoid it if possible.

Selma Park that used to be a great pocket park and was attended by local parents daily in the past ... now is toxic and unsafe.

In the evening it has been very unsafe walking in that area and going to from the YMCA is a gauntlet of tents , debris and feces/urine.... at this point many avoid walking there especially at night and even teachers are instructed not to walk alone....
The recent crime reports reflect some of this as well...
It's often I see police and bid security, loud arguments among the transient group and my kids have witnessed these confrontations as well.

Please do what you can and what resources you have to provide some safety and balance to that area. Please offer resources and services to the people experiencing homelessness. Please ask the city to provide resources to the community for public health, safety and clean up of the surrounding area / sidewalk.

Please forward this note to the LAPD Senior Lead Officer for the area as well as I don't have their contact information.

Thanks
Kevin

Committee Notes – Joint Meeting
Security Committee- Hollywood Entertainment District, Sunset and Vine BID
December 14, 2016
6562 Hollywood Blvd

Attendance: **HED Committee Members present:** John Tronson. Not present: Carol Massie, Frank Babich, George Younan, Derrick Malec, Monica Yamada, Chad Lewis, Brian Johnson. **SVBID Committee Members present:** Fred Rosenthal, Fabio Conti, Bill Humphrey, Anthony Bell. Not present: Leah Clement, Anthony Bell. **Liaisons:** Steve Seyler, John Adams, Kai Nam, Bill Farrar, Max Moore, Andrews International. **Staff:** Kerry Morrison, Joseph Mariani. **LAPD:** Senior Lead Officers Joe Eubanks, Irv Isabella, Paul Jordan. Guests: Celina Alvarez, Housing Works; Alex Davis, The Center at Blessed Sacrament; Susan Dutra, My Friend's Place; Shelby Winston, Madame Tussaud's Hollywood; Aram Haroutonign, Harts Café; Mike, Hot Rock.

I. Call to Order: The meeting was called to order at 10:05 a.m.

II. Public Comment: There were several local businesses present who presented concerns to the committee regarding the food trucks that have overtaken a few parking spots every single day. The business owners that spoke indicated that vehicles will "reserve" those spaces as early as 3 a.m. so that the food trucks can swoop in. Morrison indicated that this has been a top priority in her regular meetings with the council office at city attorney/neighborhood prosecutor. In fact, due to the good work of one of the employees at Hollywood Hot Rock, license plates were captured over the past month and the city attorney was able to document the flagrant violation of laws. One of the cars had received 73 tickets over six months; a second vehicle had received 35 tickets over 90 days. She said that her staff is researching whether there are nay examples of "scofflaw laws" in this country that could be considered for LA. She asked for additional time to work with the city on solutions.

John Tronson asked Joe Mariani to go ahead and report on the city's accelerated plan to pass a sidewalk vending ordinance, since that was pertinent to the discussion regarding the food trucks. Mariani informed the board that he had attended the LA City Council's Public Works and Gang Reduction Committee hearing on Monday (12/12) where the committee reviewed the proposed framework to legalize sidewalk vending in Los Angeles. Mariani spoke during public comment at the meeting and informed the council members that the two BIDS are asking for a clear and concise opt out option for communities that are not geared to support sidewalk vending. Currently the committee is considering and "opt out" option to be included in the framework with a 20% threshold. What the threshold is comprised of at this point is still up for discussion. The committee is proposing 20% of businesses or property owners as the requirement. The City is putting the item on the fast track for a approval and as it stands now would be considered in January before City Council. Mariani said he and Morrison we will be working on letters to Councilmember O'Farrell to express the BIDs concerns with the framework and reiterate the importance of an "opt out" option.

III. Meeting Notes: Apologies from the staff, there were no meeting notes assembled after the November meeting.

IV. Reports

- A. Staff Report:
  - a. Homeless Issues
    - i. Encampments: Morrison reported that the BID and the LAPD continue to struggle with several homeless encampments that have cropped up. In particular, there is a concentration of people who have started living at Cherokee and Selma, and also Selma Park has become an encampment and has become a

very intimidating place for children and families to visit. With respect to Selma Park, she indicated that after a meeting with city officials, it has been determined that the park will be closed for reseeding of the grass and the implementation of repairs. While that is underway, staff will organize various organizations and schools to come together to activate the park for children and families: Selma Elementary School, Blessed Sacrament, the YMCA, PAL and others.

ii. County Sales Tax: Morrison briefed the committee on action taken last week by the LA County Board of Supervisors. They voted: (1) to declare a state of emergency in the county with respect to the homeless situation; and (2) to place a ¼ cent special sales tax on the March ballot to raise $355 M a year for 10 years for homeless services. Both BID Boards will be asked as to whether they would like to add their name to the list of endorsing organizations.

iii. Salvation Army/Greater West Hollywood Food Coalition: Morrison briefed the board on the plans announced by the SA on October 28 that they are proceeding to invite the GWHFC to feed on their property, five nights a week, starting Jan 1. Morrison described some recent meetings on this topic, including an Open House organized by the SA on November29, 2106 in which virtually all of the neighboring owners showed up. Concern was expressed that the SA proceeded to consummate this arrangement with no discussion with their neighbors, despite repealed assurances that this would occur.

b. Street Character issue. Joe Mariani reported that he had attended another meeting to work out logistics related to the city plan to distribute 20 passes a day to individuals wanting to pose as street characters for tips in the zone from Highland to Orange. There are still a number of key issues to work out including:

i. Who would distribute the passes each day?
ii. How would behavior be punished if the character violates the rules – especially if there is no expectation that a name is collected at the time a character receives a pass?
iii. What would happen if characters ignore the rule?

Mariani also asked that if the BID served as the distribution agent for the passes the HPOA would need to be fully indemnified by the City before an agreement is signed. The topic is still being discussed at the City level and more information should be available in January.

B. Andrews International: Steve Seyler presented the report for the period 11-1-16 and 12-4-16 and shared some highlights. He said that calls for service had leveled out. He introduced the outreach worker, Max Moore, who has been brought on for a pilot period to do actual on-the street outreach and engagement with the homeless population in both BIDs. Max shared two success stories of intervention: one involving a 73 year old woman who had been living on a bus bench near AMDA, and a second involving a former Superman street character who had succumbed to drug addiction.

C. LAPD: The senior lead officers who attended on behalf of LAPD expressed some of the challenges they are facing with respect to homeless encampments. In particular, in instances where individuals are clearly separating their trash from private belongings, the Dept. of Sanitation is refusing to pick this up. The committee generally discussed the current crisis in the city and the fact that there are no longer any adult shelter beds in Hollywood.

V. New Business: Morrison advised the committee that it has been customary at the end of the year for the HPOA board to set aside some remaining contingency dollars to provide small grants to local nonprofit partners who are resources with respect to homelessness. The three organizations, Housing Works, My Friend's Place and The Center at Blessed Sacrament presented a summary of their operations and how the grants from 2015 were able to support their work in Hollywood. John Tronson indicated that the board will be considering similar allocations at their meeting the next day.

VI. Next Meeting: The next meeting is tentatively scheduled for January 11, 2016.

VII. Adjournment: There being no further business the meeting was adjourned at 11:20 a.m.

MAYOR ERIC GARCETTI

Los Angeles City Hall

Dear Mayor Garcetti:

I live next to the Los Angeles Gay & Lesbian Center.

On our apartment building's south side is SELMA PARK.

When you were our district councilman you approved creation of Selma Park.

Among the designs you approved were for the planting of several trees

and their being encircled by concrete rings.

The CITY PARKS Department has now discovered that these concrete rings

are DAMAGING the trees.

This morning a crew with jackhammers began breaking up the concrete

EARLIER than the legal noisy work start time of 7:30AM.

The tenants on the 3 stories of our building's south side were forced awake.

We had NO ADVANCE NOTICE of the work.

Selma Park and several blocks of SELMA AVENUE have recently become

enclaves of our homeless citizenry.

What is the City of Los Angeles doing to assist these taxpayers and sometimes

VOTERS?

Thank you.

Romulus Zamora

Hi Glendy and Vicky:

Happy New Year and I hope you are doing well! I am organizing a meeting next week – Thursday January 12th at 10:00 AM – to discuss Selma Park.

We will be meeting with several members of the community including residents, non-profits, etc. We would really like to include Selma Elementary School in this discussion.

Would either of you (or someone from the school) be available?

Please advise, and thanks!

Best Regards,

HOLLYWOOD FIELD REPORT
JANUARY 9 – 13, 2017
FIELD DEPUTY DAN HALDEN

Meeting: Hollywood Studio District NC

Monday, January 9th

I attended the monthly HSDNC meeting to give my report. I also stayed for most of the meeting to hear an item the board was considering regarding homeless feeding on the public right-of-way. There was significant stakeholder opposition to the Resolution that was in front of the board. The item was sent back to the NC's ad hoc committee on homelessness.

Meeting: Hollywood Blvd Food Trucks

Tuesday, January 10th

I had a meeting with County Health, LAPD, LADOT and City Attorney to discuss the ongoing matter of food trucks illegally parking on Hollywood Blvd. Last week, one of the regular vendors was suspended for at least two weeks due to multiple health code violations. There is now a stronger relationship with County Health than there has been in the past, and we are getting good responsiveness from the agency.

Conference Call: EaCa Alley

Tuesday, January 10th

AY and I had a conference call with City Attorney and BOE to discuss EaCa Alley. I can provide details as needed.

Meeting re: Tour Bus Parking

Tuesday, January 10th

I had a meeting with Brandon Helfer and Scott Sanchez of Proper Parking, a company in Hollywood that operates tour bus coaches and also manages several parking lots. They are the long-term tenant of a lot at Franklin/Highland on the CD4 side. They are currently applying for a CUP that would allow them to pave the site and formalize it as a parking lot. Assuming they get the CUP, they are also interested in leasing some of the spaces for monthly rentals by tour buses. This would allow us to remove the staging area on Hawthorn Avenue, a major request from Hollywood High School.

Since the location is in CD4, I connected with them and provided the contact information for Proper Parking. On the matter of the CUP, I deferred the issue to them but briefed them of our interest in resolving the tour bus issue.

Meeting re: Stratford School Parking

Wednesday, January 11th

I had a meeting with LADOT and Stratford School, located at 1200 N Cahuenga Boulevard (kitty corner from Hollywood Recreation Center). We are going to replace the "No Parking

Furthermore, it should also be noted that on Dec 15th or 16th, a homeless woman jumped the fence to take shelter from the rain in one of the school bathrooms, whereupon two 6th grade female STUDENTS encountered her partially in a state of undress (according to my daughter) as she was likely trying to dry herself off. The woman was agitated and unpleasant to the girls who then notified staff. The woman changed her tune when the principal confronted her, apologizing, saying she thought the school had already gone on the holiday break. Police were summoned, as they happened to already be on school grounds delivery gifts to the students of Selma.

Today there was a man with a black beanie pulled down over his entire face, screaming obscenities as students had to walk past him to enter school property. This is frightening for children and parents. We don't feel safe outside the gates and now we have concerns about our children's safety inside the campus.

This is a serious safety matter and I just wanted to be sure our concerns were expressed in writing.

Sincerely,
Melissa Geiger Schrift

While you were our Councilman, you approved some BAD DESIGNS for Selma Park

MAYOR ERIC GARCETTI

Los Angeles City Hall

Dear Mayor Garcetti:

I live next to the Los Angeles Gay & Lesbian Center.

On our apartment building's south side is SELMA PARK.

When you were our district councilman you approved creation of Selma Park.

Among the designs you approved were for the planting of several trees

and their being encircled by concrete rings.

The CITY PARKS Department has now discovered that these concrete rings

are DAMAGING the trees.

This morning a crew with jackhammers began breaking up the concrete

EARLIER than the legal noisy work start time of 7:30AM.

The tenants on the 3 stories of our building's south side were forced awake.

We had NO ADVANCE NOTICE of the work.

Selma Park and several blocks of SELMA AVENUE have recently become

enclaves of our homeless citizenry.

What is the City of Los Angeles doing to assist these taxpayers and sometimes

VOTERS?

Thank you,

Romulus Zamora

Greetings:

Please find attached the Sidewalk Repair Program Tracking Log.

The log is generated by the Sidewalk Repair Program Database and shows the status of sidewalk repair and curb ramp installation sites from several sources including City facilities, sites sourced from the Department on Disability, sites with repairs funded by CDBG and Prop 1C funds, and sites reported by Council Districts.

As always, the sidewalk repair program welcomes a dialogue with Council Districts to ensure accuracy of the data.

Best,

Carl

Hello Ms. Rodriguez

My name is Travis Wester, a stakeholder in CD13, and I was hoping to ask for your advice on how to move forward with a plan to install a shade structure for the playground in Selma Park (corner of Selma and Schrader).

I spoke to Ryan Carpio last night and he said I should contact both the Planning, Construction, and Maintenance Branch of Parks & Rec and yourself regarding the matter. I've checked the list of projects both in design and in construction and it doesn't look like anything is in the works for Selma, but I would be very interested in doing what I could to get some shade for my daughter and her friends.

Would it be possible to put together a mix of public funding and grant money to get it done? Perhaps some fundraising as well (The Y across the street uses that park too)? I've never tried to move forward with anything on this scale before (closest I've come is to get the curb on Orange opposite In-N-Out painted red so cars can pass on the right... small potatoes). Any direction towards who to speak to in Parks & Rec or any other advice you can offer would be greatly appreciated!

Oh, and my wife and I took our daughter (three years old) to the Family Resource Day your office facilitated a couple weeks ago. Great event! Well done.

Thank you for your help!

one,
Travis Wester

Hello,

I live in Hollywood and I love all the great things that you have been working on and wanted to know about green space and parks. I see lots of buildings going up and no where for the kids that live there to play and no updates to the local parks either, such as De longpre and Selma. It would be great to see at least some improvements for my kids (3 active boys) to play and be active and for all the new kids coming into the area. Childhood obesity is still a serious concern and we cannot turn away from the need for places to congregate and play for adults and kids alike.

Thanks for listening,

Danielle Arce

Hi Danielle,

I hope all is well. Your email came through while I was out of town; sorry for the delay in response.

Selma Park is located in CD13, but De Longpre Park is located in CD4. I'm copying CD4 deputy Nikki Ezhari who can provide information on De Longpre Park.

I'm not aware of planned updates for these two parks. Is there something you had in mind?

Regarding the buildings going up in the area: a lot of developments do have "open space" requirements and provide features like dog runs, playground, etc.

Thanks,

Dear Mr. Halden-
I am a citizen of Hollywood and a member of the Hollywood YMCA for 14 years. In the last year there has been a serious change in the managing of Selma Park, at the corner of Selma and Schrader, across from the Y. This pocket park is where day care children from the Y are taken to play in the summer, but lately the park has become home to 8 to 10 homeless people at all times of the day. They camp, drink, play music, change their clothes, smoke weed, spread garbage, and of course, relieve themselves. Many use this as their home base, and the locker rooms at the Y as places to shower, hang out and charge their city-issued cell phones. We at the Y are pretty unhappy about these obviously unhealthy and often inebriated people spending hours in the locker rooms where we bathe and change clothes, but Selma Park is the real vector. In the past police regularly patrolled the park and removed the homeless. There has been no sign of any police intervention in the last year and a solid community of homeless has evolved and entrenched, causing a serious local hygiene problem.
I want to know if community leaders have decided to turn Selma Park over to the homeless, if police have been told to leave them alone. If so, the council needs to take responsibility and provide the park with toilets, showers and more trash barrels. I would also suggest making a separate entrance to the children's play area of the park, so that the Y kids don't have to be led through the mounds of trash and a homeless camp to get to their playground.
And yes, I am a writer and editor for a publishing company, Mr. Halden, but would rather get this addressed through city government channels than go on an editorial rampage.

Dear Mr. Halden-
Friday there were 14 men in the park at 10:00 am, many shirtless and inebriated. This morning there were even more. They've gotten through the gate into the children's play area as of Friday. Attached are two photos from Yelp of men in the locker room at the YMCA, which is now getting low ratings due to the homeless issue, one showing how they store their possessions in the lockers and one of men sleeping on the floor. Worst is that Selma Park is adjacent to Selma Elementary school. The city has built the wonderful affordable housing complex for teachers at the corner of Selma and Cherokee, but how many families will want to live in a neighborhood overrun by intimidating vagrants? I really hope your office can take note and help with this.

Hi Romulus,

I'm CCing your LAPD local senior lead officer Paul Jordan. LAPD 911 can always be called in the event of an emergency.

For specific mental health issues, the County Department of Mental Health (DMH) has a Homeless Outreach & Mobile Engagement (HOME) team that responds to those sorts of calls: http://file.lacounty.gov/SDSInter/dmh/186286_HOMEBrochure10-08.pdf More information can be found in that document including the 24-hour hotline.

I hope this helps.

Thanks,

Dear Dan,

NOTHING has happened since we spoke.

Jannet Jara, our assistant manager, told me that some officers would come to meet here about the situation.

That has not occurred.

Meantime, SELMA PARK hosts a homeless community of about a dozen people daily.

They have been peaceful. One of the managers at the YMCA told me that some of them use their property as a public bathroom.

I'd like to have us take the next step.

Please tell me how I may now be of assistance.

Thank you.

Dan,

First, thanks for the call. I will get back to you regarding the schedule for Prospect Theatre. And, lets talk on Monday regarding the Sidewalk dining. I think they are wrong about the ADA clearance.

Also, I did drive by Selma Park on Saturday. There was about 15 homeless people in the park and tons of their crap. You can see some of it in this photo. I would recommend closing the park for repairs for a week or so to get them to move somewhere else.

Dan, Leron and Kerry,

What is going on with Selma Park, I was at 2 political events this last week and people I was talking to said they would not support the Hollywood Central Park because they were worried that it would be overrun by homeless. They told me to go see what happened to Selma park. I went by Selma Park today and its disgusting. There are tents and about 40 homeless people and this is right next to where kids are playing. Our society sucks if it can't do something about this. We were in NYC for the election results and we didn't see any homeless people. I see Pasadena and other cities are passing ordinances. Let's try to get tough on this......

Dave, we are concerned about this park as well – and are working with the city attorney to see what redress we might have. It is a top priority.

A local activist, Dr. Adrian Riskin, who has been critical of the BID's operations, took it upon himself to ask the city to remove signs that had been in place there since 2008 indicating that this was a children's park. Now those signs only exist on the playground side, but the other side, as you know, has become very intimidating and scary. We are looking at options – could playground equipment, for example, be installed in the entire park and could we reclaim it? We have had complaints from families, and from the YMCA who would like to use it for children's programs.

It is a top priority for us as well – but this individual has been quite intent to compromise our attempts to maintain a quality of life for our community. Here is a glimpse into his campaign to discredit us and "reclaim the park." I can assure you he is not sitting down there right now playing chess.

Kerry,

Here is the photo I took on Saturday and sent to Dan Halden. There were about 10 – 12 homeless camped out there on Saturday. Friday there was some type of homeless get together because I counted 50 – 60. I told Dan the city should just close it temporarily for maintenance until they figure it out.

The continuing SAGA at Selma Park

Daniel,

This morning 5 homeless people in Selma Park, 4 men and a woman, shouted loud threats at each other around 8:25 AM.

Several times they took "fighting" positions and clenched their hands into fists.

I called 911 about it, and when it seemed like they were calming down, declined to request a police officer.

It's possible that one of the black gentlemen stuck a white man after repeatedly telling him to leave him alone.

The black man apparently did not want the police contacted.

They've calmed down now.

I realize the stress these people are under, but they're upsetting our residents on the south side of Manson Apartments.

Yesterday I told Jannet Jara, our assistant manager, that you'd like to arrange a meeting with our tenants about Selma Park.

Please contact her directly at

Let me know how I can help, too.

Thank you.

Hi Romulus,

Good speaking to you just now. I am CCing Senior Lead Officer Paul Jordan. Per our conversation, Paul is your first point of contact with LAPD and he is one of the finest officers in the department. You are in great hands with Paul on all public safety issues.

Regarding the park, I will stay in touch with you regarding next steps.

Please connect me to your apartment manager so I can set up a meeting with her, you and the residents.

Organizers of the posada at Selma Park would like to have the presence of LAPD at their event. They are concerned that children and families will be gathering at the park, and there are likely to be homeless individuals there, as well. It's just a safety precaution they would like to take.

Marty,

This is the same thing I'm hearing. I have been talking to Dan, Leron and Kerry about the homeless situation and what has happened to Selma Park (see attached photo). With this situation I am not sure how we are going to attract any name brand retail. All they have to do is come on a tour and see for themselves.

The subject line got your attention but in reality Old Navy is NOT coming to Hollywood. As some of you might know, I have the retail lease listing on a 13K SF space at 6675 Hollywood Blvd and I have been pinging GAP corporate for weeks who owns the Old Navy brand about coming to Hollywood. As of today, they turned the space down saying Hollywood is too urban. Initially there was interest from the real estate department which prompted me to follow-up. I am speculating hear but as my Old Navy contact stumbled with the term "too urban" I am guessing what she really meant to say is Hollywood is too "gritty". I share this because I think there really needs to be a concerted effort to change a perception of Hollywood that still exist even with all the new development.

Hi Dan!

Great meeting! What a great group. Everyone seemed genuinely interested in working together to improve the park.

The Y will have summer, winter and SPRING break at the park as often as possible during those season breaks.

We can also have some staff meetings there too.

Additionally, we run a PE program at Selma on Wednesdays and a portion of that could include a walk through the park if the school is okay with that. I can check with Glendy.

The YMCA HKD (Healthy Kids Day) I mentioned, is on April 29th from 10-2. We would love to have you say a few words at our event if possible and we could extend the event to the park. Maybe the Hollywood High Band and Cheer could participate and if you are open to it, we can make this a big day for the community to get healthy!

I am also meeting with the LA Arts Council (I think that's the name) and will ask them to consider maybe some Art in the Park Days. That would be cool!

I am still available to help create a calendar if desired. No one really seemed to jump on that idea so maybe I am still too new. But just know, I am here to partner and really just want the community to be stronger because of all of us together. I look forward to working with you. Please let me know how I can further assist if desired.

Sincerely,

Hello Dan,

Unfortunately, I will not be able to attend to today's meeting because Selma's assistant principal is not here. As for suggestions, based on teacher input, we're proposing the following:

- Drawing Class
- Read Alouds
- Yoga Class
- Community Care - the community gets together to clean the park, environmental awareness

Let me know when you have some time to discuss the upcoming Coffee with the Principal on March 1.

Thank you,

Glendy

HOLLYWOOD YMCA/ SELMA PARK "PARK"NERSHIP

1. The Y will have summer, winter and SPRING break at the park as often as possible during those season breaks. Local youth will utilize the playground and surrounding seating areas.
2. We will commit to having some staff meetings there too.
3. Additionally, the YMCA and Selma Elementary collaborate programming on Wednesdays. We would be happy to explore a possible portion of that time to include a walk/play through the park with adult supervision.
4. The YMCA HKD (Healthy Kids Day) will be held April 29th from 10-2. It could prove beneficial to extend the day's programs into the park and possibly tie in a ribbon cutting to express a re-activation including city official and partnership speaking opportunities. We could include the Hollywood Band and Cheer teams. This could also be a good time to do a community walk to raise awareness for the park and our involved partners, the Y, our schools and invested residents. ☺
5. The YMCA does quite a bit of filming on the Y site. Would the park be a potential place for outside holding for extras during appropriate weather? We could work to arrange that. (Some filming goes into the night).
6. The YMCA could provide additional supervision for movies in the park during summer months if the city could sponsor the event.
7. The Y is willing to reach out to additional partners for days such as art *in the park* or theater *at the park.*

I am available to help create a calendar if desired.

I will follow up w/ Travis & Jose re: grants for shade

Respectfully Submitted: Audrie Echnoz, Hollywood YMCA Executive Director: 323-467-4161

History of funding for fiscal year: (Gigi)

Previous funding last fiscal year for this event: (Gigi)

Should we support this year: Yes

Amount being requested by organization: N/A - they are requesting equipment

Amount recommendation & why: $340 -- Esmi priced this out and also spoke with them. They can make do if we simply provide the lights and generator, which is a total cost of $340. We have supported them in years past and I recommend we do so again.

See the price breakdown for this Saturday's event.

I spoke with the organizers & they're ok without mic & all for the sake of them getting lights.

Esmeralda,

- 2000 WT Generator - $125.00
- Microphone - $8.00
- Microphone Stand - $4.00
- Speaker - $75.00
- Speaker Stand - $6.00

I spoke with my supervisor and showed them the site of your event and what you needed lighting wise, and they said you would need at least 3 pole lights and a 7000 WT Generator.

- Pole Lights - $75.00
- 7000 WATT Generator - $265.00

Thank you,

Christopher

I bartend in Beverly Hills and I usually get home around midnight or one o'clock in the morning to see a lot of unacceptable behavior happening. The spray painted RV that has been parked on Carlos (with the large face painted on the back) is a constant hang out place where the homeless drink, break bottles, smoke weed and yell at people returning to their cars from the Pantages or Fonda Theatres.

I have noticed the same car full of young kids keeps parking in the same red zone on Tamarind Ave to smoke weed every morning. I assumed this was a car pool for someone living on the block because it is a daily occurrence, but this morning I noticed that people living in the tents now join them to get high. This happens EVERYDAY of the week at 10 am when I go for a run. That is not an exaggeration, it is routine. I took the following picture of the Kia Rio license plate 6ZOP535 and still have not seen any sort of police respond.

I don't know that we have any options and we don't seem to have any support from the city. If we all start moving out of this area then Hollywood will soon just become another Skid Row. It's a shame that there are families living in this area with children, and other families that bring their children to the church just a parking lot away and still the city has zero urgency or motive to help keep this area safe.

At what point do we seek an attorney to represent us?

The car in front of mine was broken into this past weekend, so I do believe there is suspicious activity going on with the parked automobiles in our street.

I've heard a loud verbal fight going on outside my window. There was suggestive wording (yelling, really) that a weapon was involved. When I called 911, I did not get assurance that this fight was high in their priorities, but to call back if I could see a weapon. Some of the people involved returned back to the area of the trailer that has been parked outside for over a month.

Some time before that, I saw a fight where 2 men were physically fighting over a backpack, to the point of biting each other, right outside my apartment's front gate.

As of now there are two tents on Tamarind Ave. and in no way can my one year old walk around her block because of the danger outside her own home.

Please give us, if not the quality of life we deserve, at least our basic rights as upright and decent citizens.

Where are all these people going to a bathroom, I wonder???!

My Goodness...I feel we are not worth a penny.
Is that what we are showing and teaching our kids?! Those young lives are seeing that the law that is there to protect them is not enforced to protect them, their moms and dads and everyone else around them. That is really sad.

It looks like - being nice just does not work. Do we need to stand up and protest? Something solid has to be done soon before it's too late...

This is really sad all the way around, but we just don't deserve to be treated like we don't matter.

I took the following picture of the Kia Rio license plate 6ZOP535 and still have not seen any sort of police respond.

I don't know that we have any options and we don't seem to have any support from the city. If we all start moving out of this area then Hollywood will soon just become another Skid Row. It's a shame that there are families living in this area with children, and other families that bring their children to the church just a parking lot away and still the city has zero urgency or motive to help keep this area safe.

At what point do we seek an attorney to represent us?

The car in front of mine was broken into this past weekend, so I do believe there is suspicious activity going on with the parked automobiles in our street.

I've heard a loud verbal fight going on outside my window. There was suggestive wording (yelling, really) that a weapon was involved. When I called 911, I did not get assurance that this fight was high in their priorities, but to call back if I could see a weapon. Some of the people involved returned back to the area of the trailer that has been parked outside for over a month.

Some time before that, I saw a fight where 2 men were physically fighting over a backpack, to the point of biting each other, right outside my apartment's front gate.

Current situation in Tamarind/Carlos:

- The Bronson/Carlos street corner is now an open sewer for the homeless people. There's a mound of human feces and toilet paper where they sit on the barrier to defecate, and this has started overflowing across the sidewalk. The other side of the street is also their toilet (between the parked cars and fence) and it stinks of urine and there is often human feces or diarrhea on the sidewalk there. This means there are now no safe sidewalks for pedestrians to exit Carlos on the Bronson side. Residents (including the elderly and children) and their dogs must either walk through this fecal matter and risk carrying hepatitis A and other diseases and bacteria into their own homes, or they are forced to walk on the street among moving traffic. Regular taxpayers get a citation for urinating in public, but these people are being allowed to defecate in the open on a residential street close to a school.
- The people living out of the tan-colored van near the Bronson/tamarind corner have cracked open the base of

the street light there and are jacking power from it using flimsy little electrical cables. I doubt this is safe for anyone.

- There is a mattress directly under the trees of 1756 Tamarind that is burned black on one side. At night, this area is usually occupied by solitary homeless people taking drugs between our parked cars and screaming to the void. I think we should all be worried that there may have been a fire out there, considering these buildings are surrounded by flammable trees and vines.

I hope the media CC'd here will note that if/when any fires or diseases break out here, we have been updating LAPD and gov representatives on this unsafe situation for a long time.

You are requested to submit a lump sum proposal to provide the subject professional services as described in this TOS to complete the project with an estimated total construction cost of $3.8 million. The total design fee shall be $295K ($324K total with 29K as contingency).

SCOPE OF SERVICES

1. Basic Services:
   The project limit of work shall be the entire Hollywood Walk of Fame for the purpose of Assessment. The BOE will secure environmental clearances, including completing the required documentation under the California Environmental Quality Act (CEQA). The BOE also provides the necessary surveys and geotechnical engineering work.

   A. The Consultant, in accordance with the Architectural Services Agreement, shall perform Landscape/Architectural/Engineering PreDesign, Design, and Construction Administrative services, including but not limited to, the preparation of design and construction documents (plans and specifications), related plan check and permit approvals, constructability review, cost estimates, support services during bid and construction, and preparation of related as-built drawings, as described herewith.

   B. All drawings shall be drawn in BIM/Autodesk Revit 2015 or the latest, and on 24 by 36-inch sheets with the BOE title block, of which an electronic copy will be provided by the BOE. The electronic files of the drawings in BIM/Autodesk Revit 2015 or the latest shall be made available to the BOE upon request during any phase of the project and for final assembly of bid/construction documents. Design Documents shall be in English units and shall be completed in conformance with City requirements and comply with current codes.

   C. The Consultant shall coordinate all disciplines, including but not limited to: civil, landscape, architectural, structural, and electrical engineering plans and specifications with all other disciplines.

   D. The Potential Construction Scope of Work:
      * Bump Out Improvements
      * Tree Wells
      * Signage
        - Direction / Way Finding
        - Informational
        - Interpretive

- ADA Raps
- Curb & Gutter Replacements
- Trees Replacements
- Street Furniture
  - Benches
  - Trash Receptacles
- Bus Shelters
- Medians
- Tour Bus Designated Areas
- Drainage Improvements
- Demonstration Terrazzo Replacement Material

E. All disciplines, including but not limited to the civil, landscape, architectural, structural, electrical engineering consultant shall comply with all current and applicable codes and regulations. The Consultant shall provide all the required architectural, civil, structural, and electrical engineering design and construction documents in accordance with but not limited to the following:

- Site Demolition & Construction Plans.
- New Structures Structural Engineering Design.
- Site Improvement Civil Engineering, Landscape, Architectural Design.
-
- Lighting, Power and Data/Telecommunication Systems.
- Camera Monitoring Systems.
- Public Announcement System.
- Grading and Site Drainage Design.
- Electrical Service Load Calculations and Single Line Diagrams.
- Electrical Panel Schedules.
- Lighting Control Diagrams and Details.
- California Energy Commission's Title 24 Compliance Forms for lighting.
- Information and coordination related to utility companies and service connections.
- Coordination with all agencies having jurisdiction, including but not limited to, the Fire Department (LAFD), Department of Building and Safety (LADBS), Bureau of Sanitation (BOS), Information Technology Agency (ITA), Department of General Services (GSD), Department of Water and Power (DWP), and other utility companies as needed, to complete the design and

obtain all necessary approvals.

* Verify and locate all utilities point of connections (POC), including the sizes of all required utility services.
* The site civil engineering shall comply with the City's Low Impact Development Ordinance (LID).
* All Title 24 Calculations shall be done by EnergyPro software. Electrical calculations shall be combined under a single file.

F. The Consultant shall provide Technical Specifications for the entire project in coordination with the BOE (ALL disciplines). The Technical Specifications shall be prepared by an independent professional specification writer, and written in Microsoft Word in CSI Format. The BOE will provide a sample format of the Technical Specifications for reference. The electronic files of the Technical Specifications in Microsoft Word shall be made available to the BOE upon request during any phase of the design and for final assembly of bid/construction documents.

G. The Consultant shall provide cost estimates for the entire HWoF project at specified project intervals. The cost estimates shall be prepared by an independent professional cost estimator.

H. The Consultant shall provide an independent constructability review for the entire project from a third party. The constructability review may be in the form of Value Engineering which may be required in order to bring the cost of the project back into the budget. In addition, the aesthetical design must be approved by the City, local neighborhood, and the Cultural Affairs Commission as part of this Task Order.

I.

J.

K. All work shall be in compliance with all the most current requirements of all applicable codes and regulations, including but not limited to the followings:

* City's Low Impact Development Ordinance (LID).
* City's Standard Urban Stormwater Mitigation Plan (SUSMP).
* City's Standard Specifications for Public works Construction ("Green Book").
* City's Green Building Ordinance.

L. The Consultant shall attend periodic design coordination meetings with the BOE. The Consultant shall attend as many meetings as are necessary to successfully complete the design for the site and the building.

M. The Consultant shall determine the locations and requirements for all relevant utility sources and points of connection. The Consultant shall provide electrical engineering design to ensure uninterrupted power supply to the rest of HWoF, when other sections of the HWoF are interrupted or demolished.

N.

O. The Consultant shall assist the BOE during bid and award phase responding to bidders' Requests for Information (RFIs) and/or issue bid addenda where necessary at no extra charge.

P. The Consultant shall provide full Construction Administration for their related services during construction including but not limited to the following:

- * Attend minimum 60 weekly job site meetings during construction. The duration for demolition and construction is approximately twenty-four (24) months.
- * Review and respond to Requests for Information (RFIs), Shop Drawings and Submittals in a timely manner.

Q. The Consultant shall prepare Record Drawings for their related disciplines from the field as-built plans prepared by the Contractor after construction completion. The final Record Drawings shall be submitted to Engineering in both BIM/Autodesk Revit 2014 and Adobe PDF formats. All plan sheets shall be "bound" in their original digital format when submitted to the BOE.

R. Public Outreach will be coordinated and organized for Design approval by City team. The team will facilitate the following key Community meetings, during the course of the Project:

- o Two (2) Focus Group Meetings with stakeholders, ie: CD13, City Staff, Office of Historic Resources, Chamber, BID, WoF, Historic Trust, etc...
- o One (1) Community Meeting - With Synthesized Information conduct Cutesy Update.

S. The overall goal is to secure environmental approvals as early as possible. The City will be handling the environmental work for the project. The Consultant shall provide technical support services to assist the City's environmental officer.

T. Prepare the necessary presentation documents to the Department of Cultural Affairs (DCA) and Public Art, including elevations, cross-sections and renderings of the cultural artwork and elevated sculptures. Consultant will participate in the selection of the Artist by the DCA for the Public Art aspect of the project.

U.

V. The BOE will provide survey and geotechnical reports for the project upon request by the Consultant. The BOE's Survey Division and Geotechnical Engineering Division shall produce these documents.

X. Quality Assurance / Quality Control (QA)/ (QC) and Constructability Review:
Consultant will develop a QA program to develop procedures and guidelines to assure an acceptable level of quality. A constructability review will be conducted to ensure the contract documents are buildable, biddable, and meet the anticipated construction estimate

2. Project Phases:
The Consultant shall complete the following tasks for each of project phases, for the related design and engineering work as described in the Basic Services above.

A. Pre-Design/Conceptual Phase (PD):
   1. Investigate site conditions and all as-built plans necessary for design programing, design concepts, and related civil, structural, and electrical engineering.
   2. Complete Design Programing and develop a Pre-Design Report.
   3. Develop a minimum of 3 different Conceptual Design. The schemes shall present the benefits to the BOE, Focus Group, and the community. The community shall be represented by a Focus Group.
   4. The Consultant shall provide conceptual architectural and engineering design services, such as architectural, civil, structural, electrical engineering, landscape designs, and other related support services, as needed until a Final Conceptual Design is approved. This Conceptual Design must be presented to the stakeholders for feedback before proceeding further with the Design.
   5. Provide an outline Technical Specifications for the entire project in coordination with the BOE.
   6. Present and obtain conceptual approval from the Cultural Affairs Commission and Capital Project Review Committee.
   7. Provide a rough order of magnitude construction cost estimate for the entire project based on the Final Conceptual Design.

B. Schematic Design Phase (SD):
   1. Provide Schematic Design, including civil, structural, electrical engineering, landscape, and other related support services. Develop Schematic Design as needed until an acceptable scheme is accepted by the City. Consultant shall start with a minimum of 3 different floor plan schemes and building massing.
   2. Attend meetings as necessary with the BOE until the final Schematic Design is approved.
   3. Perform investigation work for site conditions and as-built plans necessary for the related design of the civil, structural, and electrical engineering for the improvements.
   4. Meet with the LAFD, LADBS, BOS, BSL, Planning Dept. and other agencies having jurisdiction for preliminary plan check and reviews for compliance with

grading, structural, and electrical code requirements and incorporate pertinent aspects as appropriate.

5. Coordinate with the DWP and other utility companies to obtain service commitment and identify points of connection for all applicable utility services.
6. Provide drawings and documents necessary to obtain Schematic Design approval from the BOE and the Council District Office.
7. Present and obtain approval from the Cultural Affairs Commission.
8. Provide a Class "C" construction cost estimate for the entire project.
9. Provide outline Technical Specifications for the entire project in coordination with the BOE.
10. Present to the Community Maintenance Committee.
11. Assist and obtain parking variance with Planning Dept.

C. Design Development Phase (DD):

1. Drawings shall illustrate the project in much greater detail than the Final Conceptual Design. Work with the BOE to identify their maintenance and infrastructure needs and design accordingly.
2. Present the 50% Design Development plans to the BOE.
3. Provide Technical Specifications for the entire project, indicating construction methods and materials used, including sizes and quantities of proposed major electrical, security, phone, data, and fire/life safety systems.
4. Present the Design Development plans to the BOE, Council District office, and the community until the Design Development plans are approved.
5. Meet with the LAFD, LADBS, BSS, DWP, and other agencies having jurisdiction for preliminary plan check for compliance with code requirements and incorporate pertinent aspects as appropriate.
6. Provide a Class "B" construction cost estimate for the entire project.

C. Construction Document Phase (CD):

1. Provide Construction Documents in accordance with the approved Design Development phase plans except for any modifications authorized in writing or identified during a Value Engineering session and approved by the BOE.
2. Submit the Construction Documents at fifty percent (50%) and ninety percent (90%) completion to the BOE for review and approval.
3.
4. Submit the ninety percent (90%) Construction Documents to all agencies having jurisdiction, including but not limited to LAFD, LADBS, DWP, and BOS for plan check and obtain "Ready to Issue" permits.
5. Attend meetings as necessary with the BOE and other agencies having jurisdiction until the final Construction Documents are approved by the BOE.
6. Submit Class "A" construction cost estimate for the entire project at ninety percent (90%) completion.
7. Provide final Construction Documents including Technical Specifications and drawings ready to be issued for bid.
8. Provide an independent (third-party) constructability review for the entire project, and complete related plan revisions to address all the comments from the constructability review.

9.
10.

D. Bid and Award Phase (B&A):
The Consultant shall assist the BOE to respond to bidders' RFIs, and prepare clarifications and/or additional bid documents for issuance of bid addendums where necessary.

E. Construction Phase (CON):
1. Attend the pre-construction meeting.
2. Attend weekly job site construction meetings for related work to ascertain progress and compliance of the project for regulatory requirements per instruction above.
3. Review and comment on shop drawings and submittals for related work in a timely manner.
4. Review and respond to RFIs for related work in a timely manner.
5. Review contractor proposed product substitutions in a timely manner.
6. Review the contractor's schedule, advice on the schedule impact of proposed construction change orders.
5. Attend field observation/construction meetings as necessary to resolve design-related construction problems in a timely manner.
6. Provide interpretation of related construction documents and issue clarification drawings as required.
7. Assist with preparation of construction's preliminary change order estimates.
8. Participate in pre-final and final inspections.
9. Provide structural observation as necessary to comply with LADBS.
10.
11.

F. Post-Construction Phase (POST):
1. Incorporate as-built information to the final record drawings for related disciplines after construction completion, indicating all field changes made during construction based on the information provided by the Contractor, including but not be limited to, change orders, clarifications, bulletins, supplemental instructions, addendums, etc. Each drawing sheet shall be prominently marked "AS-BUILT" and dated.

PROJECT SCHEDULE

The following timeline and milestones are to be used for the developing the fee proposal and services breakdown:

Task	Duration	Completion Dates
TOS Award/NTP	-	04/01/19
Planning & Design	12 months	03/31/20

Bid & Award	3 months	06/30/20
Construction	24 months	06/30/22
Post Construction	6 months	12/31/22

The Consultant shall submit a schedule for the proposed work. The schedule may be a bar chart.

PHASES AND FEE PROPOSALS

Please submit your fee proposal for each of the project components noted below and itemize your fees accordingly. In addition, your fee quotation is required to be itemized per project phases; schematic design, design development, construction documents, bid and award, construction, and post construction. This Task Order Solicitation is not an authorization to start work. A Notice to Proceed (NTP) will be issued to authorize work start when your firm has been selected and your fee proposal has been accepted. In addition, an Authorization to Proceed (ATP) will be issued to your firm for each of the subsequent project phases before you may proceed with the work.

TOTAL PROPOSAL AMOUNT:											

SUBMISSION AND FEE PROPOSAL

Submit Four (4) identical hard copies of your proposal along with an electronic version in Adobe PDF format. Each submitted proposal must not exceed 36 double-sided sheets including covers.

The requested fee proposal shall be prepared in accordance with the terms and conditions of your executed Services Agreement. In the event that the prime consultant is including in fee proposal subconsultants not previously included in the prime consultant's Schedule A list of proposed subconsultants, the prime consultant shall first conduct outreach according to the Contract's Business Inclusion Program Article 17. Documentation supporting consultant's outreach efforts to potential subconsultants and evaluation of selected subconsultants must be included as an attachment with the fee proposal. After reviewing the documentation, the BOE staff may approve these sub-consultants as additions to the prime consultant's Schedule A list of proposed sub-consultants per Contract's Article 9 Subconsultant Approval. Submit the names and resumes of your proposed sub-consultants including Schedule B – Task Work Order List of Subconsultants for all proposed subconsultants.

The fee proposal should outline the costs per phase for each service, as well as an estimated cost for reimbursable expenses. Please note that the City shall pay for all the plan check and permit fees. However, the Consultant may be asked to pay for related plan check fees and submit invoices for reimbursement.

NON-COLLUSION AFFIDAVIT

A Non-Collusion Affidavit, attached, must be signed and submitted with your proposal.

COMPENSATION SCHEDULE AND PAYMENT MILESTONES

The Consultant shall be compensated based on the satisfactory completion of each of the project milestones indicated below. A final payment schedule will be issued to the selected consultant based on the final approved fee proposal.

Consultant Payment Schedule:
1. 100% completion of Pre-Design/Conceptual Phase
2. 100% completion of Schematic Design Phase
3. 100% completion of Design Development phase
4. 50% completion of Construction Document phase
5. 100% completion of Construction Document phase (Permits "Ready to Issue")
6. 25% completion of Construction phase
7. 50% completion of Construction phase
8. 75% completion of Construction phase
9. 100% completion of Construction phase
10. 100% completion of As-Built Documents

SELECTION CRITERIA

Proposals shall be evaluated according to the following criteria:

- Demonstrated ability to deliver the design within the approved construction budget as supported by similar completed projects within the last 5 years (25%)

- Ability of the team complete the project design according to the schedule (25%)
- Demonstrated experience with the local community (20%)
- Value of Services based on the Fee proposal. (20%)
- Continuous compliance with the Business Inclusion Program per Contract Article 17 of your contract. The set anticipated participation levels are 18% MBE, 4% WBE, 25% SBE, 8% EBE, and 3% DVBE (10%)

Current situation in Tamarind/Carlos:

- The Bronson/Carlos street corner is now an open sewer for the homeless people. There's a mound of human feces and toilet paper where they sit on the barrier to defecate, and this has started overflowing across the sidewalk. The other side of the street is also their toilet (between the parked cars and fence) and it stinks of urine and there is often human feces or diarrhea on the sidewalk there. This means there are now no safe sidewalks for pedestrians to exit Carlos on the Bronson side. Residents (including the elderly and children) and their dogs must either walk through this fecal matter and risk carrying hepatitis A and other diseases and bacteria into their own homes, or they are forced to walk on the street among moving traffic. Regular taxpayers get a citation for urinating in public, but these people are being allowed to defecate in the open on a residential street close to a school.
- The people living out of the tan-colored van near the Bronson/tamarind corner have cracked open the base of the street light there and are jacking power from it using flimsy little electrical cables. I doubt this is safe for anyone.
- There is a mattress directly under the trees of 1756 Tamarind that is burned black on one side. At night, this area is usually occupied by solitary homeless people taking drugs between our parked cars and screaming to the void. I think we should all be worried that there may have been a fire out there, considering these buildings are surrounded by flammable trees and vines.

I hope the media CC'd here will note that if/when any fires or diseases break out here, we have been updating LAPD and gov representatives on this unsafe situation for a long time.

I've heard a loud verbal fight going on outside my window. There was suggestive wording (yelling, really) that a weapon was involved. When I called 911, I did not get assurance that this fight was high in their priorities, but to call back if I could see a weapon. Some of the people involved returned back to the area of the trailer that has been parked outside for over a month.

Some time before that, I saw a fight where 2 men were physically fighting over a backpack, to the point of biting each other, right outside my apartment's front gate.

Where are all these people going to a bathroom, I wonder???!

My Goodness...I feel we are not worth a penny.
Is that what we are showing and teaching our kids?! Those young lives are seeing that the law that is there to protect them is not enforced to protect them, their moms and dads and everyone else around them. That is really sad.

It looks like - being nice just does not work. Do we need to stand up and protest? Something solid has to be done soon before it's too late...

This is really sad all the way around, but we just don't deserve to be treated like we don't matter.

We live on 1762 Tamarind Ave., which is the last building on our little street and we've seen them many times using our wall as a toilet. They have to go somewhere, somewhere close by...right?!
They don't care...

What I am afraid of is that one day - one of us will be stubbed.

doubt this is safe for anyone.

- There is a mattress directly under the trees of 1756 Tamarind that is burned black on one side. At night, this area is usually occupied by solitary homeless people taking drugs between our parked cars and screaming to the void. I think we should all be worried that there may have been a fire out there, considering these buildings are surrounded by flammable trees and vines.

I hope the media CC'd here will note that if/when any fires or diseases break out here, we have been updating LAPD and gov representatives on this unsafe situation for a long time.

Subject: RE: Clean Teams Appreciation Lunch

FYI: Because of the numerous items in the kitchen, I'm moving the Clean Teams appreciation lunch to the conference room, Wednesday, 12pm.
I talked to Adrian and Jonathan, and told them I'd be getting 3 deep dish pizzas from Masa, and I'll get the sodas and a cake from Vons.

There are 9 total Team members including Adrian and Jonathan.

I expect that we'll be sitting down to eat by 12noon.

Hi, Juan and Michael,

We have a Dumping hot spot that has developed recently on Hollywood Blvd (5604 Hollywood Blvd) the south west corner of Hollywood Blvd & N St Andrews Pl.

I just did a MyLA311 request and used the Address 5602 Hollywood Blvd.

If you can assist us with this we'd really appreciate the help.

Thank you!

I know this probably makes no difference, but there is also drug activity going on which is very concerning. My staff and visitor have been offered drugs when coming and leaving work. it is a very unsafe situation and I wonder if there is any drug enforcement that can be done. It has gotten very worrying and I am very concerned something bad will happen.

We are happy to do anything we can to help.

Good morning Mr Eastwood,

I understand your concern regarding the encampment at Cahuenga & Melrose. This location has been on our list of locations to conduct outreach and enforcement everyday that my Officers from the Hollywood CORE unit are working. They were just out there this morning on foot conducting enforcement. I've also notified the Unified Homeless Response Center, and they plan on sending someone out to the location to evaluate the biohazardous materials. Thank you for your patience and understanding.

Hi Dan,

This morning there is a bottle of what appears to be urine on the street at our entrance.

What should we do about that? Also empty bottles of liquor etc which I cleaned up.

The car in front of mine was broken into this past weekend, so I do believe there is suspicious activity going on with the parked automobiles in our street.

I've heard a loud verbal fight going on outside my window. There was suggestive wording (yelling, really) that a weapon was involved. When I called 911, I did not get assurance that this fight was high in their priorities, but to call back if I could see a weapon. Some of the people involved returned back to the area of the trailer that has been parked outside for over a month.

Some time before that, I saw a fight where 2 men were physically fighting over a backpack, to the point of biting each other, right outside my apartment's front gate.

Please give us, if not the quality of life we deserve, at least our basic rights as upright and decent citizens.
We have for a long time now tolerated the tent city that you have allowed to proliferate along the Carlos area. You have always urged us to be "good neighbors" and we have tried to be so, waiting for the time that the City could finally provide housing to these poor people (which we anticipate to be in January?)

Will you be true to your word about BALANCE of meeting the rights of the residents and respecting the rights of the homeless?

This evening there was the 3rd tent on Tamarind Ave. everyone. Soon, it will be the same as before; all the yelling, drinking, swearing and smoking pot...therefore, we are going only backward, not at all forward...

Where are all these people going to a bathroom, I wonder???!

My Goodness...I feel we are not worth a penny.
Is that what we are showing and teaching our kids?! Those young lives are seeing that the law that is there to protect them is not enforced to protect them, their moms and dads and everyone else around them. That is really sad.

It looks like - being nice just does not work. Do we need to stand up and protest? Something solid has to be done soon before it's too late...

This is really sad all the way around, but we just don't deserve to be treated like we don't matter.

The car in front of mine was broken into this past weekend, so I do believe there is suspicious activity going on with the parked automobiles in our street.

I've heard a loud verbal fight going on outside my window. There was suggestive wording (yelling, really) that a weapon was involved. When I called 911, I did not get assurance that this fight was high in their priorities, but to call back if I could see a weapon. Some of the people involved returned back to the area of the trailer that has been parked outside for over a month.

Some time before that, I saw a fight where 2 men were physically fighting over a backpack, to the point of biting each other, right outside my apartment's front gate.

My understanding is that Qwerty is essentially asking for the paper trail regarding the genesis of any meetings involving Councilmember O'Farrell in 2018, including briefing memos and documents provided once the meeting is scheduled. I have some questions/concerns:

1) I believe some of this is covered under the deliberative process (i.e. CD13 staff gets a request for a meeting and discusses internally whether or not to schedule). Is that correct?

2) Providing associated documents for each of the hundreds of meetings the Councilmember has in a calendar year would likely results in thousands, if not tens of thousands, of pages. It seems appropriate to me that this request be narrowed down. Can I ask Qwerty that they provide a more focused request?

Thank you,

Hi Mr. Halden,
this is a foia for all those reports that mr. O'Farrell's scheduler prepares for him in advance of requested meetings from 2018. Like e.g. some body calls up david Cano and says they want to meet with the C.M. and David Cano looks into them and what they want to talk about and makes a memo for Mr. O'Farrell about it. Those writings are what I am looking for form 2018.

Thank you for all your help

My understanding is that Qwerty is essentially asking for the paper trail regarding the genesis of any meetings involving Councilmember O'Farrell in 2018, including briefing memos and documents provided once the meeting is scheduled. I have some questions/concerns:

1) I believe some of this is covered under the deliberative process (i.e. CD13 staff gets a request for a meeting and discusses internally whether or not to schedule). Is that correct?

2) Providing associated documents for each of the hundreds of meetings the Councilmember has in a calendar year would likely results in thousands, if not tens of thousands, of pages. It seems appropriate to me that this request be narrowed down. Can I ask Qwerty that they provide a more focused request?

Thank you,

Hi Mr. Halden,

this is a foia for all those reports that mr. O'Farrell's scheduler prepares for him in advance of requested meetings from 2018. Like e.g. some body calls up david Cano and says they want to meet with the C.M. and David Cano looks into them and what they want to talk about and makes a memo for Mr. O'Farrell about it. Those writings are what I am looking for form 2018.

Hi Greg,
I am just one of the residents here on Tamarind Ave. and I wanted to express my Gratitude to you for all the efforts and willingness to help us all.

The other night, I was awakened with some screams, girl's screams and could not sleep for the rest of the night. I had a very hard day in front of me, and could not perform to the best of my abilities
because of the lack of sleep. It is terrifying even thinking what might be going on right in front of our doors and there is nothing we could do about it.
I did not dare to go out but was dwelling on...if I should call the police. They usually ask so many questions on which I would have no answers...so, I did not.
From the past experiences, they cannot come that very moment when they truly might be needed, because there is a lot going on in Hollywood. It looks that we just need to wait for something
horrible to happen on these two streets before something will be done.

It is beyond **my understanding that besides the visible law that does not permit anybody who might be dangerous so close to the schools, especially where very little kids are, this is still happening.**
I try to obey the laws and be a decent citizen of this country. It is not easy these days to make a survival for many of us, but we are trying our best and we are working hard.

We've been experiencing this epidemic growing more and more. We have again 2 tents on Tamarind Ave. Longer we let them be here, easier it gets for others to be encouraged to join them.
There is a tent on Carlos Ave., East from Tamarind Ave., on the actual little space on the sidewalk. One has to go around, pass through the parked cars and walk on the street to pass that spot.
And that is OK?! Amazing!

Again, I would like to express my true Gratitude for going an extra mile to possibly help us all. There is a HOPE. Thank You.

Sincerely,
Amalisha.

not MORE) rights to protection to occupy the space we work hard to afford to rent—and pay taxes on top of that—to live? I never threw empty bottles into the street when I was done with them, because no one ever picked up after me.

Guess now I can? According to you, I (or anyone else) could live this way anywhere in LAC? Very sad if you're assuring us this is true. But I somehow doubt it's the case. Why is it being allowed here for so long?

Greg

(2) A map clearly showing LAMC 85.02 forbids anyone (including grown men) from sleeping in their vehicles overnight SO CLOSE to a school (if anyone cared enough to still enforce it, or its intent)

Furthermore,

Nothing has been done since yesterday. However, around 9am I saw a police presence and garbage trucks on Gower under the 101. Yet bulk items on sidewalks & trash in the streets remain literally just around the corner (and authorities most likely should have been aware, given the legend of this area, if not my emails?)

SHANNON—

- With all due respect, it rains very infrequently. On this occasion, only one day. This week: 2 so far. Not at all in between

- I know you said you're not responsible for anyone else's team or squad or patrol, but truthfully encampments are regulated more frequently on Gower under the 101 and other high visibility places in the community than they are here. But by whose authority? Who says the same laws don't apply here?

No offensive was intended by looping in the other residents to my previous response. I just have a lot of obligations and, tho I do hope to inspire fellow residents to communicate their concerns, I only have time to send one email about one thing ... and also accept I can be verbose. Ultimately I thought it was important for my neighbors to have record of LAPD they can contact if 911 and non-emergency falls short, since emails eventually bounce back in time

Please do what you can as defined by the laws by which we are governed alike to combat the obvious violations in our tax paying family centric community

Hello Greg,

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

If you have any questions please do not hesitate to email me directly.

Subject: Re: Encampment @ Carlos & Bronson and Cul de sac at Tamarind

I wish I could have made time to reach out sooner (unfortunately mine is not a life of leisure,
but of course, whose is?). Regrettably I must convey the local

encampment is getting out of control.
Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

BMW Green 4dr
CA 6PWM915 Exp 12/2016
+
Mini-van (clustering this area)
+
White sports coupe
+
Ford F250 Super Duty pickup
Alabama 47PB442 Exp 3/2017
*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

The discarded furniture that's been blocking our sidewalk since last Monday (when we were told you were actively removing the bulk items) still remain. Only now they're soaked in rain and tagged. People camping in their vehicles overnight (some of which I described previously) also remain despite the proximity to the children/school zone. The two vehicles I provided plate #s for previously have moved. I suppose to be effective I need to provide plate #s for ALL vehicles in violation? Although it seems irresponsible to ask this of residents, as the vehicle occupants may take issue with/retaliate against ppl recording their vehicle info, here's a hot tip: any vehicle with towels, blankets, sheets or tarps covering their windows or parts of their vehicles tend to have ppl sleeping/living inside. Otherwise, here's a current list of vehicles on Carlos Ave:

- Green Van (covered in garbage) Toyota Sienna
CA 4Hbc890 with motor scooter (covered w/ sheets)
*possible mental health issues
- White Toyota Corolla CA 8FCF545
- Lt blue or silver Toyota CA 7nby323
- RV covered in graphitti Ca 7ybc433

I understand one of those vehicles is home to a couple with a baby who have already been placed in housing but continue to return because they "miss their friends"

It's reassuring to hear you validate this encampment is "Hollywood's largest and most entrenched", but instead of finding a balance officials need to establish order and enforce the law. I am not sure why the YWCA or Bridge Home shelters would have anything to do with a consistent police presence at the Carlos encampment—None of the ppl living here for the past year would live I either of those places and I can't imagine the police are actively involved in the construction.

When we met earlier this year, you spoke of an anchor to every encampment as if you had cracked the code. But from my POV it looks as if the LAPD is the anchor that keeps this encampment in place. (And comfortable in the fact they can keep coming back time and time again after repeated efforts to place them because they don't want to follow anyone's rules)

Who should we call when the LAPD ignore us? Other than "being patient" please advise us residents how to best report the overlooked and persistent disregard for our community (2 years strong) before the rats give us all typhus.

Until next time (...I have to stay up late on a work night to draft ANOTHER email)...

DAN HALDEN—

There are still ppl living in vehicles (though some are different...do you need me to send you every plate #/vehicle description for every suspect? It becomes uncomfortable if you're caught) in the same locations on Carlos. There is still discarded bulk item furniture parts on our lawn and still a tent on our lawn <10' from the bldg. There are rules to what "campers" can and cannot do, correct? I know you have rules too... but there are rules that are enforceable if you choose to do so in this case, no?

What else can us residents do? Should we call non-emergency 877-ASK-LAPD? Should we report this to 311? What will yield results in which the law is regularly being enforced again?

Hello Greg,

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

If you have any questions please do not hesitate to email me directly.

Respectfully,
Officer Michael Benavente

Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

BMW Green 4dr
CA 6PWM915 Exp 12/2016
+
Mini-van (clustering this area)
+
White sports coupe
+
Ford F250 Super Duty pickup
Alabama 47PB442 Exp 3/2017
*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Sincerely,
Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.

Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians.

Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home. And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Just witnessed several people on the corner screaming at each other (Sat 23rd approx 3:45pm) , threatening to "cut" each other and blocking the cul de sac. After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people

involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Dear Sgt Geaney,

Yes, they're back (in numbers) and got even more boisterous! We know they're using the tree there as shade for the hot summer but if they're lying down there and more often than not, get on a party mood with drinks and all, they get pretty loud and unruly. It makes it even harder for pedestrians to pass through.

Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite side

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

Hi Shannon,
Unfortunately my schedule isn't as predictable or as forgiving as yours so I'm copying back in the group in case Cora and Gil—who manage two of the 3 adjacent properties—or any of the others (including any press) who are interested in hosting another meeting for residents who want to know why, with all the funding and changes in other parts of the city/community, NOTHING has changed here in over a year... why it still seems we are someone's tent corral?

In the meantime, I would like to stress that some of the same tent-dwellers have been occupying this exact location for over a year. So which ones are the "anchors" you've identified? They see us come and go, know our faces/vehicles, hear our conversations. It's traumatic to say the least. Have PTSD claims in communities with encampments increased?

Also, there are people sleeping in tents and vehicles throughout the day and overnight within a few meters of where we residents feed our kids, sleep, shower, move our bowels, make love. We cannot push our walkers, our wheelchairs, our strollers or walk our dogs or our kids to school without having to walk in the street. Why do they have the exact same (if not MORE) rights to protection to occupy the space we work hard to afford to rent—and pay taxes on top of that—to live? I never threw empty bottles into the street when I was done with them, because no one ever picked up after me.

Guess now I can? According to you, I (or anyone else) could live this way anywhere in LAC? Very sad if you're assuring us this is true. But I somehow doubt it's the case. Why is it being allowed here for so long?

Respectfully,
Greg

Furthermore,

Nothing has been done since yesterday. However, around 9am I saw a police presence and garbage trucks on Gower under the 101. SHANNON—

- With all due respect, it rains very infrequently. On this occasion, only one day. This week: 2 so far. Not at all in between

- I know you said you're not responsible for anyone else's team or squad or patrol, but truthfully encampments are regulated more frequently on Gower under the 101 and other high visibility places in the community than they are here. But by whose authority? Who says the same laws don't apply here?

There is a whole lot going on right now when it comes to homelessness in Hollywood. The most important is the recent opening of a YWCA women's shelter and next on the horizon is the opening of A Bridge Home shelter (Jan/Feb 2019). I completely understand that Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment. It is not my intent to allow this to remain indefinitely...we just have to move in accordance with the law and at the pace the supportive housing is available.

I have little to no part in the permit parking process...but I believe you are working with Council District 13 on that. When/if it becomes active...we will gladly enforce as prescribed.

Please understand the rain, the cooler temperatures, availability of outreach workers all affect our ability to engage with the people experiencing homelessness. We remain committed to trying to attain the balance of meeting the needs of the residents and respecting the rights of the homeless.

Very respectfully,

No offensive was intended by looping in the other residents to my previous response. I just have a lot of obligations and, tho I do hope to inspire fellow residents to communicate their concerns, I only have time to send one email about one thing ... and also accept I can be verbose. Ultimately I thought it was important for my neighbors to have record of LAPD they can contact if 911 and non-emergency falls short, since emails eventually bounce back in time

Please do what you can as defined by the laws by which we are governed alike to combat the obvious violations in our tax paying family centric community

Hello Greg,

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

If you have any questions please do not hesitate to email me directly.

I wish I could have made time to reach out sooner (unfortunately mine is not a life of leisure,
but of course, whose is?). Regrettably I must convey the local encampment is getting out of control.
Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

BMW Green 4dr
CA 6PWM915 Exp 12/2016
+

Mini-van (clustering this area)
+
White sports coupe
+
Ford F250 Super Duty pickup
Alabama 47PB442 Exp 3/2017
*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

People camping in their vehicles overnight (some of which I described previously) also remain despite the proximity to the children/school zone. The two vehicles I provided plate #s for previously have moved. I suppose to be effective I need to provide plate #s for ALL vehicles in violation? Although it seems irresponsible to ask this of residents, as the vehicle occupants

may take issue with/retaliate against ppl recording their vehicle info, here's a hot tip: any vehicle with towels, blankets, sheets or tarps covering their windows or parts of their vehicles tend to have ppl sleeping/living inside. Otherwise, here's a current list of vehicles on Carlos Ave:

- Green Van (covered in garbage) Toyota Sienna
CA 4Hbc890 with motor scooter (covered w/ sheets)
*possible mental health issues
- White Toyota Corolla CA 8FCF545
- Lt blue or silver Toyota CA 7nby323
- RV covered in graphitti Ca 7ybc433

I understand one of those vehicles is home to a couple with a baby who have already been placed in housing but continue to return because they "miss their friends"

It's reassuring to hear you validate this encampment is "Hollywood's largest and most entrenched", but instead of finding a balance officials need to establish order and enforce the law. I am not sure why the YWCA or Bridge Home shelters would have anything to do with a consistent police presence at the Carlos encampment—None of the ppl living here for the past year would live I either of those places and I can't imagine the police are actively involved in the construction.

When we met earlier this year, you spoke of an anchor to every encampment as if you had cracked the code. But from my POV it looks as if the LAPD is the anchor that keeps this encampment in place. (And comfortable in the fact they can keep coming back time and time again after repeated efforts to place them because they don't want to follow anyone's rules)

Who should we call when the LAPD ignore us? Other than "being patient" please advise us residents how to best report the overlooked and persistent disregard for our community (2 years strong) before the rats give us all typhus.

Until next time (...I have to stay up late on a work night to draft ANOTHER email)...

It seems there are no intentions to fix this (mask it perhaps), but our predominantly low income community is being designated as a homeless camp. AND WE ARE BY A SCHOOL/place of worship/home for elderly. FYI, not everyone is voiceless

There are still ppl living in vehicles (though some are different...do you need me to send you every plate #/vehicle description for every suspect? It becomes uncomfortable if you're caught) in the same locations on Carlos. There is still discarded bulk item furniture parts on our lawn and still a tent on our lawn <10' from the bldg. There are rules to what "campers" can and cannot do, correct? I know you have rules too... but there are rules that are enforceable if you choose to do so in this case, no?

What else can us residents do? Should we call non-emergency 877-ASK-LAPD? Should we report this to 311? What will yield results in which the law is regularly being enforced again?

Hello Greg,

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

If you have any questions please do not hesitate to email me directly.

Respectfully,

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area

your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.
Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

Hi All,

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

During the past week, we have been noticing a wooden structure on the sidewalk near corner of Carlos Avenue and Bronson Avenue. More recently, a van had been observed parked next to it then more transients and bikes started occupying the sidewalk next to the van. Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it. Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions. Thank you.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They

know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home. And it is correct; *the homeless situation is of*

epidemic proportions across the city. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner... And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

Hello Everyone,
I live at 1762 N Tamarind. I saw the LAPD drive by this morning around 8:45am. There was already a group of four or five people sitting on the corner in the middle of the sidewalk and in the grass. I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Your city does not care about you, it's perfectly willing to feed you to the wolves. Sergeant made it perfectly clear but only pre-packaged felonies will really be enforced, anything else may get no response whatsoever.

Just remember to vote out all incumbents.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Good morning,

The encampment at Carlos and Tamarind is visited by Hollywood's CORE Unit at least twice EVERY working day. But as you all have been told, we offer resources, provide trash bags and arrange for them to be picked up, write citations and make arrests when possible.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District,

We will continue to use the means that are lawfully available to us to address the problem.

After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there,

everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

I’m assuming those were stolen bikes. The officer told us at the mee ting to note down the number associated with our bikes so that they c an check which of the bikes are stolen. If that happens, they can pro ve they're stealing the bikes. Otherwise, there's no way for the po lice to know. So if you still have your bike, be sure to note down then umber (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

Subject: Request for HME - AT&T Small Cell BURBK 38 - BOE Permit: U-1850-3497

Mr./George Hakopiants, Council District 13 Representative –

We are in the process of filing for a Holiday Moratorium Exemption Request with the Bureau of Engineering. The AT&T BURBK-38 Small Cell Project is located at 3166 Los Feliz Boulevard, Los Angeles/ (Los Feliz Blvd. & Glen Feliz Blvd.) and within your District. Specifics of the request are listed below and supporting paperwork is attached.

Council District (CD) 13 review and acceptance is required prior to processing our request. BOE requires an authorization email from CD 13 showing acceptance, modification or denial of our request. If you would be so kind to "Reply to All" it would be greatly appreciated.

Karan Patel, **BOE Central District Representative** - Below is our official request for a 2018 Holiday Moratorium Exemption for BURBK-38 at 3166 Los Feliz Boulevard, Los Angeles (**intersection of** Los Feliz Blvd & Glen Feliz Blvd). **CD 13** has also been notified of this request and we are waiting for their review and response.

If you have any questions about this request, I would be happy to answer them. My contact information is Adrian Culici, 949-648-6995, adrian.culici@eukongroup.com.

Thank You,

Adrian Culici

PROJECT INFORMATION

a) Project name (if applicable) and address or intersection of the work.

AT&T Small Cell "BURBK- Node 38"

3166 Los Feliz Boulevard

Los Angeles, CA 900396

HME Email Instructions Pg 3

b) Applicant's business name, address with zip code, area code and telephone number and a contact person's name and direct number. The contact person must be able to answer all questions about the project including technical ones.

New Cingular Wireless PCS, LLC (AT&T Mobility)

1452 Edinger Avenue

Tustin, CA 90039

Business/Contractors Contact: Scott Ellis (Sr. Construction Manager, Ericsson) 714-308-9363 Scott.ellis@ericsson.com

Traffic Control Contact or Subcontractor (if any): Scott Ellis (Sr. Construction Manager, Ericsson) 714-308-9363 Scott.ellis@ericsson.com

c) Permit Number and Issuing Department– Specify if it's a Bureau of Engineering (BOE)and the type of permit with permit number and/or Bureau of Street Services (BSS) type of permit and the permit number.

BOE Permit: U-1850-3497

BSS Permit: SL9050

d) Reason(s) for the requested exemption: why the work needs to be done during the Moratorium period and cannot wait until the Moratorium is over (i.e. non-emergency repair of sewer, cure time, installation of a needed service, etc).

Requesting the City to approve the requested lane closure(s) during the holiday moratorium period because BSL has already moved the street light pole for the issued permit. In order to avoid delays, and be able to have the Small Cell wireless facility on air before the end of this year (2018), it is critical that AT&T is able to construct and install its equipment on the relocated BSL pole during the Holiday Moratorium. Deployment of the Small Cell Facility will provide much needed coverage in the immediate neighborhood. The construction and installation of the wireless equipment will take only three (3) to five (5) days to complete, and would not have a major impact on traffic circulation on Los Feliz Boulevard.

e) Lane Closures required: list the specific lane(s) required for the work & direction(s) of travel of those lanes (i.e. north bound curb lane of Vine Street between Selma Avenue & Hollywood Boulevard). ***You must state the lanes you are requesting even with an attached LADOT reviewed and accepted Traffic Mitigation Plan (TMP)*. Failure to list the required lane closure information may delay processing.**

Requesting the closure of the #2 E/B lane on Los Feliz Blvd., from Glenfeliz Blvd. to Garden Ave.

f) Include your TMP method for the work along with a copy of that method (i.e. WATCH manual [include year] or a DOT reviewed and accepted TMP). An electronic copy of this information is acceptable as long as it includes the LADOT sign off. (check)

g) Specific date/s and times for the requested exemption. **Allowable work hours in the City of Los Angeles are Monday through Friday 9:00 a.m. to 3:30 p.m.; and Saturday 8:00 a.m. to 6:00 p.m**. Work outside of those hours may require a Peak Hour Exemption and/or a Noise Variance.

11-19-18 to 1-2-18 9:00 a.m. to 3:30 p.m.

h) Tell us if you have applied for or been granted a **Peak Hour Exemption** from BOE or BSS. If already issued, *please include an electronic copy with your Holiday Moratorium Request*. Peak Hours are from 7:00 a.m. to 9:00 a.m. and from 3:30 p.m. to 7:00 p.m. Monday through Friday. The Peak Hour of 6:00 a.m. to 7:00 a.m. also requires a Police Commission Noise Variance Exemption (see item I below). (check)

____ Provided

__X_ Not Provided and why: no work during Peak Hours proposed

i) Include a copy of any **Noise Enforcement Exemption/s** granted for Night or Sunday work from the Police Commission or advise us if you are in the process with the Commission for an Exemption. (check)

The moratorium is being requested because of the replacement of the existing BSL asset that will now house the infrastructure. Please let me know if you have already received all the information you need to review and (hopefully) give us your blessing for this Holiday Moratorium Exemption. If it meets with your approval, let us know so that we can forward to BoE and they start their review process.

People camping in their vehicles overnight (some of which I described previously) also remain despite the proximity to the children/school zone. The two vehicles I provided plate #s for previously have moved. I suppose to be effective I need to provide plate #s for ALL vehicles in violation? Although it seems irresponsible to ask this of residents, as the vehicle occupants may take issue with/retaliate against ppl recording their vehicle info, here's a hot tip: any vehicle with towels, blankets, sheets or tarps covering their

windows or parts of their vehicles tend to have ppl sleeping/living inside. Otherwise, here's a current list of vehicles on Carlos Ave:

- Green Van (covered in garbage) Toyota Sienna
CA 4Hbc890 with motor scooter (covered w/ sheets)
*possible mental health issues
- White Toyota Corolla CA 8FCF545
- Lt blue or silver Toyota CA 7nby323
- RV covered in graphitti Ca 7ybc433

I understand one of those vehicles is home to a couple with a baby who have already been placed in housing but continue to return because they "miss their friends"

It's reassuring to hear you validate this encampment is "Hollywood's largest and most entrenched", but instead of finding a balance officials need to establish order and enforce the law. I am not sure why the YWCA or Bridge Home shelters would have anything to do with a consistent police presence at the Carlos encampment—None of the ppl living here for the past year would live I either of those places and I can't imagine the police are actively involved in the construction.

When we met earlier this year, you spoke of an anchor to every encampment as if you had cracked the code. But from my POV it looks as if the LAPD is the anchor that keeps this encampment in place. (And comfortable in the fact they can keep coming back time and time again after repeated efforts to place them because they don't want to follow anyone's rules)

Who should we call when the LAPD ignore us? Other than "being patient" please advise us residents how to best report the overlooked and persistent disregard for our community (2 years strong) before the rats give us all typhus.

Until next time (...I have to stay up late on a work night to draft ANOTHER email)...

I think I/we am/are and have been consistently patient. In fact there are records and history and proof of this. But the situation continues unabated. It seems there are no intentions to fix this (mask it perhaps), but our predominantly low income community is being designated as a homeless camp. AND WE ARE BY A SCHOOL/place of worship/home for elderly. FYI, not everyone is voiceless

There are still ppl living in vehicles (though some are different...do you need me to send you every plate #/vehicle description for every suspect? It becomes uncomfortable if you're caught) in the same locations on Carlos. There is still discarded bulk item furniture parts on our lawn and still a tent on our lawn <10' from the bldg. There are rules to what "campers" can and cannot do, correct? I know you have rules too... but there are rules that are enforceable if you choose to do so in this case, no?

What else can us residents do? Should we call non-emergency 877-ASK-LAPD? Should we report this to 311? What will yield results in which the law is regularly being enforced again?

Hello Greg,

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

If you have any questions please do not hesitate to email me directly.

Respectfully,

I wish I could have made time to reach out sooner (unfortunately mine is not a life of leisure,
but of course, whose is?). Regrettably I must convey the local encampment is getting out of control.
Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

BMW Green 4dr
CA 6PWM915 Exp 12/2016
+
Mini-van (clustering this area)
+
White sports coupe
+
Ford F250 Super Duty pickup

Alabama 47PB442 Exp 3/2017
*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...?
Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Sincerely,
Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.

Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

Hi All,

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it. Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.

Thank you.

You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all,
they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

People camping in their vehicles overnight (some of which I described previously) also remain despite the proximity to the children/school zone. The two vehicles I provided plate #s for previously have moved. I suppose to be effective I need to provide plate #s for ALL vehicles in violation? Although it seems irresponsible to ask this of residents, as the vehicle occupants may take issue with/retaliate against ppl recording their vehicle info, here's a hot tip: any vehicle with towels, blankets, sheets or tarps covering their windows or parts of their vehicles tend to have ppl sleeping/living inside. Otherwise, here's a current list of vehicles on Carlos Ave:

- Green Van (covered in garbage) Toyota Sienna
CA 4Hbc890 with motor scooter (covered w/ sheets)
*possible mental health issues
- White Toyota Corolla CA 8FCF545
- Lt blue or silver Toyota CA 7nby323

- RV covered in graphitti Ca 7ybc433

I understand one of those vehicles is home to a couple with a baby who have already been placed in housing but continue to return because they "miss their friends"

It's reassuring to hear you validate this encampment is "Hollywood's largest and most entrenched", but instead of finding a balance officials need to establish order and enforce the law. I am not sure why the YWCA or Bridge Home shelters would have anything to do with a consistent police presence at the Carlos encampment—None of the ppl living here for the past year would live I either of those places and I can't imagine the police are actively involved in the construction.

When we met earlier this year, you spoke of an anchor to every encampment as if you had cracked the code. But from my POV it looks as if the LAPD is the anchor that keeps this encampment in place. (And comfortable in the fact they can keep coming back time and time again after repeated efforts to place them because they don't want to follow anyone's rules)

Who should we call when the LAPD ignore us? Other than "being patient" please advise us residents how to best report the overlooked and persistent disregard for our community (2 years strong) before the rats give us all typhus.

Until next time (...I have to stay up late on a work night to draft ANOTHER email)...

AND WE ARE BY A SCHOOL/place of worship/home for elderly. FYI, not everyone is voiceless

There are still ppl living in vehicles (though some are different...do you need me to send you every plate #/vehicle description for every suspect? It becomes uncomfortable if you're caught) in the same locations on Carlos. There is still discarded bulk item furniture parts on our lawn and still a tent on our lawn <10' from the bldg. There are rules to what "campers" can and cannot do, correct? I know you have rules too... but there are rules that are enforceable if you choose to do so in this case, no?

What else can us residents do? Should we call non-emergency 877-ASK-LAPD? Should we report this to 311? What will yield results in which the law is regularly being enforced again?

Hello Greg,

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

If you have any questions please do not hesitate to email me directly.

Respectfully,
Officer Michael Benavente

Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

BMW Green 4dr
CA 6PWM915 Exp 12/2016
+
Mini-van (clustering this area)
+
White sports coupe
+
Ford F250 Super Duty pickup
Alabama 47PB442 Exp 3/2017
*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Sincerely,
Cora Maclang

“Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you.”

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.
Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

Hi All,

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

During the past week, we have been noticing a wooden structure on the sidewalk near corner of Carlos Avenue and Bronson Avenue. More recently, a van had been observed parked next to it then more transients and bikes started occupying the sidewalk next to the van. Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it. Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions. Thank you.

Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them

that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home. And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner... And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

Hello Everyone,
I live at 1762 N Tamarind. I saw the LAPD drive by this morning around 8:45am. There was already a group of four or five people sitting on the corner in the middle of the sidewalk and in the grass. I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July

2018 relocation?

Sounds as if the requester is asking for briefing memos prepared for the Council member--is that what you make of the request? In those memos, you are providing suggestions for the Council member's consideration as he thinks about what his position is and what he wants to say. Those are thus all quintessentially deliberative process privileged. Ergo: exempt under Gov. Code section 6254(k).

My understanding is that Qwerty is essentially asking for the paper trail regarding the genesis of any meetings involving Councilmember O'Farrell in 2018, including briefing memos and documents provided once the meeting is scheduled. I have some questions/concerns:

1) I believe some of this is covered under the deliberative process (i.e. CD13 staff gets a request for a meeting and discusses internally whether or not to schedule). Is that correct?

2) Providing associated documents for each of the hundreds of meetings the Councilmember has in a calendar year would likely results in thousands, if not tens of thousands, of pages. It seems appropriate to me that this request be narrowed down. Can I ask Qwerty that they provide a more focused request?

Subject: Request for Permit Parking at Carlos/Tamarind

Good morning neighbors,

As of last month, the petitions/signatures had been submitted to LADOT but were still being reviewed. I reached out to LADOT this morning and CCed Gil Maclang.

As soon as I hear of an update, we will let folks know. Our office is fully supportive of the request for residential permit parking in this area; the only issue is ensuring there are enough signatures to qualify.

Thank you,

However, that would be a bandaid compared to a more effective:

2) Petition for permit only on Carlos from Gower to Bronson
Required signatures: Majority of tenants in 1756 and 1762 Tamarind Ave + 5919 and 5940 Carlos Ave + 1729 Bronson (+Tamarind)
- Challenges: Gil & Cora manage 1762 & 5919 and assure 1729 is on board + same as 1756 above + MOST CRITICAL

are the tenant of record at 5940 Carlos. I sent an email to bldg mgr offering to bring Russian and Armenian interpreters to explain (because I believe their residents would be on board) but I never heard back. We'd still ultimately need the required % of signatures of all tenants to lock down this whole beautiful street. Does anyone have influence with mgmt of the Salvation Army Silvercrest residence?

The last challenge is selling enough permits, which I believe won't be an issue even if some of us have to buy 4-5 to make the quota. But we will want to buy them for our guests or friends or family or selves

I wish I could have made time to reach out sooner (unfortunately mine is not a life of leisure,
but of course, whose is?). Regrettably I must convey the local encampment is getting out of control.
Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

BMW Green 4dr

+
Mini-van (clustering this area)
+
White sports coupe
+
Ford F250 Super Duty pickup
Alabama 47PB442 Exp 3/2017
*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Subject: Re: Encampment @ Carlos & Bronson and Cul de sac at Tamarind

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Sincerely,
Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.
Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Considering its location which is very near a busy street and

cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it. Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911.

After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Greg,

There is a whole lot going on right now when it comes to homelessness in Hollywood. The most important is the recent opening of a YWCA women's shelter and next on the horizon is the opening of A Bridge Home shelter (Jan/Feb 2019). I completely understand that Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment. It is not my intent to allow this to remain indefinitely...we just have to move in accordance with the law and at the pace the supportive housing is available.

I have little to no part in the permit parking process...but I believe you are working with Council District 13 on that. When/if it becomes active...we will gladly enforce as prescribed.

Please understand the rain, the cooler temperatures, availability of outreach workers all affect our ability to engage with the people experiencing homelessness. We remain committed to trying to attain the balance of meeting the needs of the residents and respecting the rights of the homeless.

Very respectfully,
Sgt Geaney

No offensive was intended by looping in the other residents to my previous response. I just have a lot of obligations and, tho I do hope to inspire fellow residents to communicate their concerns, I only have time to send one email about one thing ... and also accept I can be verbose. Ultimately I thought it was important for my neighbors to have record of LAPD they can contact if 911 and non-emergency falls short, since emails eventually bounce back in time

Please do what you can as defined by the laws by which we are governed alike to combat the obvious violations in our tax paying family centric community

Hello Greg,

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

If you have any questions please do not hesitate to email me directly.

I wish I could have made time to reach out sooner (unfortunately mine is not a life of leisure, but of course, whose is?). Regrettably I must convey the local encampment is getting out of control.
Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

BMW Green 4dr
CA 6PWM915 Exp 12/2016
+
Mini-van (clustering this area)
+
White sports coupe
+
Ford F250 Super Duty pickup
Alabama 47PB442 Exp 3/2017
*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Sincerely,
Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour.

> You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homel

ess community on Carlos and Tamarind.

About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dust pan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation any more than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and pote ntially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from

Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with tras h bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about pote ntially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain wou ld like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situ ation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hi Jordan,
I agree. And I've been doing it as much as I could. It is

a challenge to do it when the tents are around and you have to go aroun d them. They get angry about disturbing them. After all, they consi der the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and pu t in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner…

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which wil

I make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

Which, is exactly what has been hap pening already. This isn't going to be pleasant, and it's not going to bee asy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If th e drug addicts and people who litter aren't going to clean up after thems elves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk ab out it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Subject: Re: Encampment @ Carlos & Bronson and Cul de sac at Tamarind

Here's my understanding of the two scenarios:
1) Petition for permit only on Tamarind (literally just the culdesac north of Carlos)
Required signatures: Majority of tenants in 1756 and 1762 Tamarind only
- Challenges: 1756 tenants need to get more involved to obtain req signatures from sufficient qualified residents. Which shouldn't be too hard, right? We look out for each other in general for the most part

However, that would be a bandaid compared to a more effective:

2) Petition for permit only on Carlos from Gower to Bronson
Required signatures: Majority of tenants in 1756 and 1762 Tamarind Ave + 5919 and 5940 Carlos Ave + 1729 Bronson (+Tamarind)
- Challenges: Gil & Cora manage 1762 & 5919 and assure 1729 is on board + same as 1756 above + MOST CRITICAL are the tenant of record at 5940 Carlos. I sent an email to bldg mgr offering to bring Russian and Armenian interpreters to explain (because I believe their residents would be on board) but I never heard back. We'd still ultimately need the required % of signatures of all tenants to lock down this whole beautiful street. Does anyone have influence with mgmt of the Salvation Army Silvercrest residence?

The last challenge is selling enough permits, which I believe won't be an issue even if some of us have to buy 4-5 to make the quota. But we will want to buy them for our guests or friends or family or selves

To date, there are still at least two more tents along Tamarind Ave and another one too close to the fence of

1756 Tamarind.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Sincerely,
Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is

blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.

Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a

broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic*

proportions across the city. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Good morning,

The encampment at Carlos and Tamarind is visited by Hollywood's CORE Unit at least twice EVERY working day. But as you all have been told, we offer resources, provide trash bags and arrange for them to be picked up, write citations and make arrests when possible.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/
and ask him to address your issues.

We will continue to use the means that are lawfully available to us to address the problem.

Respectfully,
Sgt Geaney

Just witnessed several people on the corner screaming at each other (Sat 23rd approx 3:45pm) , threatening to "cut" each other and blocking the cul de sac. After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on

appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Yes, they're back (in numbers) and got even more boisterous! We know they're using the tree there as shade for the hot summer but if they're lying down there and more often than not, get on a party mood with drinks and all, they get pretty loud and unruly. It makes it even harder for pedestrians to pass through.

Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite sidewalk @ Carlos corner Tamarind. It leaves the pedestrians no choice but run the risk of

being hit by oncoming vehicles because they have to walk RIGHT ON THE STREET, as both sidewalks facing each other (left and right) are no longer passable.

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

I think I/we am/are and have been consistently patient. In fact there are records and history and proof of this. But the situation continues unabated. It seems there are no intentions to fix this (mask it perhaps), but our predominantly low income community is being designated as a homeless camp. AND WE ARE BY A SCHOOL/place of worship/home for elderly. FYI, not everyone is voiceless

There are still ppl living in vehicles (though some are different...do you need me to send you every plate #/vehicle description for every suspect? It becomes uncomfortable if you're caught) in the same locations on Carlos. There is still discarded bulk item furniture parts on our lawn and still a tent on our lawn <10' from the bldg. There are rules to what "campers" can and cannot do, correct? I know you have rules too... but there are rules that are enforceable if you choose to do so in this case, no?

What else can us residents do? Should we call non-emergency 877-ASK-LAPD? Should we report this to 311? What will yield results in which the law is regularly being enforced again?

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

Ford F250 Super Duty pickup
Alabama 47PB442 Exp 3/2017
*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?

It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Dear Sgt Geaney,

Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Cora Maclang

"Hi Dan/Sgt. Geaney,

I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.

Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,

I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city*. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE

CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians.

Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Subject: Re: Encampment @ Carlos & Bronson and Cul de sac at Tamarind

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Sincerely,
Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.

Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind.

About two weeks ago, around sunrise on the mornin g of 4th of July, I went out there to clean up the streets myself with a broom, dust pan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situatio

n. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation any more than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dust pan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentall y unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are mor e than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. The re is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do som ething. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As

for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month.

Some of the homeless appreciate the social engagement and willingly participate. Pl ease if you decide to undertake this... be extremely careful. There are needles and human waste th at are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safe guards in both training and supplies to address this hazard.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tent

s are around and you have to go around them. They get angry about di sturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions acro* *ss the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is ap propriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the stre et corner…

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bringing flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I understand that the homeless situation is of epidemic proportions across the city. There is only so much people ca ndo. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for wha tis coming upon a year, then the situation will just keep repeating itself.

Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash b ags, and gloves to clean up. There is a dumpster 100 feet from where t he majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else ha sto, literally, clean up the trash on the street and throw out the garbag

We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?

It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Sincerely,
Cora Maclang

"Hi Dan/Sgt. Geaney,

I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.

Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots… I feel we live in some western movie or NCIS N.Y. or Chicago.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,

I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they conside r the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city*. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out,

like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen

significant precautions as one issue just leads to another. Unfortunately, LAPD doesn’t see the occurrences that we see here everyday. If we wait it out, we’re just waiting for something bad to happen.

As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

ID number?) so you'll have it to report to the police. More on this can be found online.

I wish I could have made time to reach out sooner (unfortunately mine is not a life of leisure,
but of course, whose is?). Regrettably I must convey the local encampment is getting out of control.
Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

BMW Green 4dr
CA 6PWM915 Exp 12/2016
+
Mini-van (clustering this area)
+
White sports coupe
+
Ford F250 Super Duty pickup
Alabama 47PB442 Exp 3/2017
*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Sincerely,
Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there,

> it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.

Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

Hi All,

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

During the past week, we have been noticing a wooden structure on the sidewalk near corner of Carlos Avenue and Bronson Avenue. More recently, a van had been observed parked next to it then more transients and bikes started occupying the sidewalk next to the van. Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.
Thank you.

THEN VOTE JOHN COX FOR GOVERNOR AND NOT GAVIN NEWSOM.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank

Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. *After all,* they consider the tent to be their home.

And it is correct; the homeless situation is of epidemic proportions across the city. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

Hello Everyone,
I live at 1762 N Tamarind. I saw the LAPD drive by this morning around 8:45am. There was already a group of four or five people sitting on the corner in the middle of the sidewalk and in the grass. I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed
July 2018 relocation?

Hello Shannon,

Sorry for this late request.

Would it be possible to request for relax parking enforcement on Franklin Ave for tomorrow?

It would be for the south side of Franklin Ave., from Normandie Ave to Winona Blvd.
Wednesdays from 8am to 10am.

We have a production parking on the n/s of Franklin Ave and would love to relax parking enforcement on the south side for residential parking.

Let me know if this is something we can process for tomorrow.

Hey Adrian,

I can put in the request, but cannot guarantee if it will be effective as I'm receiving this 1 days prior to the date. LADOT typically requests a 4-5 day advance notice.

Please be advised our office cannot contest or cancel any tickets that might be issued.

Call Strefan. I'd ask him for language on how to respond. We don't keep "memos"....it's usually it's verbal discussions. And this request also seems broad and overly general.

My understanding is that Qwerty is essentially asking for the paper trail regarding the genesis of any meetings involving Councilmember O'Farrell in 2018, including briefing memos and documents provided once the meeting is scheduled. I have some questions/concerns:

1) I believe some of this is covered under the deliberative process (i.e. CD13 staff gets a request for a meeting and discusses internally whether or not to schedule). Is that correct?

2) Providing associated documents for each of the hundreds of meetings the Councilmember has in a calendar year would likely results in thousands, if not tens of thousands, of pages. It seems appropriate to me that this request be narrowed down. Can I ask Qwerty that they provide a more focused request?

Subject: Attorney-Client Privilege - Fwd: foia about ficus trees

Hi Strefan,

We've been working on this CPRA request from an individual who goes by the name Qwerty Uiop. Are you familiar with this individual?

We have already provided several documents that are emails from 2018 that contain two or more of the following words: "Kerry," "Sarian," "Ficus," or "Cherokee." However, Qwerty is asking for all emails in this frame that contain just ONE of those words. This will result in hundreds, if not thousands, of documents many of which are unlikely to have anything to do with the issue in which the requester is interested (as far as I know).

Compiling all of these documents will realistically take a few months. Is it OK to set the deadline for response at **January 31, 2018?**

hi Mr. Halden, well that depends on what you mean by "just". as I said on Aug 8 "any ***one*** or more of the words ficus, cherokee, kerry, sarian" with emphasis added on "one" and as I said on Sept 7 "***any single one*** of those four key words what ever comes up from 2018 will be what I am looking for" with emphasis added on "any single one". I am sorry I was unclear so to be clear I am looking for any emails that any staff of Mr. O'Farrell have from 2018 that have the word kerry ***or*** that have the word sarian or that have the word ficus or that have the word cherokee in them but if they have two of those words that will be ok or if they have three of those words that will be ok or if they have all four of those words that will be ok. most importantly those if they have any one or more of those words then those are the emails I want.
Like if the email says "kerry how are you" then I want that one and if it says "kerry there is a ficus on cherokee just ask sarian" then I want that one but if it says for intsance "mr. O'Farrell had a private lunch at Taix with John Ek" then I don't want that one from this request.

thanks again for your help Mr. Halden!

Dear Mr Halden,

Happy Halloween!

Steven Carthy here, I'm a homeowner here on Taft Avenue and have been speaking with neighbors nearby about the issue on the corner. I know that Ricky Bouguille had been in touch with your office and you are aware of the situation. As of this afternoon much of the material that was removed this morning by the 311 request has been replaced by other stuff.

When discussing this matter with the management at the 7-11, Pier 1 and California Donuts it was suggested that the large construction site is a contributing factor. The Chaos inherent in a large scale project like that can increase the amount of people polluting the area nearby. 7-11 is currently doing a remodel so they have a dumpster and temporary storage container in the lot which does not help the situation.

I am writing to let you know that I have reached out to the office of Wood Partners who are in charge of the large construction site on our corner. https://www.woodpartners.com. I spoke with Beth Nooney at one of their east coast offices and she asked that I send her an e-mail with my info but have not heard back yet. Their web site also has a generic contact request form but I've not heard back from that either. Wood Partners' contact number is 713-496-3111. I am in hopes that they will engage the community and hopefully assist in some way, informational or otherwise.

I have some specific ideas on how to mitigate the problem but would need the support of the business owners and your office in order to move forward.

Thank you for taking the time to read this and please acknowledge receipt.

Sincerely,

Steven Carthy

Adrian, do the best you can at the first 2 locations:
1. South west corner of Hollywood Blvd & N St Andrews Pl: Clean up the entire area sidewalks and gutters at this corner.

2. 6350 Santa Monica blvd: Push all the dirt on the sidewalk into the tree well area, clean the sidewalk and and gutter in front of the building here as best you can. Get rid of the muddy street barricade.

3. 10:00am to 12:00pm: Join the East Hollywood Neighborhood Council at their community clean up. Meet at 1115 N Berendo St. Assist any way you can. They will have a roll off bin.

Your contact there is

Hi Lan,
Hope you're well!

We noticed the speed hump application window has closed.

Whenever you have a moment, would it be possible to send us the locations that made it into the 30 spots? Our office found the map you had sent us in the past extremely helpful, and I was wondering if we can get it again this time as well?

Thanks in advance for everything!

Best regards,
George

Dear Mr Halden,

Happy Halloween!

Steven Carthy here, I'm a homeowner here on Taft Avenue and have been speaking with neighbors nearby about the issue on the corner. I know that Ricky Bouguille had been in touch with your office and you are aware of the situation. As of this afternoon much of the material that was removed this morning by the 311 request has been replaced by other stuff.

When discussing this matter with the management at the 7-11, Pier 1 and California Donuts it was suggested that the large construction site is a contributing factor. The Chaos inherent in a large scale project like that can increase the amount of people polluting the area nearby. 7-11 is currently doing a remodel so they have a dumpster and temporary storage container in the lot which does not help the situation.

I am writing to let you know that I have reached out to the office of Wood Partners who are in charge of the large construction site on our corner. https://www.woodpartners.com. I spoke with Beth Nooney at one of their east coast offices and she asked that I send her an e-mail with my info but have not heard back yet. Their web site also has a generic contact request form but I've not heard back from that either. Wood Partners' contact number is 713-496-3111. I am in hopes that they will engage the community and hopefully assist in some way, informational or otherwise.

I have some specific ideas on how to mitigate the problem but would need the support of the business owners and your office in order to move forward.

Thank you for taking the time to read this and please acknowledge receipt.

Sincerely,

Steven Carthy

Hello all,
May and Anthony. BOE (Bill, Jane, Richard), have a general "scope"/framework for a possible TOS for the Hollywood project. Bill will be out for vacation Nov 7 thru Thanksgiving. Did we want to try and meet prior? If so, Anthony, could you send out one of your wonderful "doodle" calendars based on you availability before Nov 7 and/or after Nov. 26?

Thank you!

Good morning May,

I am back and ready to tackle CRA report Hwood!

Did we get an example BOC report to BOE for something similiar, that we can use as a guide for the BOC report?

Thank you, and have a great weekend all,

Dan,
A requester is entitled to the documents in any format in which you already have them. So if you had PDFs, you'll need to produce PDFs when requested. But you don't have to generate PDFs if you only have, say, hard copies or emails that you need to print. (Generally, I'm fine emailing PDFs out to people since it makes it easier on me. Of course, you can't practically charge in that case. If the produce is relatively small, it may not be worth the effort to charge, and you might want to just email out the PDFs and be done with it.)

>>
>> Hello Everyone,
>>
>> I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.
>>
>> I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own, you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.
>>
>> We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

There was already a group of four or five people sitting on the corner in the middle of the sidewalk and in the grass. I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

Would it be impossible to make the area permit only for parking? I've seen people that stay outside have cars so I think they do so because they're allowed to park here. That way, only residents will have access to the Carlos and Tamarind streets.

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.

> Hello Everyone,

> I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.
>
> I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. RC and team:

We have reports that a vehicle parks illegally in the red curb in front of 1762 Tamarind Ave on a daily basis at 10:00 AM each morning. The vehicle is a Kia Rio with license plate # 6ZOP535.

Can you please investigate and report back on your findings?

I'm also CCing LAPD.

Thank you,

I bartend in Beverly Hills and I usually get home around midnight or one o'clock in the morning to see a lot of unacceptable behavior happening. The spray painted RV that has been parked on Carlos (with the large face painted on the back) is a constant hang out place where the homeless drink, break bottles, smoke weed and yell at people returning to their cars from the Pantages or Fonda Theatres.

I have noticed the same car full of young kids keeps parking in the same red zone on Tamarind Ave to smoke weed every morning. I assumed this was a car pool for someone living on the block because it is a daily occurrence, but this morning I noticed that people living in the tents now join them to get high. This happens EVERYDAY of the week at 10 am when I go for a run. That is not an exaggeration, it is routine. I took the following picture of the Kia Rio license plate 6ZOP535 and still have not seen any sort of police respond.

I don't know that we have any options and we don't seem to have any support from the city. If we all start moving out of this area then Hollywood will soon just become another Skid Row. It's a shame that there are families living in this area with children, and other families that bring their children to the church just a parking lot away and still the city has zero urgency or motive to help keep this area safe.

At what point do we seek an attorney to represent us?

The car in front of mine was broken into this past weekend, so I do believe there is suspicious activity going on with the parked automobiles in our street.

I've heard a loud verbal fight going on outside my window. There was suggestive wording (yelling, really) that a weapon was involved. When I called 911, I did not get assurance that this fight was high in their priorities, but to call back if I could see a weapon. Some of the people involved returned back to the area of the trailer that has been parked outside for over a month.

Some time before that, I saw a fight where 2 men were physically fighting over a backpack, to the point of biting each other, right outside my apartment's front gate.

whether or not I should phone the police because I thought about how long it would take for them to respond to this suspicious person and to have to think twice about calling this in is absurd. As of now there are two tents on Tamarind Ave. and in no way can my one year old walk around her block because of the danger outside her own home.

Current situation in Tamarind/Carlos:

- The Bronson/Carlos street corner is now an open sewer for the homeless people. There's a mound of human feces and toilet paper where they sit on the barrier to defecate, and this has started overflowing across the sidewalk. The other side of the street is also their toilet (between the parked cars and fence) and it stinks of urine and there is often human feces or diarrhea on the sidewalk there. This means there are now no safe sidewalks for pedestrians to exit Carlos on the Bronson side. Residents (including the elderly and children) and their dogs must either walk through this fecal matter and risk carrying hepatitis A and other diseases and bacteria into their own homes, or they are forced to walk on the street among moving traffic. Regular taxpayers get a citation for urinating in public, but these people are being allowed to defecate in the open on a residential street close to a school.

- The people living out of the tan-colored van near the Bronson/tamarind corner have cracked open the base of the street light there and are jacking power from it using flimsy little electrical cables. I doubt this is safe for anyone.
- There is a mattress directly under the trees of 1756 Tamarind that is burned black on one side. At night, this area is usually occupied by solitary homeless people taking drugs between our parked cars and screaming to the void. I think we should all be worried that there may have been a fire out there, considering these buildings are surrounded by flammable trees and vines.

I hope the media CC'd here will note that if/when any fires or diseases break out here, we have been updating LAPD and gov representatives on this unsafe situation for a long time.

People camping in their vehicles overnight (some of which I described previously) also remain despite the proximity to the children/school zone. The two vehicles I provided plate #s for previously have moved. I suppose to be effective I need to provide plate #s for ALL vehicles in violation? Although it seems irresponsible to ask this of residents, as the vehicle occupants may take issue with/retaliate against ppl recording their vehicle info, here's a hot tip: any vehicle with towels, blankets, sheets or tarps covering their windows or parts of their vehicles tend to have ppl sleeping/living inside. Otherwise, here's a current list of vehicles on Carlos Ave:

- Green Van (covered in garbage) Toyota Sienna
CA 4Hbc890 with motor scooter (covered w/ sheets)
*possible mental health issues
- White Toyota Corolla CA 8FCF545
- Lt blue or silver Toyota CA 7nby323
- RV covered in graphitti Ca 7ybc433

I understand one of those vehicles is home to a couple with a baby who have already been placed in housing but continue to return because they "miss their friends"

It's reassuring to hear you validate this encampment is "Hollywood's largest and most entrenched", but instead of finding a balance officials need to establish order and enforce the law. I am not sure why the YWCA or Bridge Home shelters would have anything to do with a consistent police presence at the Carlos encampment—None of the ppl living here for the past year would live I either of those places and I can't imagine the police are actively involved in the construction.

When we met earlier this year, you spoke of an anchor to every encampment as if you had cracked the code. But from my POV it looks as if the LAPD is the anchor that keeps this encampment in place. (And comfortable in the fact they can keep coming back time and time again after repeated efforts to place them because they don't want to follow anyone's rules)

Who should we call when the LAPD ignore us? Other than "being patient" please advise us residents how to best report the overlooked and persistent disregard for our community (2 years strong) before the rats give us all typhus.

Until next time (...I have to stay up late on a work night to draft ANOTHER email)...

Officers:

I think I/we am/are and have been consistently patient. In fact there are records and history and proof of this. But the situation continues unabated. It seems there are no intentions to fix this (mask it perhaps), but our predominantly low income community is being designated as a homeless camp. AND WE ARE BY A SCHOOL/place of worship/home for elderly. FYI, not everyone is voiceless

There are still ppl living in vehicles (though some are different...do you need me to send you every plate #/vehicle description for every suspect? It becomes uncomfortable if you're caught) in the same locations on Carlos. There is still discarded bulk item furniture parts on our lawn and still a tent on our lawn <10' from the bldg. There are rules to what "campers" can and cannot do, correct? I know you have rules too... but there are rules that are enforceable if you choose to do so in this case, no?

What else can us residents do? Should we call non-emergency 877-ASK-LAPD? Should we report this to 311? What will yield results in which the law is regularly being enforced again?

Hello Greg,

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

If you have any questions please do not hesitate to email me directly.

Respectfully,
Officer Michael Benavente

Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

BMW Green 4dr
CA 6PWM915 Exp 12/2016
+
Mini-van (clustering this area)
+
White sports coupe
+
Ford F250 Super Duty pickup
Alabama 47PB442 Exp 3/2017
*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.

Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it. Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of

their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city*. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem.
Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn’t be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they’re there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children’s school, church, and unless I’m mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn’t see the occurrences that we see here everyday. If we wait it out, we’re just waiting for something bad to happen.

Just witnessed several people on the corner screaming at each other (Sat 23rd approx 3:45pm) , threatening to "cut" each other and blocking the cul de sac. After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Yes, they're back (in numbers) and got even more boisterous! We know they're using the tree there as shade for the hot summer but if they're lying down there and more often than not, get on a party mood with drinks and all, they get pretty loud and unruly. It makes it even harder for pedestrians to pass through.

Mr Snyder,

This encampment is on the 101 Freeway embankment, and it would be the responsibility of Caltrans (not LA City Sanitation) to clean it up. Caltrans was here this morning but they ran out of time cleaning other locations before they could address it today. They will be here next Tuesday, and will do our best to address it with them next week. In the meantime, it would also help us if you create a service request on the Caltrans website to clean it up.

On Dec 27, 2018, at 3:30 PM, Marissa <nzmarissa@gmail.com> wrote:

Current situation in Tamarind/Carlos:

- The Bronson/Carlos street corner is now an open sewer for the homeless people. There's a mound of human feces and toilet paper where they sit on the barrier to defecate, and this has started overflowing across the sidewalk. The other side of the street is also their toilet (between the parked cars and fence) and it stinks of urine and there is often human feces or diarrhea on the sidewalk there. This means there are now no safe sidewalks for pedestrians to exit Carlos on the Bronson side. Residents (including the elderly and children) and their dogs must either walk through this fecal matter and risk carrying hepatitis A and other diseases and bacteria into their own homes, or they are forced to walk on the street among moving traffic. Regular taxpayers get a citation for urinating in public, but these people are being allowed to defecate in the open on a residential street close to a school.

- The people living out of the tan-colored van near the Bronson/tamarind corner have cracked open the base of the street light there and are jacking power from it using flimsy little electrical cables. I doubt this is safe for anyone.
- There is a mattress directly under the trees of 1756 Tamarind that is burned black on one side. At night, this area is usually occupied by solitary homeless people taking drugs between our parked cars and screaming to the void. I think we should all be worried that there may have been a fire out there, considering these buildings are surrounded by flammable trees and vines.

I hope the media CC'd here will note that if/when any fires or diseases break out here, we have been updating LAPD and gov representatives on this unsafe situation for a long time.

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make PDFs of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

It's okay, I had to ask too!

They are specialized computer files that architects and engineers use in various projects. At issue here are the survey elevations and Star location materials we developed early on in the project, long before we actually started working on big repair areas. They show the Boulevard as it is from different perspectives and are the sorts of things necessary to allow improvements on adjacent sidewalks and the street itself. They are basically "as built" drawings so architects and engineers can understand what is necessary to accomplish a particular piece of work over a broad area. They cost the Trust about $60K total, and we have used them throughout our major project areas in the past.

The concern can be is that if an engineer other than ours uses them, we could be liable for any claimed errors down the road (so to speak). I want the City to be careful with the plans for its and our protection—and after all, we did pay for them.

I haven't yet heard back from Bill. I just wanted to give you a little more explanation of the issue.

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Sincerely,
Cora Maclang

"Hi Dan/Sgt. Geaney,

I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.

Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,

I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city*. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-

brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District,

http://cd13.lacity.org/
and ask him to address your issues.

We will continue to use the means that are lawfully available to us to address the problem.

Just witnessed several people on the corner screaming at each other (Sat 23rd approx 3:45pm) , threatening to "cut" each other and blocking the cul de sac. After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Yes, they're back (in numbers) and got even more boisterous! We know they're using the tree there as shade for the hot summer but if they're lying down there and more often than not, get on a party mood with drinks and all, they get pretty loud and unruly. It makes it even harder for pedestrians to pass through.

Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite sidewalk @ Carlos corner Tamarind. It leaves the pedestrians no choice but run the risk of being hit by oncoming vehicles because they have to walk RIGHT ON THE STREET, as both sidewalks facing each other (left and right) are no longer passable.

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't

have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all,
they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions

of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Officers—
The discarded furniture that's been blocking our sidewalk since last Monday (when we were told you were actively removing the bulk items) still remain. Only now they're soaked in rain and tagged. People camping in their vehicles overnight (some of which I described previously) also remain despite the proximity to the children/school zone. The two vehicles I provided plate #s for previously have moved. I suppose to be effective I need to provide plate #s for ALL vehicles in violation? Although it seems irresponsible to ask this of residents, as the vehicle occupants may take issue with/retaliate against ppl recording their vehicle info, here's a hot tip: any vehicle with towels, blankets, sheets or tarps covering their windows or parts of their vehicles tend to have ppl sleeping/living inside. Otherwise, here's a current list of vehicles on Carlos Ave:

- Green Van (covered in garbage) Toyota Sienna
CA 4Hbc890 with motor scooter (covered w/ sheets)
*possible mental health issues
- White Toyota Corolla CA 8FCF545
- Lt blue or silver Toyota CA 7nby323
- RV covered in graphitti Ca 7ybc433

I understand one of those vehicles is home to a couple with a baby who have already been placed in housing but continue to return because they "miss their friends"

It's reassuring to hear you validate this encampment is "Hollywood's largest and most entrenched", but instead of finding a balance officials need to establish order and enforce the law. I am not sure why the YWCA or Bridge Home shelters would have anything to do with a consistent police presence at the Carlos encampment—None of the ppl living here for the past year would live I either of those places and I can't imagine the police are actively involved in the construction.

When we met earlier this year, you spoke of an anchor to every encampment as if you had cracked the code. But from my POV it looks as if the LAPD is the anchor that keeps this encampment in place. (And comfortable in the fact they can keep coming back time and time again after repeated efforts to place them because they don't want to follow anyone's rules)

Who should we call when the LAPD ignore us? Other than "being patient" please advise us residents how to best report the overlooked and persistent disregard for our community (2 years strong) before the rats give us all typhus.

Until next time (...I have to stay up late on a work night to draft ANOTHER email)...

There are still ppl living in vehicles (though some are different...do you need me to send you every plate #/vehicle description for every suspect? It becomes uncomfortable if you're caught) in the same locations on Carlos. There is still discarded bulk item furniture parts on our lawn and still a tent on our lawn <10' from the bldg.

There are rules to what "campers" can and cannot do, correct? I know you have rules too... but there are rules that are enforceable if you choose to do so in this case, no?

What else can us residents do? Should we call non-emergency 877-ASK-LAPD? Should we report this to 311? What will yield results in which the law is regularly being enforced again?

Hello Greg,

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

If you have any questions please do not hesitate to email me directly.

Respectfully,
Officer Michael Benavente

The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour.

> You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave. Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,

I want to give some updates on what has been happening with the ho meless community on Carlos and Tamarind.

About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dust pan, and some trash bag

s. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Dia z, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation any more than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dust pan, and some trash bags. I made them about 20 breakfast tacos (I'm originally fro m Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a mo nth to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's wha t this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go arou nd them. They get angry about disturbing them. After all, they con sider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The tras h truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive arou nd here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner…

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bringing flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Just witnessed several people on the corner screaming at each other (Sat 23rd approx 3:45pm) , threatening to "cut" each other and blocking the cul de sac. After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Dear Sgt Geaney,

Yes, they're back (in numbers) and got even more boisterous! We know they're using the tree there as shade for the hot summer but if they're lying down there and more often than not, get on a party mood with drinks and all, they get pretty loud and unruly. It makes it even harder for pedestrians to pass through.

Dear Sergeant Shannon Geaney,

Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite sidewalk @ Carlos corner Tamarind. It leaves the pedestrians no choice but run the risk of being hit by oncoming vehicles because they have to walk RIGHT ON THE STREET, as both sidewalks facing each other (left and right) are no longer passable.

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

Thank you for your kind consideration.

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?

Just wait.

THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,

I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all,
they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

> Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/ and ask him to address your issues.

We will continue to use the means that are lawfully available to us to address the problem.

After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Hello! Can anyone tell me what's happening in our culdesac at the moment? Trying to get home and there are police cars blocking the way and a helicopter circling overhead. There are several police officers with guns walking around appearing to be looking for something. If you're home, I suggest not leaving and locking your doors!

Hi All,

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.
Thank you.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,

I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

Hello Everyone,

I live at 1762 N Tamarind. I saw the LAPD drive by this morning around 8:45am. There was already a group of four or five people sitting on the corner in the middle of the sidewalk and in the grass. I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

> Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

But today, the 26th, we can’t believe the homelessn ess situation here at Carlos Tamarind has even gotten worse...just a week to the date of our meeting.

I quote a message from one of us here:

"Almost one week to the date of our LAPD meeting it appears as though their regular patrols of the area have ended. There are now 6 tents snaking up Tamarind Ave towards your building. Brian"

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporar y” settlement area while waiting for your “budget/project”.

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

he side gate of 1762 N Tamarind around midnight. I encountered him o n my way home from work. I asked him politely to move and was vigorous ly threatened many times. I stayed polite, but firmly continued to ask to him to leave. His threats continued, but when I came ten minut es later to let in a friend, he was gone. I am a bigger guy, and I can han dle myself. There are a lot people who can't. It's not right that peo ple who pay rent and taxes to the city have to feel so unsafe where the ylive. I have sympathy for people in a bad situation, but this DRUGA

Whenever you have a moment, would it be possible to send us the locations that made it into the 30 spots? Our office found the map you had sent us in the past extremely helpful, and I was wondering if we can get it again this time as well?

Thanks in advance for everything!

I will send map after 10/15 when the applicants turn in their stuff which is the actual deadline.

In the meantime, here are your request:

I likely will honor them all possibly even the ones marked past 30
